DESCRIPTION

FIG. 1 is a perspective view of a blade holder in accordance with the present invention shown in its environment;
FIG. 2 is a perspective view of a blade holder in accordance with the present invention;
FIG. 3 is another perspective view of the blade holder in accordance with the present invention;
FIG. 4 is a top view of the blade holder in accordance with the present invention;
FIG. 5 is a bottom view of the blade holder in accordance with the present invention;
FIG. 6 is a side view of the blade holder in accordance with the present invention;
FIG. 7 is another side view of the blade holder in accordance with the present invention;
FIG. 8 is a front view of the blade holder in accordance with the present invention; and,
FIG. 9 is a rear view of the blade holder in accordance with the present invention.
The broken line showing of environmental structure is for illustrative purposes only and forms no part of the claimed design.
