(57) **CLAIM**

The ornamental design for a pair of handle sides for a folding knife, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view from the upper left front of a pair of handle sides for a folding knife, including our new design, wherein portions of a knife between the handle sides and portions of pivot pins are shown in broken line and are included merely for illustrative purposes and form no part of the claimed design.

FIG. 2 is a left side elevational view thereof, wherein portions of a knife between the handle sides and portions of pivot pins are shown in broken line and are included merely for illustrative purposes and form no part of the claimed design.

FIG. 3 is a top plan view thereof, wherein portions of a knife between the handle sides are shown in broken line and are included merely for illustrative purposes and form no part of the claimed design;

FIG. 4 is a bottom plan view thereof, wherein portions of a knife between the handle sides are shown in broken line and are included merely for illustrative purposes and form no part of the claimed design;

FIG. 5 is a right side elevational view thereof, wherein portions of a knife between the handle sides and portions of pivot pins are shown in broken line and are included merely for illustrative purposes and form no part of the claimed design;

FIG. 6 is a front end elevational view thereof, wherein portions of a knife between the handle sides are shown in broken line and are included merely for illustrative purposes and form no part of the claimed design; and,

FIG. 7 is a rear end elevational view thereof, wherein portions of a knife between the handle sides are shown in broken line and are included merely for illustrative purposes and form no part of the claimed design.
