(57) **CLAIM**

We claim the ornamental design for bed piers, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of bed piers according to an embodiment of the invention.

FIG. 2 is a front elevational view of the left portion of bed piers according to an embodiment of the invention.

FIG. 3 is a left side elevational view of the left portion of bed piers according to an embodiment of the invention.

FIG. 4 is a right side elevational view of the left portion of bed piers according to an embodiment of the invention.

FIG. 5 is a top plan view of the left portion of bed piers according to an embodiment of the invention.

FIG. 6 is a front elevational view of the right portion of bed piers according to an embodiment of the invention.

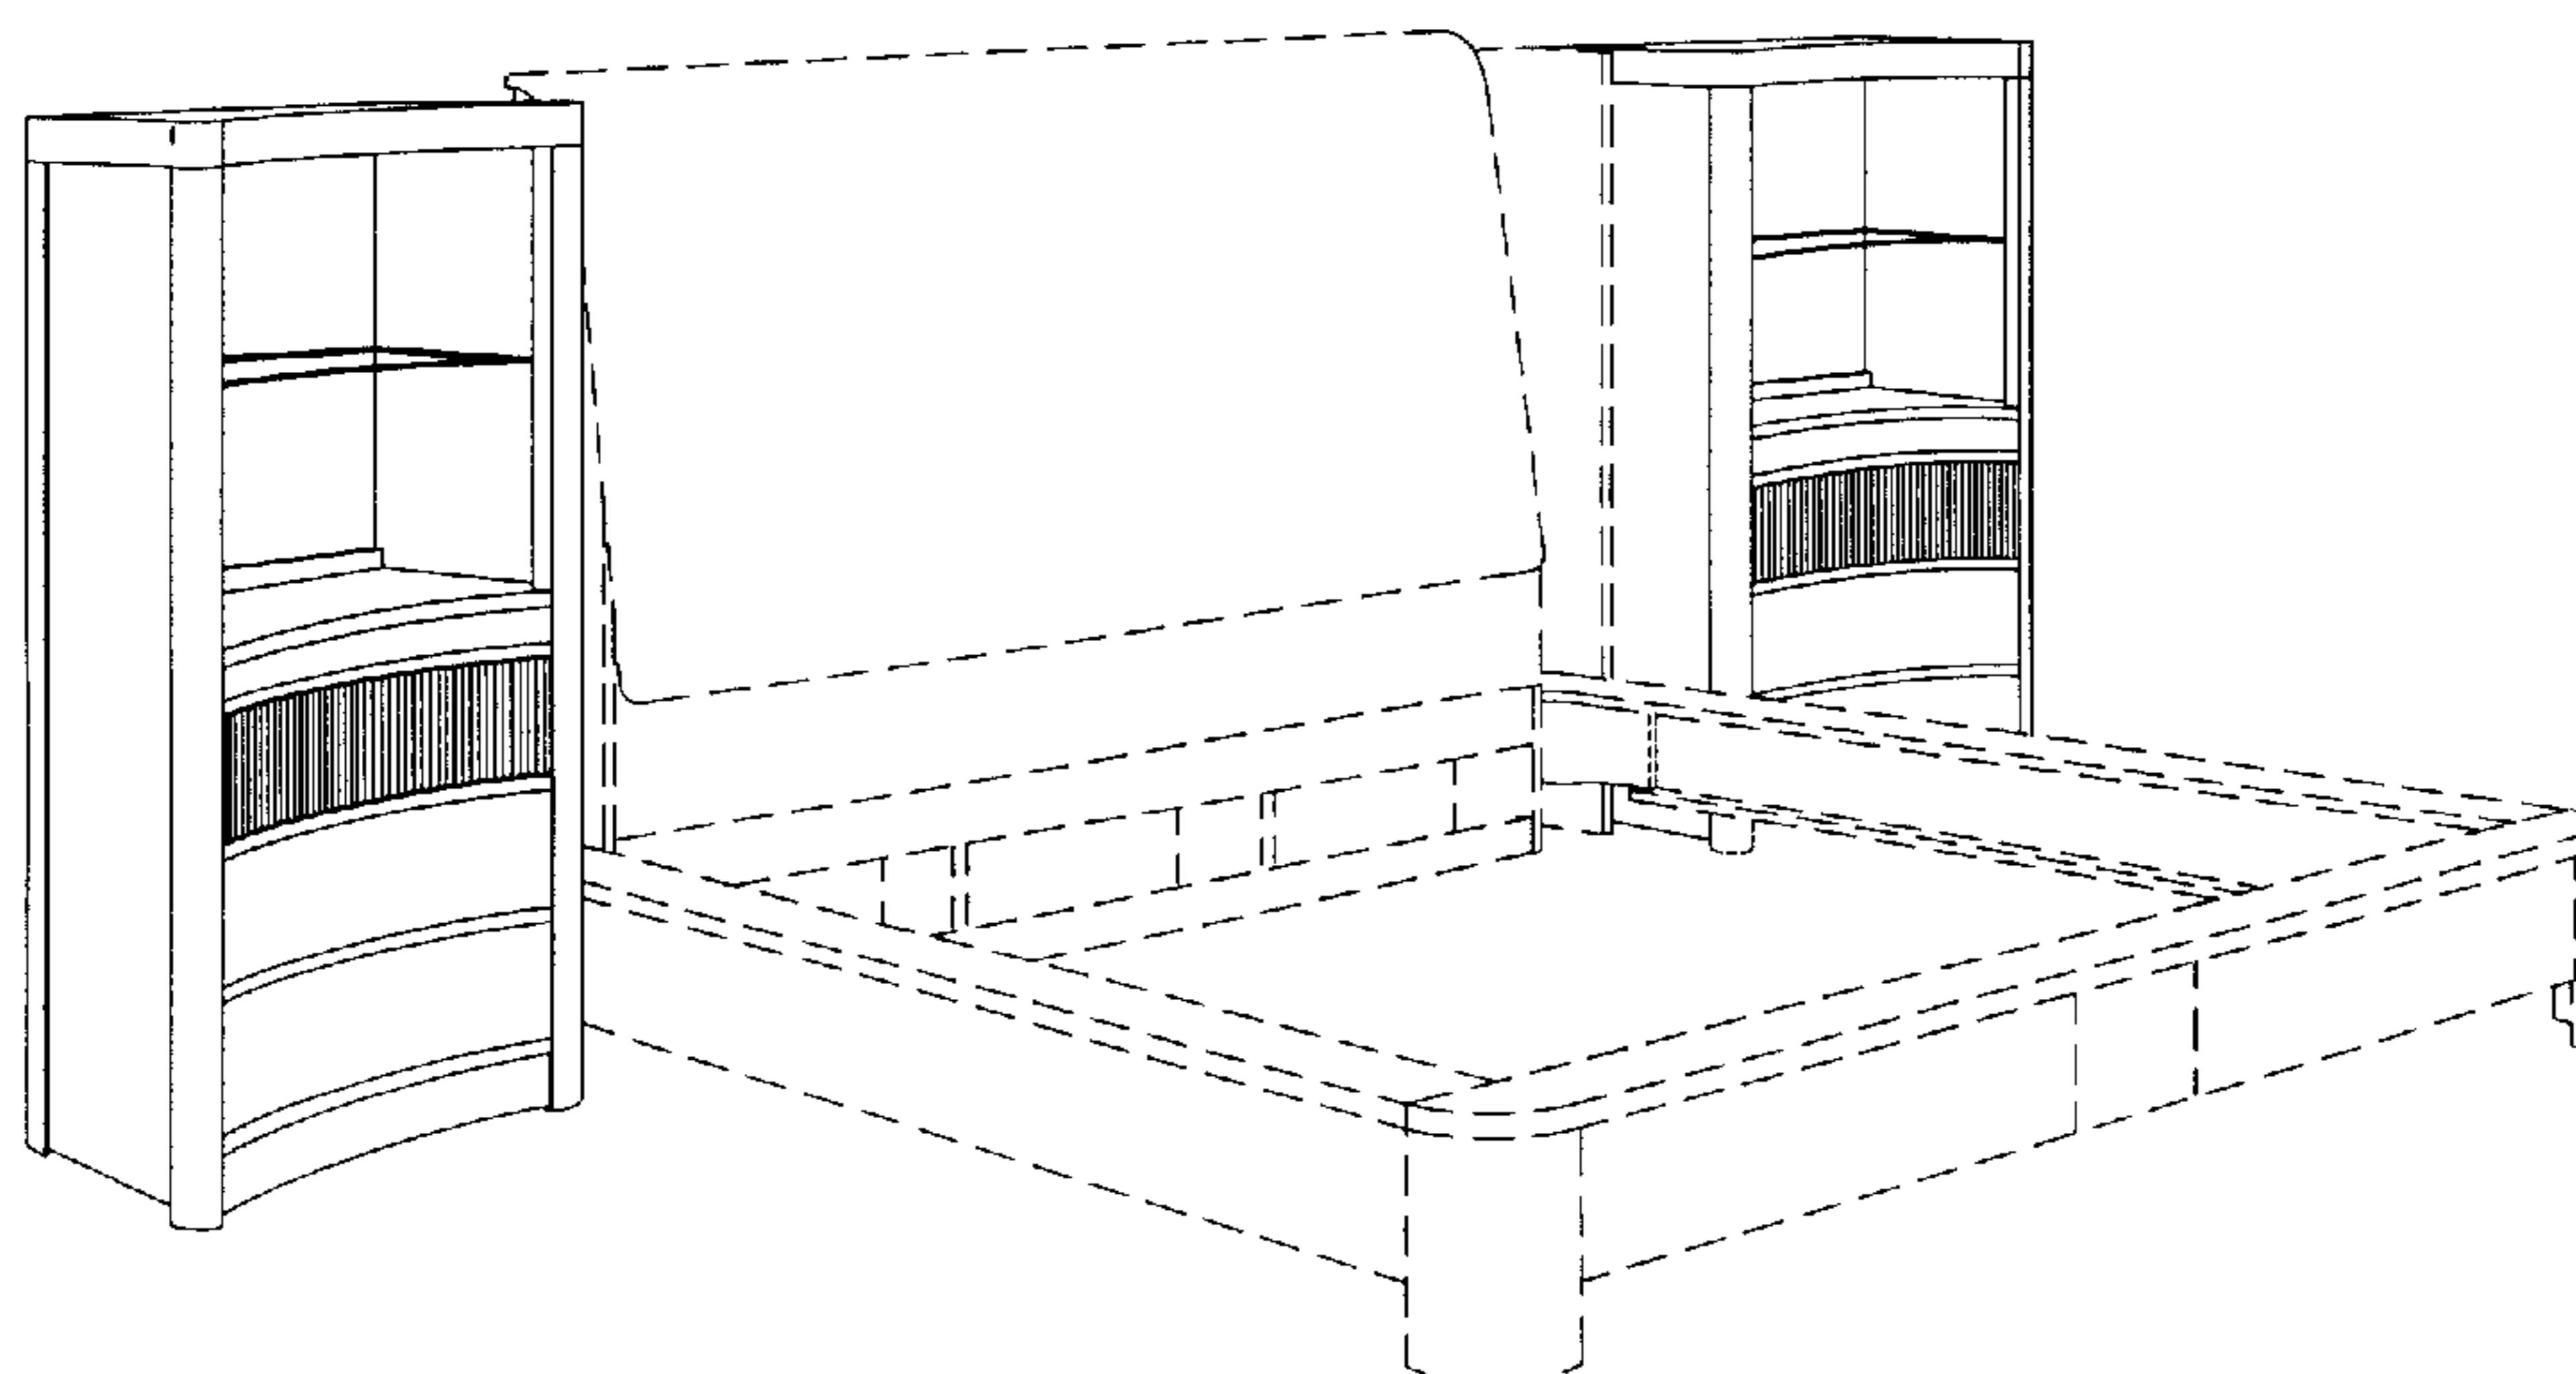

FIG. 7 is a left side elevational view of the right portion of bed piers according to an embodiment of the invention.

FIG. 8 is a right side elevational view of the right portion of bed piers according to an embodiment of the invention; and,

FIG. 9 is a top plan view of the right portion of bed piers according to an embodiment of the invention.

The dashed lines represent environmental elements only and form no part of the claimed design.
