(57) **CLAIM**

The ornamental design for a surgical aiming device, as shown and described.

DESCRIPTION

In use, the surgical aiming device interacts with a basis for surgical aiming device, the details of which are shown and described in co-pending U.S. Design patent application No. 29/209,626, entitled Basis for Surgical Aiming Device, filed on even date herewith, the entire disclosure of which is incorporated herein by reference.

FIG. 1 is a perspective view of the surgical aiming device;

FIG. 2 is top view of the surgical aiming device;

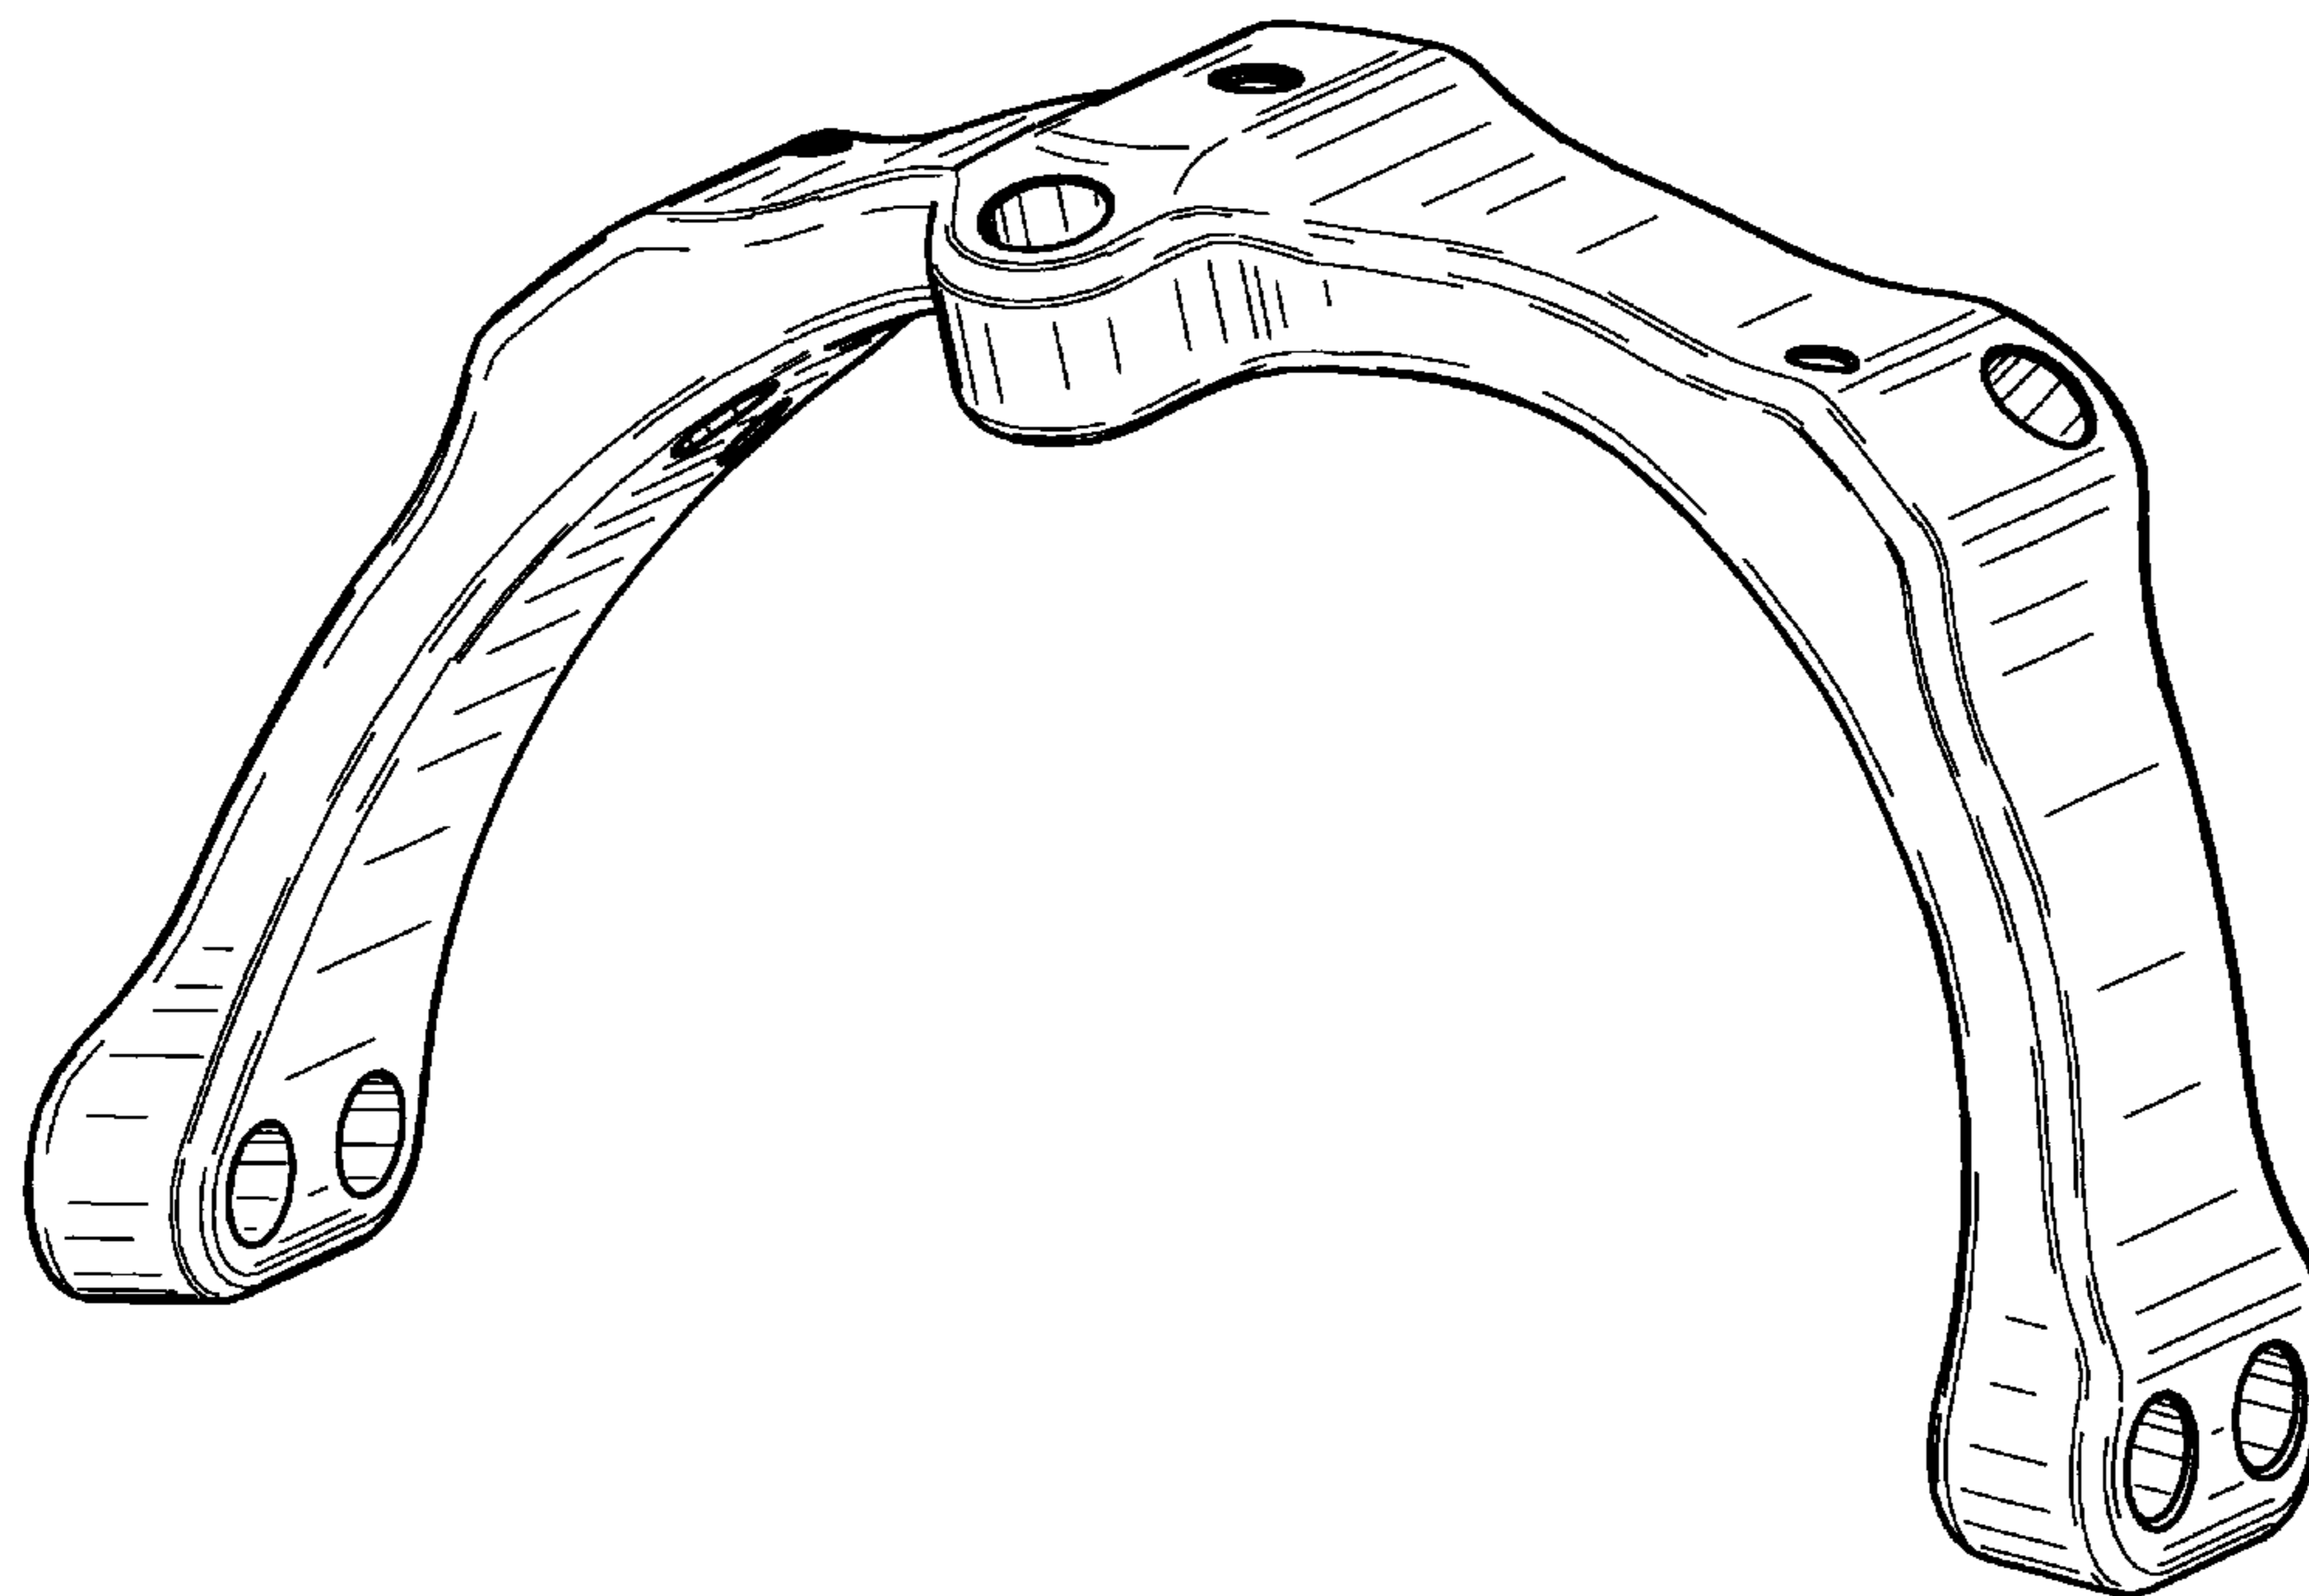

FIG. 3 is a right side view of the surgical aiming device;

FIG. 4 is a left side view of the surgical aiming device;

FIG. 5 is a rear view of the surgical aiming device; and,

FIG. 6 is a front view of the surgical aiming device.

1 Claim, 6 Drawing Sheets
