(57) **CLAIM**

The ornamental design for a telescoping curtain rod for a shower or bath enclosure, as shown and described.

DESCRIPTION

FIG. 1 is a reduced front, top, left isometric, view of a telescoping curtain rod for a shower or bath enclosure mounted to a portion of a shower or bath enclosure with the telescoping rod illustrated in fully extended position, showing my new design.

FIG. 2 is a front, top, left isometric view of an telescoping curtain rod for a shower or bath enclosure with the telescoping rod in a retracted position.

FIG. 3 is a top plan view of the telescoping curtain rod for a shower or bath enclosure of FIG. 2, the bottom plan view is a mirror image of the top plan view.

FIG. 4 is a front elevational view of the telescoping curtain rod for a shower or bath enclosure of FIG. 2.

FIG. 5 is a right side elevational view of the telescoping curtain rod for a shower or bath enclosure of FIG. 2.

FIG. 6 is a rear elevational view of the telescoping curtain rod for a shower or bath enclosure of FIG. 2; and,

FIG. 7 is a left side elevational view of the telescoping curtain rod for a shower or bath enclosure of FIG. 2.

The broken lines in the figures are for illustrative purposes only and form no part of the claimed design. In FIG. 1, the trapezoidal areas in the broken line represent portions of the shower or bath enclosure, which forms no part of the claimed design.
