(57) **CLAIM**

The ornamental design for a musical instrument digital interface server, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a musical instrument digital interface server showing my design; and, FIG. 2 is a rear perspective view thereof.

The bottom of the server is flat with four feet and a removable access panel as shown on the top in FIGS. 1 and 2 and both the left and right sides have air ventilation slots as illustrated in the figures.
