(57) **CLAIM**

The ornamental design for a fabric construction, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a fabric construction embodying my design;

FIG. 2 is a left side end view thereof along lines 2—2 as seen in FIG. 1;

FIG. 3 is a right side elevational view thereof along lines 3—3 as seen in FIG. 1;

FIG. 4 is a front elevational view thereof along lines 4—4 as seen in FIG. 1;

FIG. 5 is a rear elevational view thereof along lines 5—5 as seen in FIG. 1; and,

FIG. 6 is a bottom plan view thereof.

The lines and arrows in FIG. 1 indicate the viewpoint of FIGS. 2 through 5. The first set of arrows, adjacent their respective reference figure numbers, indicate the direction from which the figure view is seen, and the second set of arrows, attached at the ends of their respective first arrows and perpendicular to those arrows, indicate the depth of those views depicted. For clarity of depiction, only the edge of the design back to the point indicated by the second set of arrows is shown in the left, right, front and rear views (FIGS. 2 through 5). The arrows, associated lines and reference numbers form no part of the claimed design.
