(57)**CLAIM**

The ornamental design for a cable connector, as shown and described.

DESCRIPTION

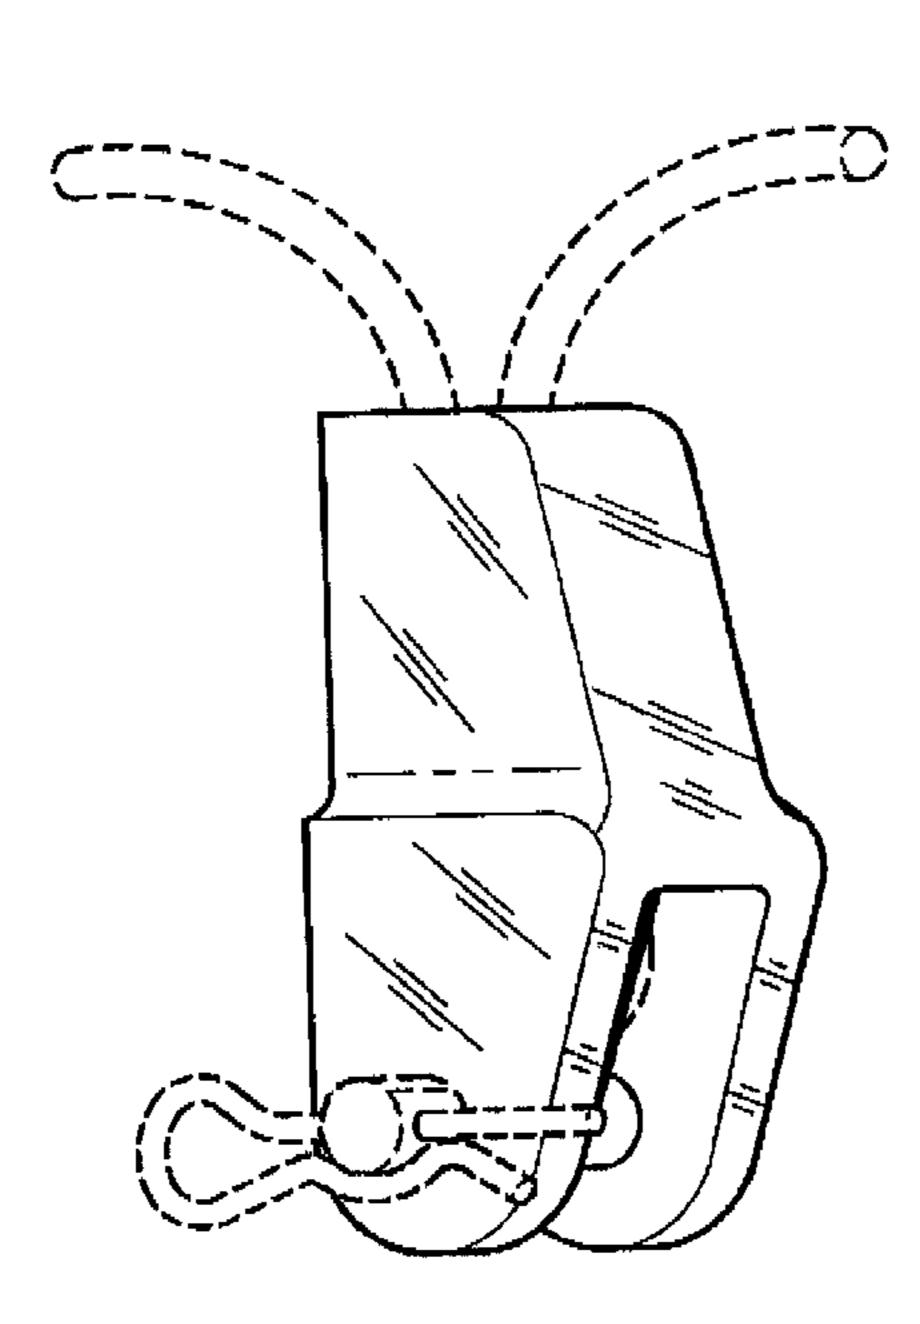

FIG. 1 is a perspective view of the cable connector.

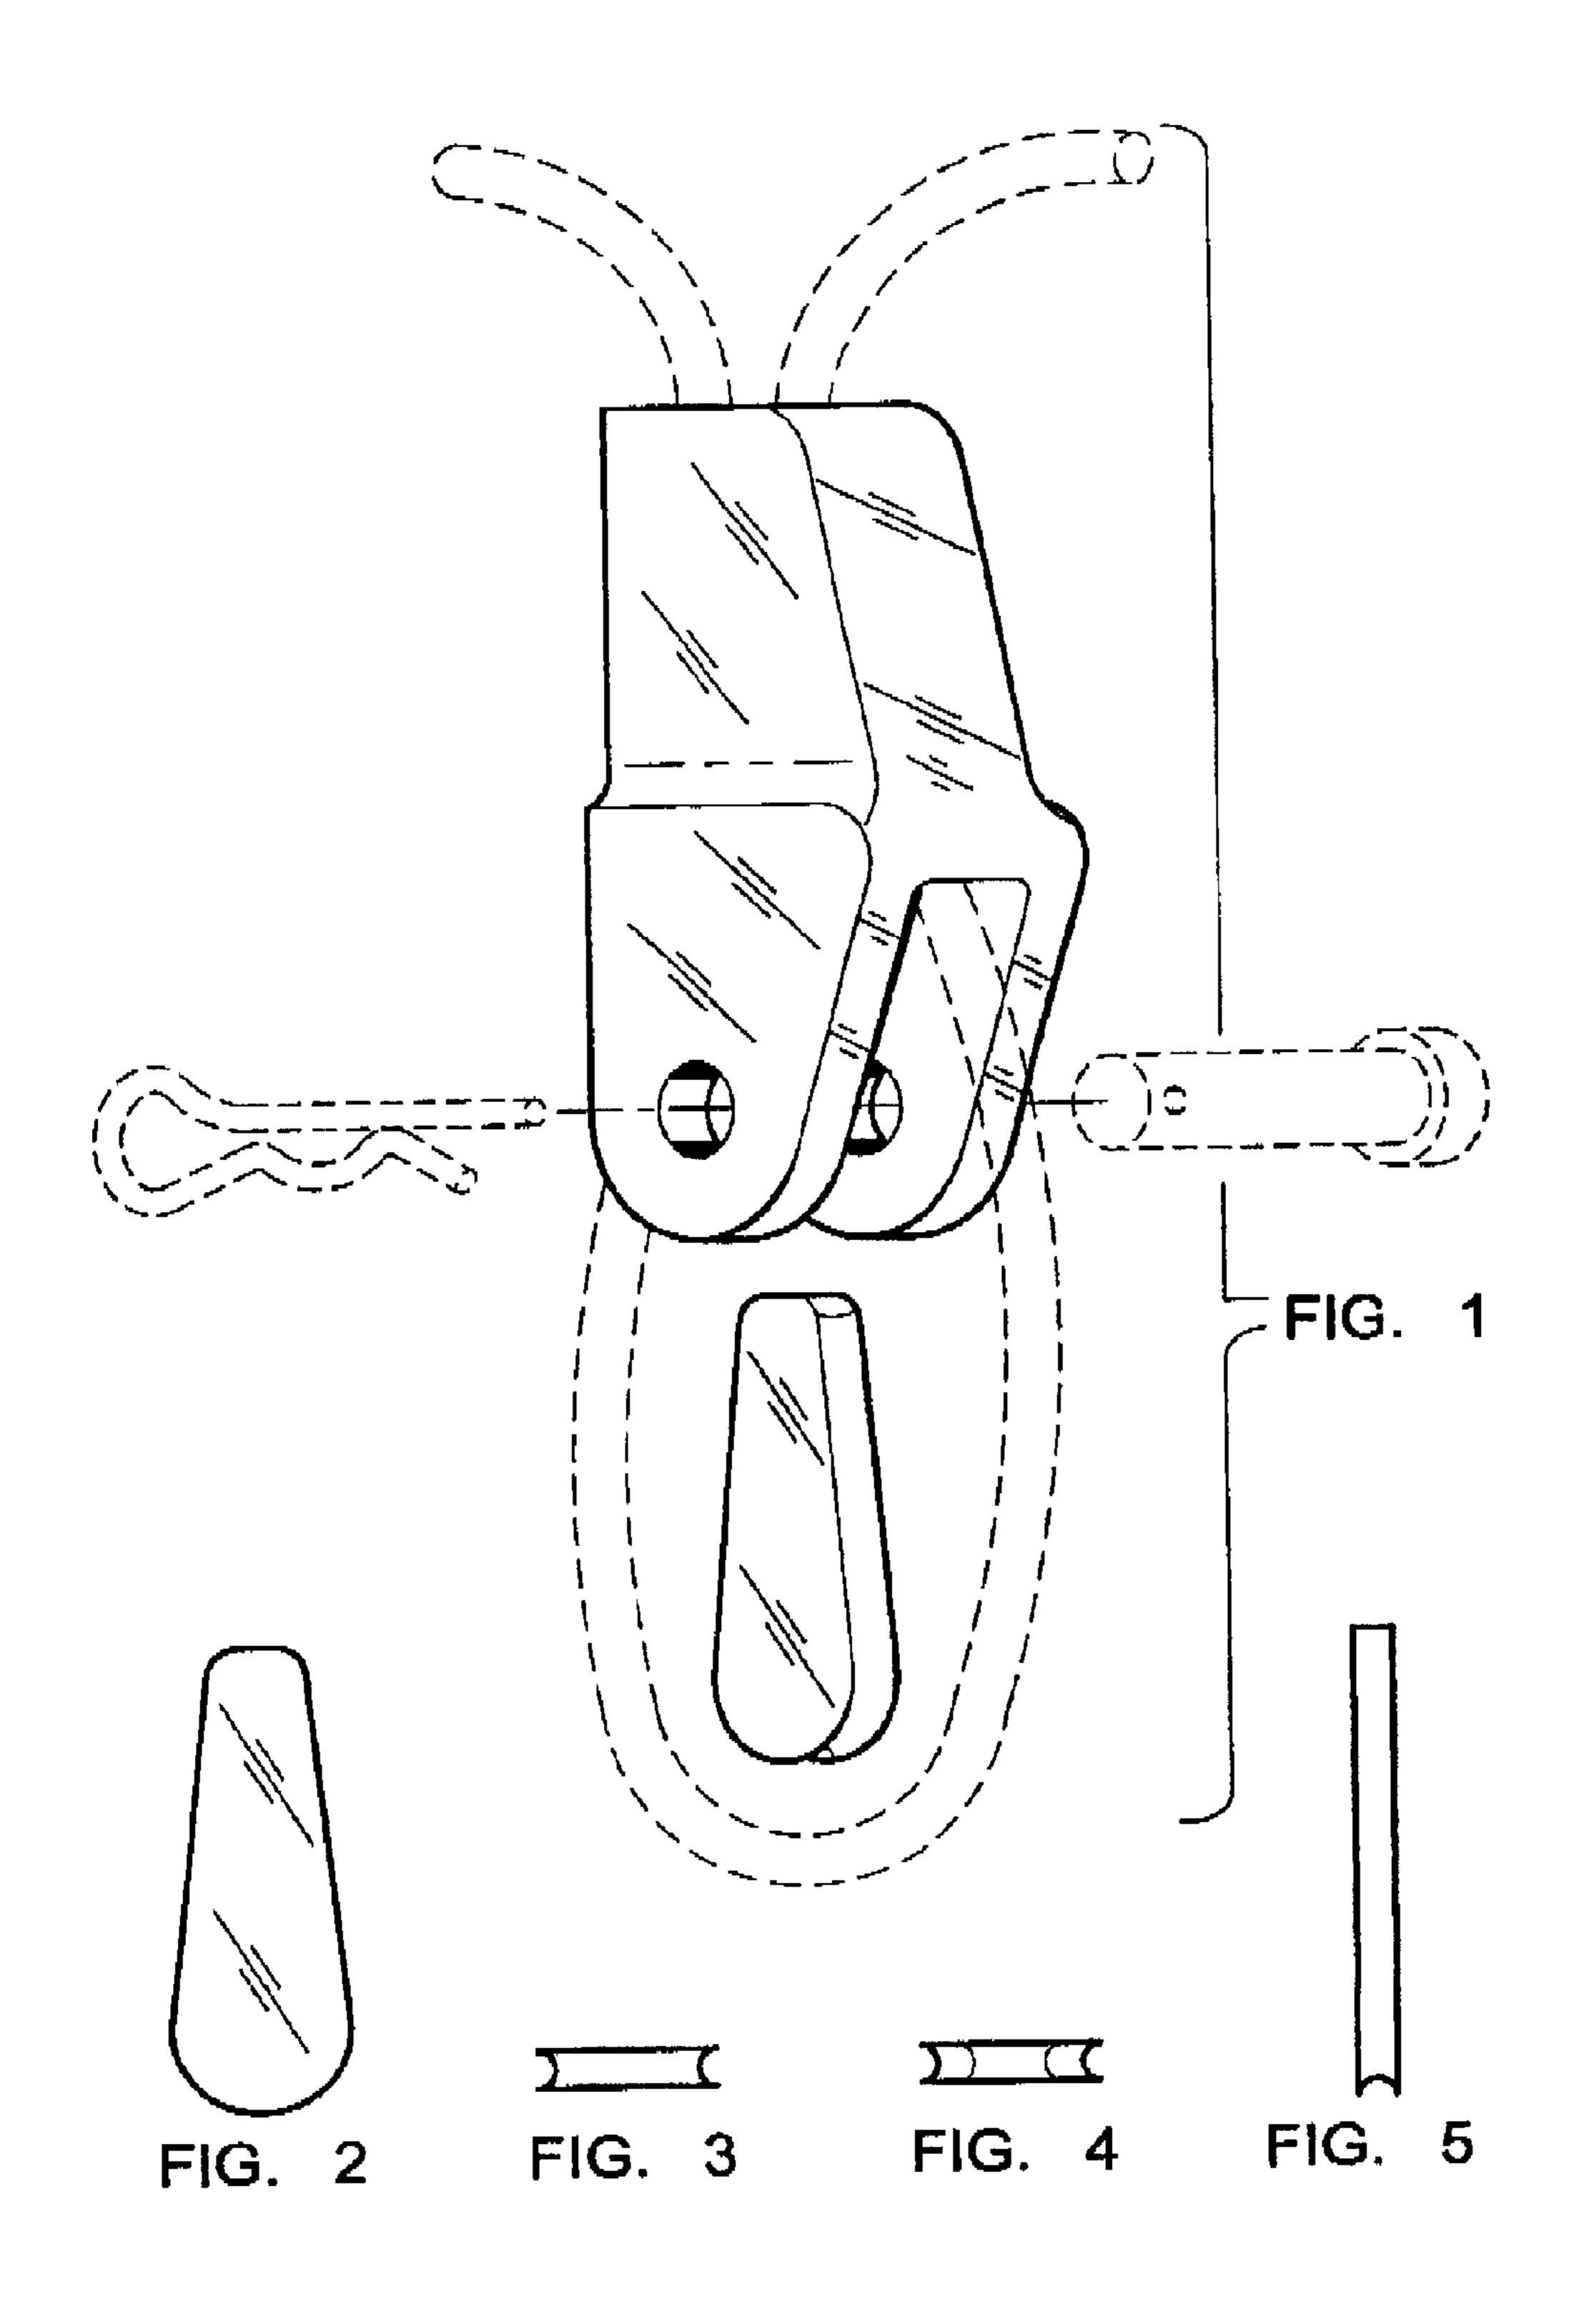

- FIG. 2 is a front elevational view of a wedge of the cable connector, the rear elevational view being identical.
- FIG. 3 is a bottom plan view of the wedge of the cable connector.
- FIG. 4 is a top plan view of the wedge of the cable connector.
- FIG. 5 is a right side elevational view of the wedge of the cable connector, the left side elevational view being identical.
- FIG. 6 is a left side elevational view of a connector body of the cable connector.
- FIG. 7 is a top plan view of the connector body of the cable connector.
- FIG. 8 is a front elevational view of the connector body of the cable connector.
- FIG. 9 is a bottom plan view of the connector body of the cable connector.
- FIG. 10 is a rear elevational view of the connector body of the cable connector.
- FIG. 11 is a right side elevational view of a connector body of the cable connector; and,
- FIG. 12 is a perspective view of the cable connector, as assembled.

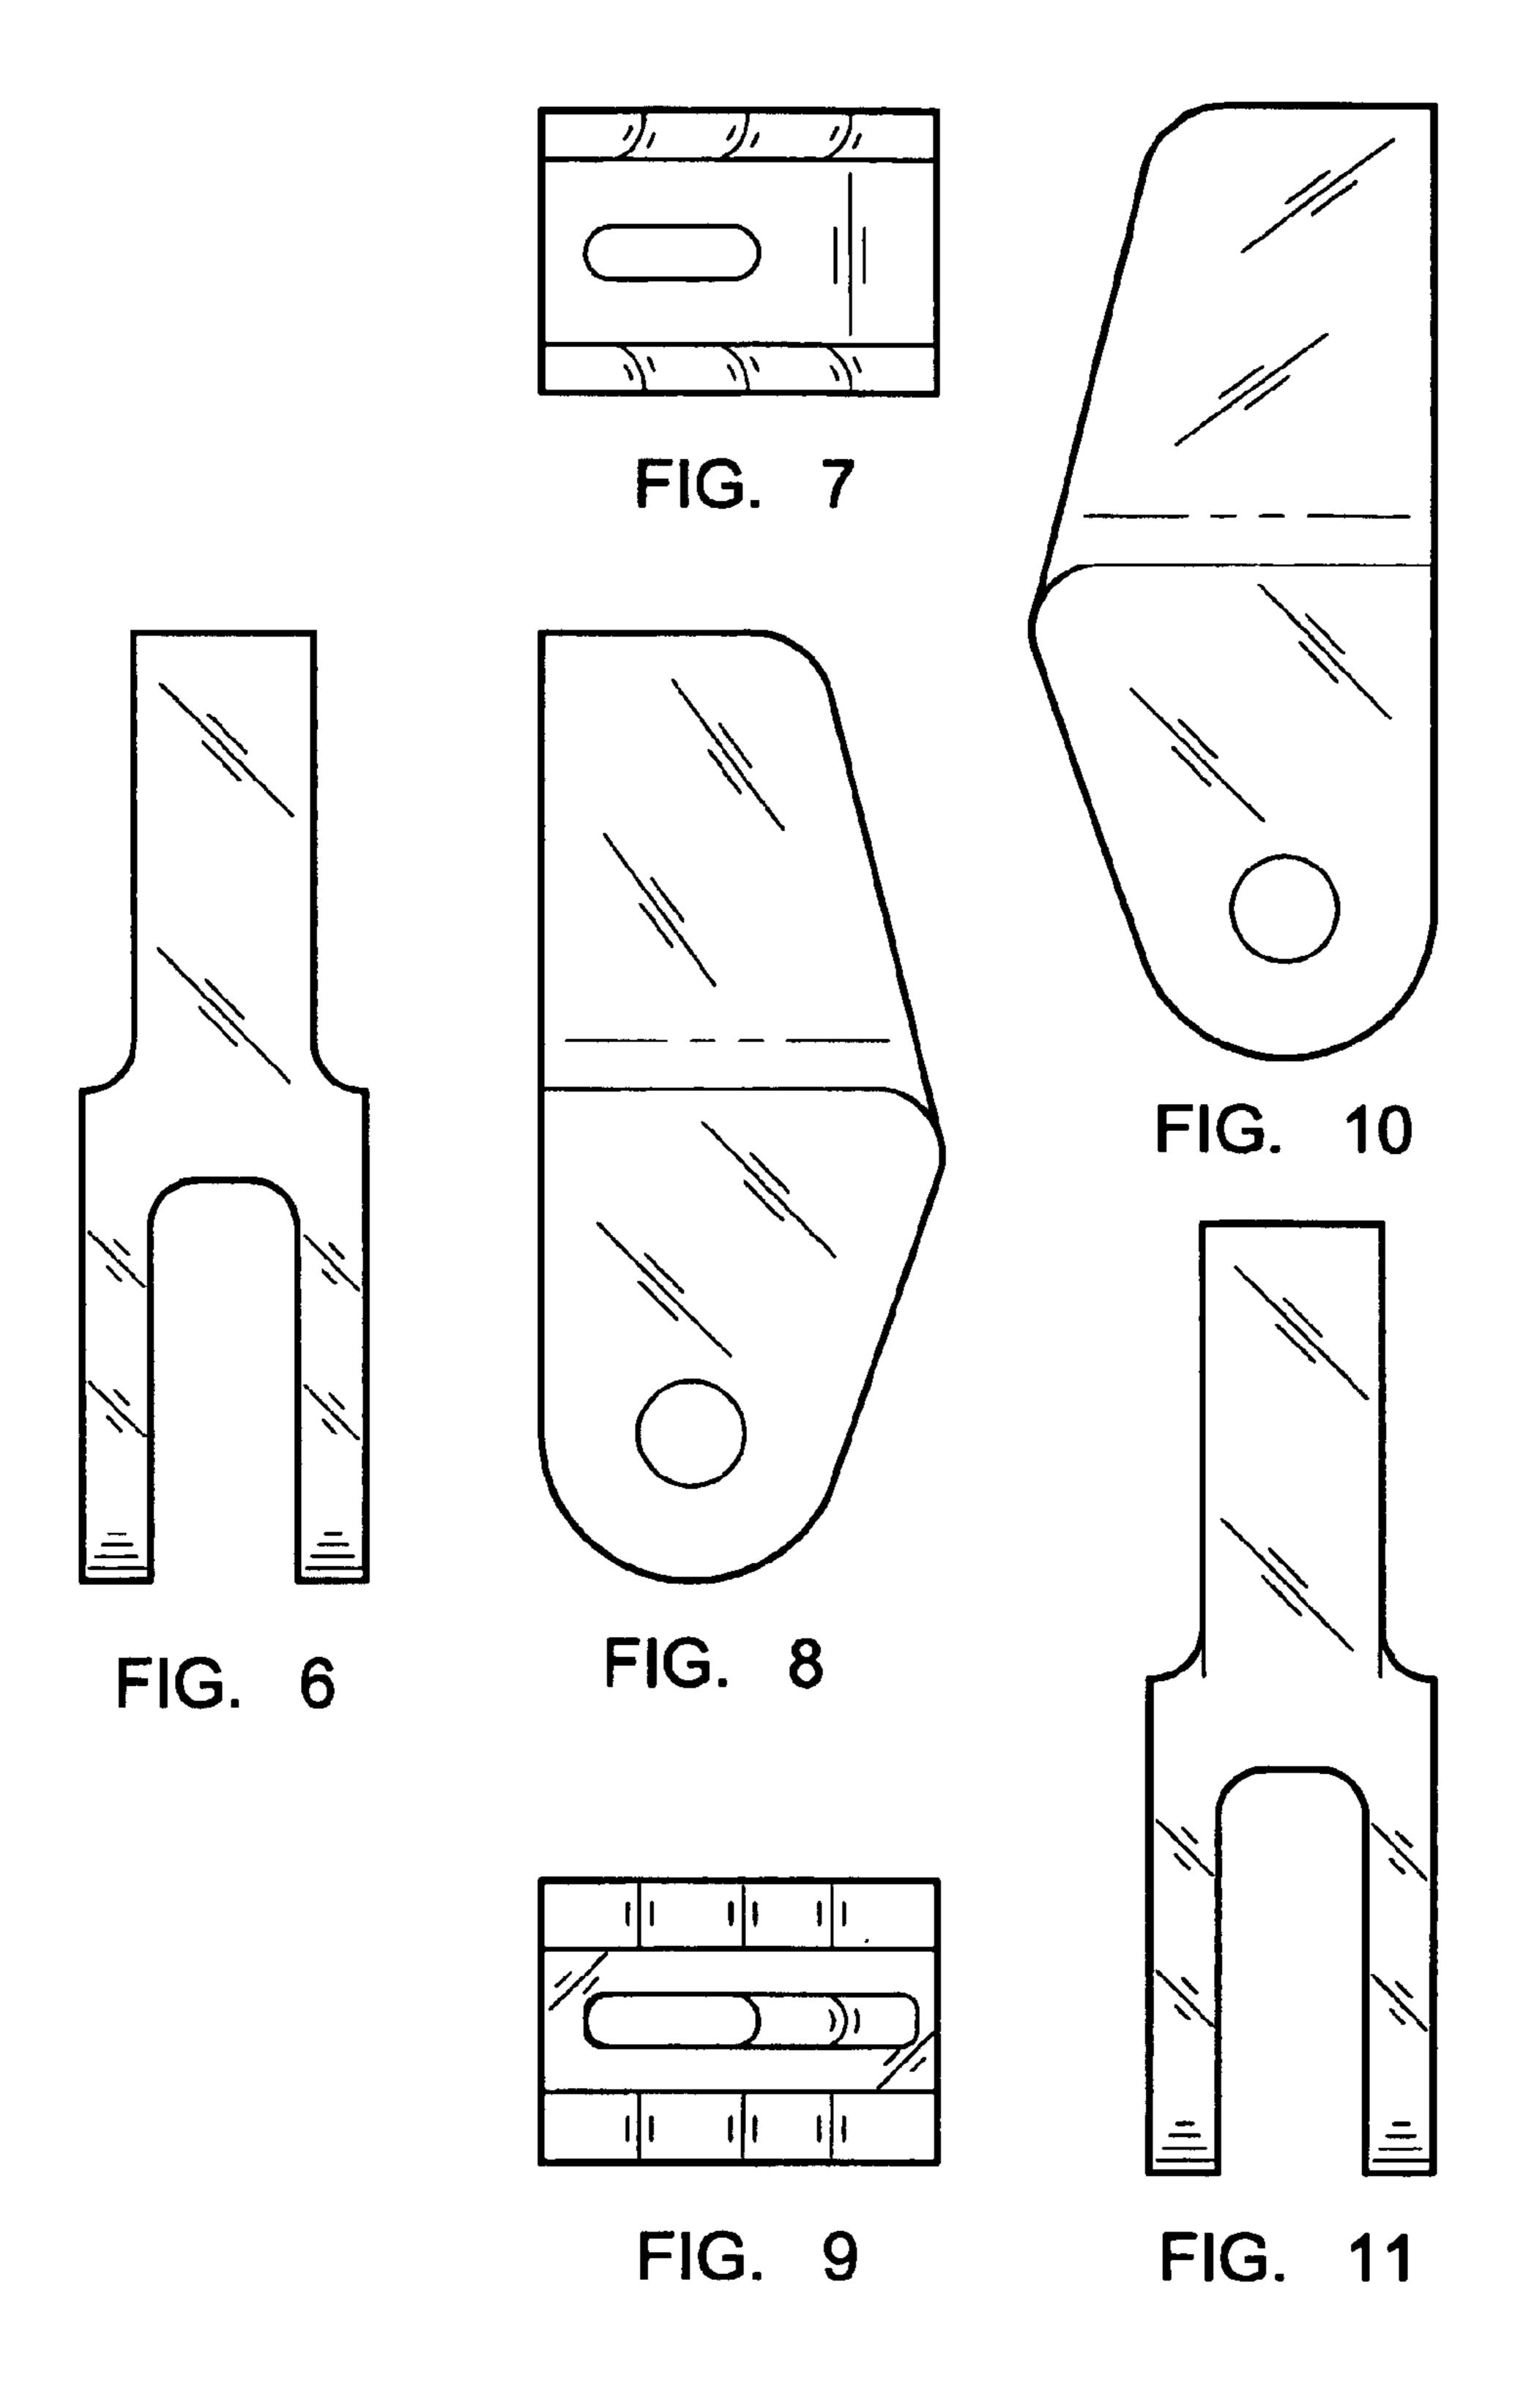

The broken lines shown in FIGS. 1–11 are included for the purpose of illustrating environmental elements only and form no part of the claimed design.

The elements of the claimed design are shown separately for ease and clarity of illustration.
