(57) **CLAIM**

The ornamental design for a fabric-wrapped sunglasses with attached sun hat, as shown and described.

DESCRIPTION

An article embodying the design as shown in the present application is in the nature of sunglasses having a fabric material on all surfaces except the lenses with an attached sun hat. This article is particularly intended for use by infants and toddlers.

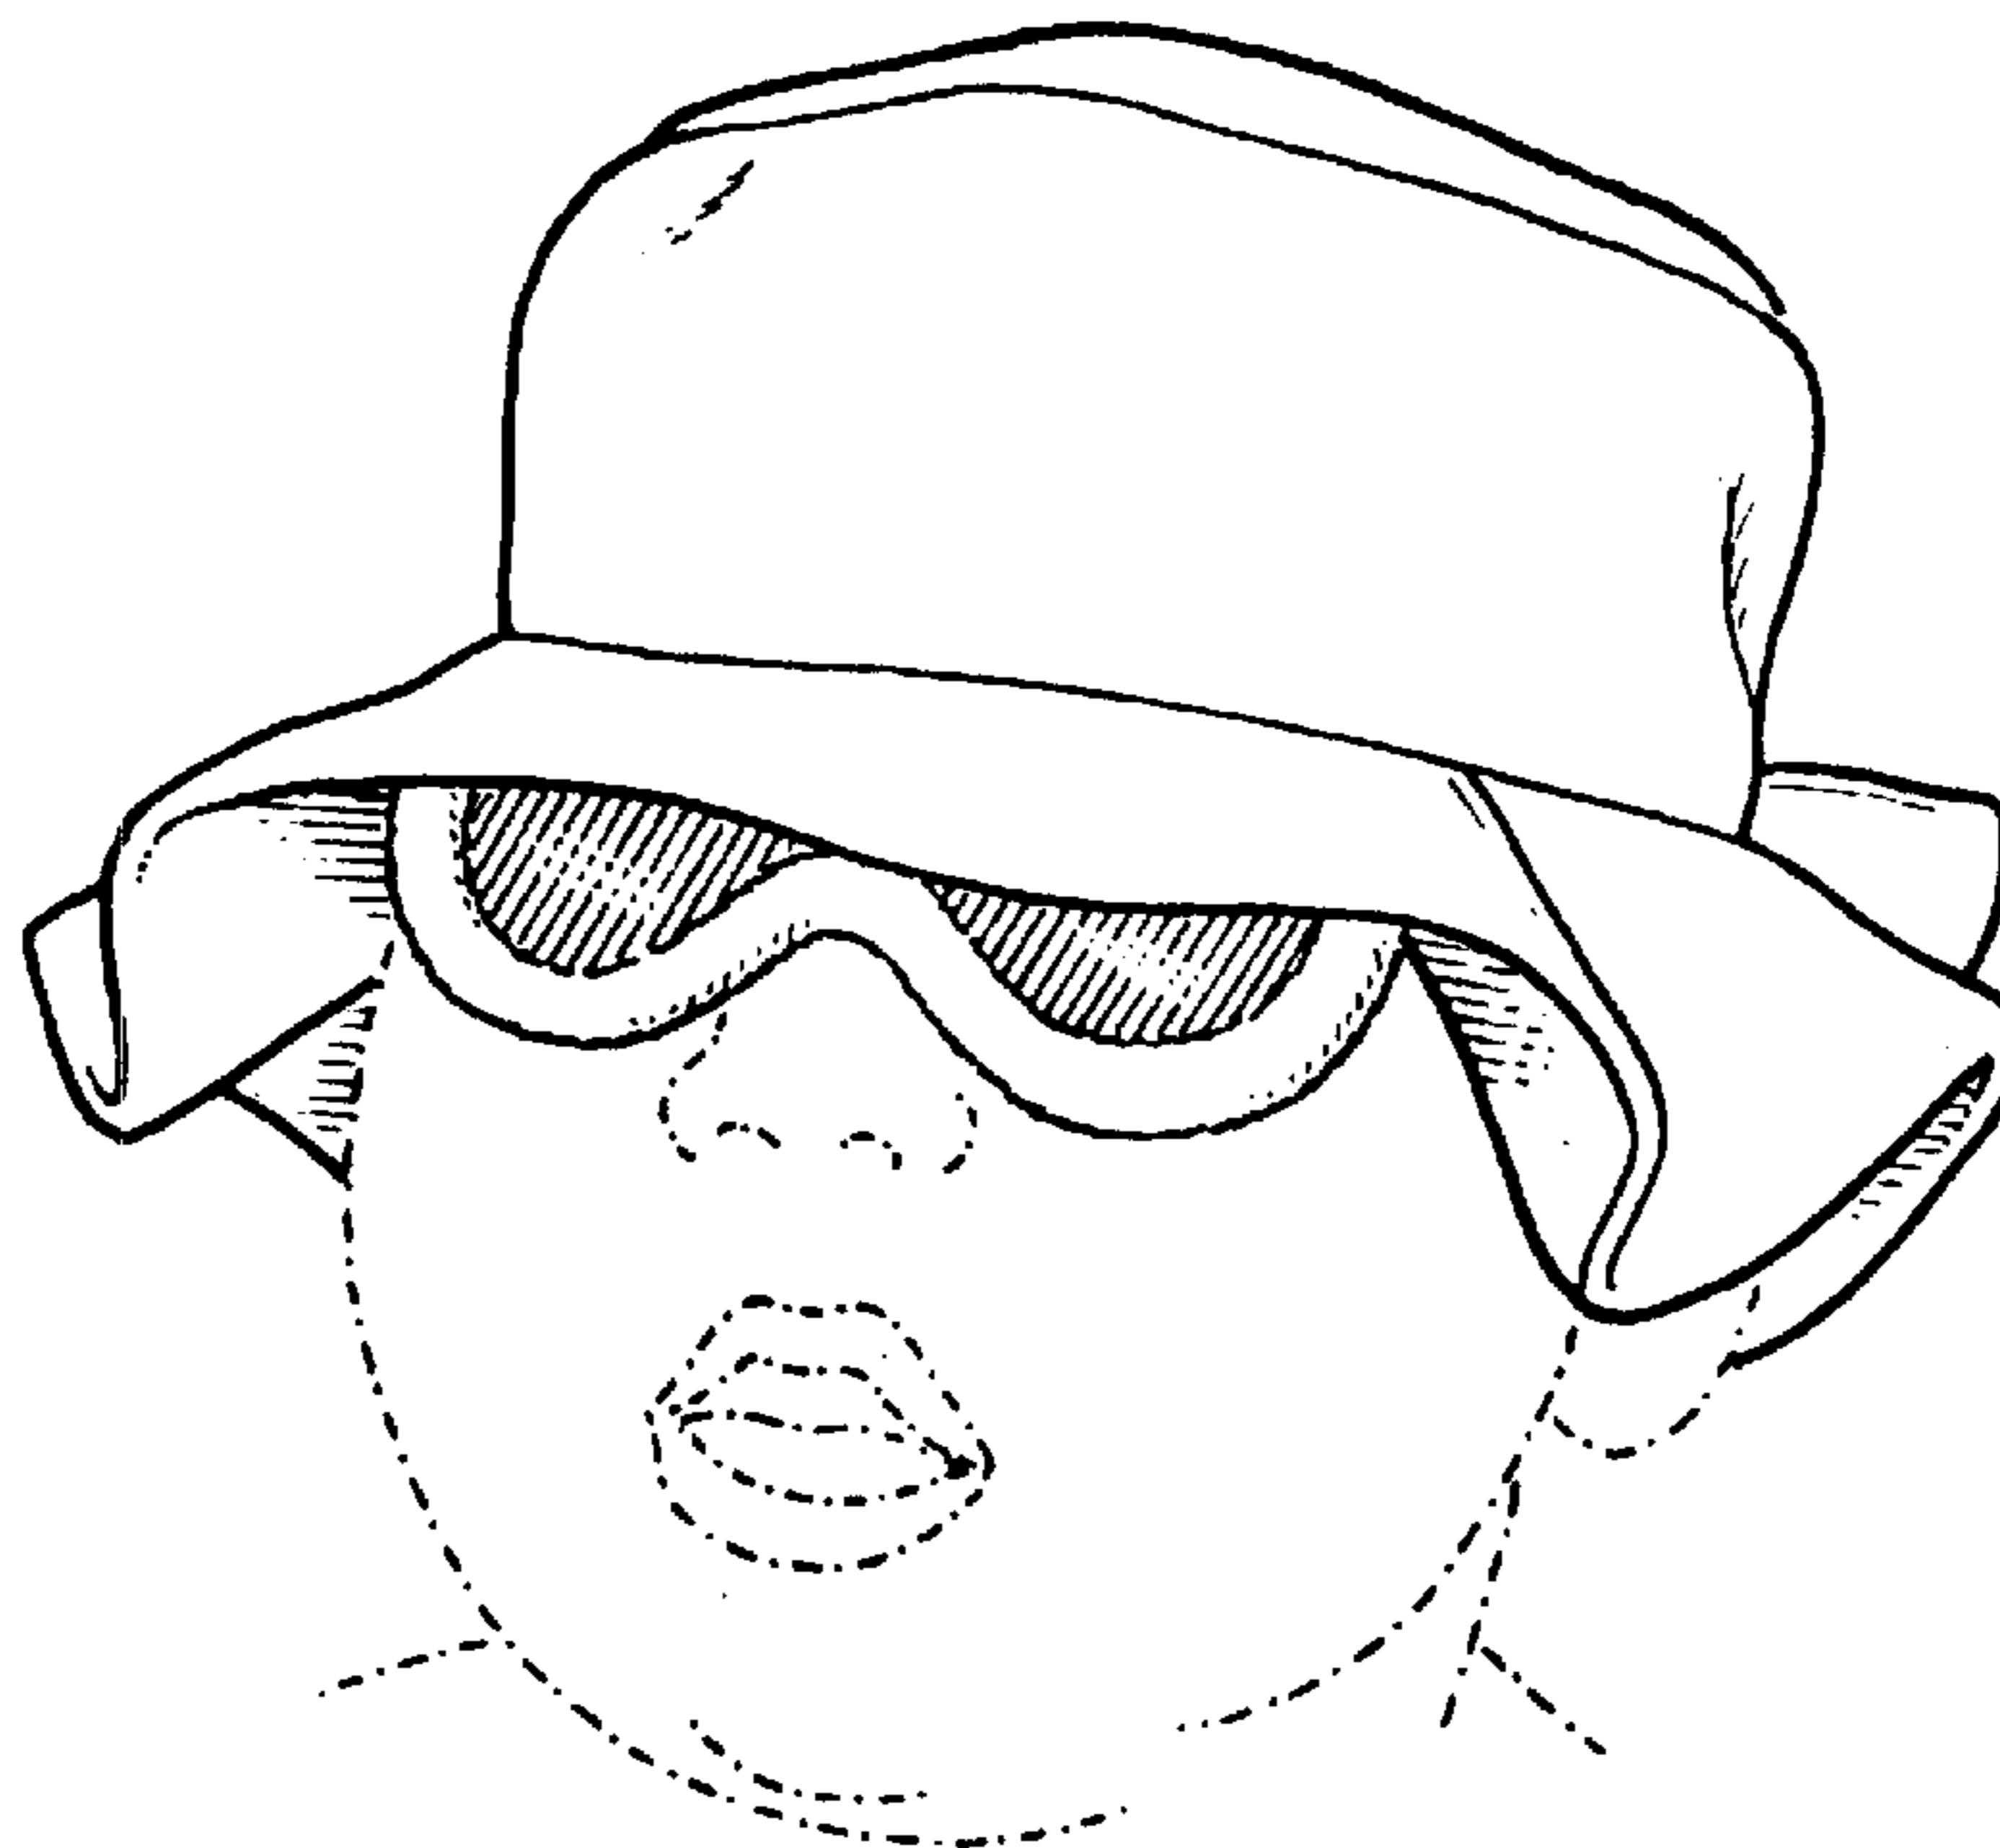

FIG. 1 is a perspective view of the fabric-wrapped sunglasses with attached sun hat of the present invention positioned on an infant. The broken line showing infant form is for illustrative purposes only and forms no part of the claimed design.

FIG. 2 is a perspective view of the fabric-wrapped sunglasses with attached sun hat of the present invention.

FIG. 3 is a side view of the of the fabric-wrapped sunglasses with attached sun hat of the present invention. The other side view is a mirror image of this view; and,

FIG. 4 is a back view of the fabric-wrapped sunglasses with attached sun hat of the present invention.
