(57) **CLAIM**

The ornamental design for a bicycle shift control lever, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of the bicycle shift control lever in accordance with my new design;
FIG. **2** is a first side elevational view of the bicycle shift control lever in accordance with my new design of FIG. **1**;
FIG. **3** is a second side elevational view of the bicycle shift control lever in accordance with my new design of FIGS. **1** and **2**;
FIG. **4** is a first axial end elevational view of the bicycle shift control lever in accordance with my new design of FIGS. **1–3**;
FIG. **5** is a second avial end elevational view of the bicycle shift control lever in accordance with my new design of FIGS. **1–4**;
FIG. **6** is a top plan view of the bicycle shift control lever in accordance with my new design of FIGS. **1–5**; and,
FIG. **7** is a bottom plan view of the bicycle shift control lever in accordance with my new design of FIGS. **1–6**.
The numbers shown on the display and the "plus" sign and the "minus" sign on the operating members which are shown in broken lines are hereby disclaimed and form no part of the claimed design.
