(57) **CLAIM**

The ornamental design for a plush sunglasses with attached cap, as shown and described.

**DESCRIPTION**

An article embodying the design as shown in the present application is in the nature of sunglasses with an attached cap having a soft, plush material on all surfaces except the lenses. This article is particularly intended for use by infants and toddlers.

FIG. 1 is a perspective view of the plush sunglasses with attached cap of the present invention positioned on an infant. FIG. 2 is a perspective view of the plush sunglasses with attached cap of the present invention.

FIG. 3 is a lowered back view of the plush sunglasses with attached cap of the present invention; and,

FIG. 4 is a side view of the plush sunglasses with attached cap of the present invention. The other side view is a mirror image of this view.

The broken lines shown in FIG. 1 are for illustrative purposes only and form no part of the claimed design.

**1 Claim, 2 Drawing Sheets**

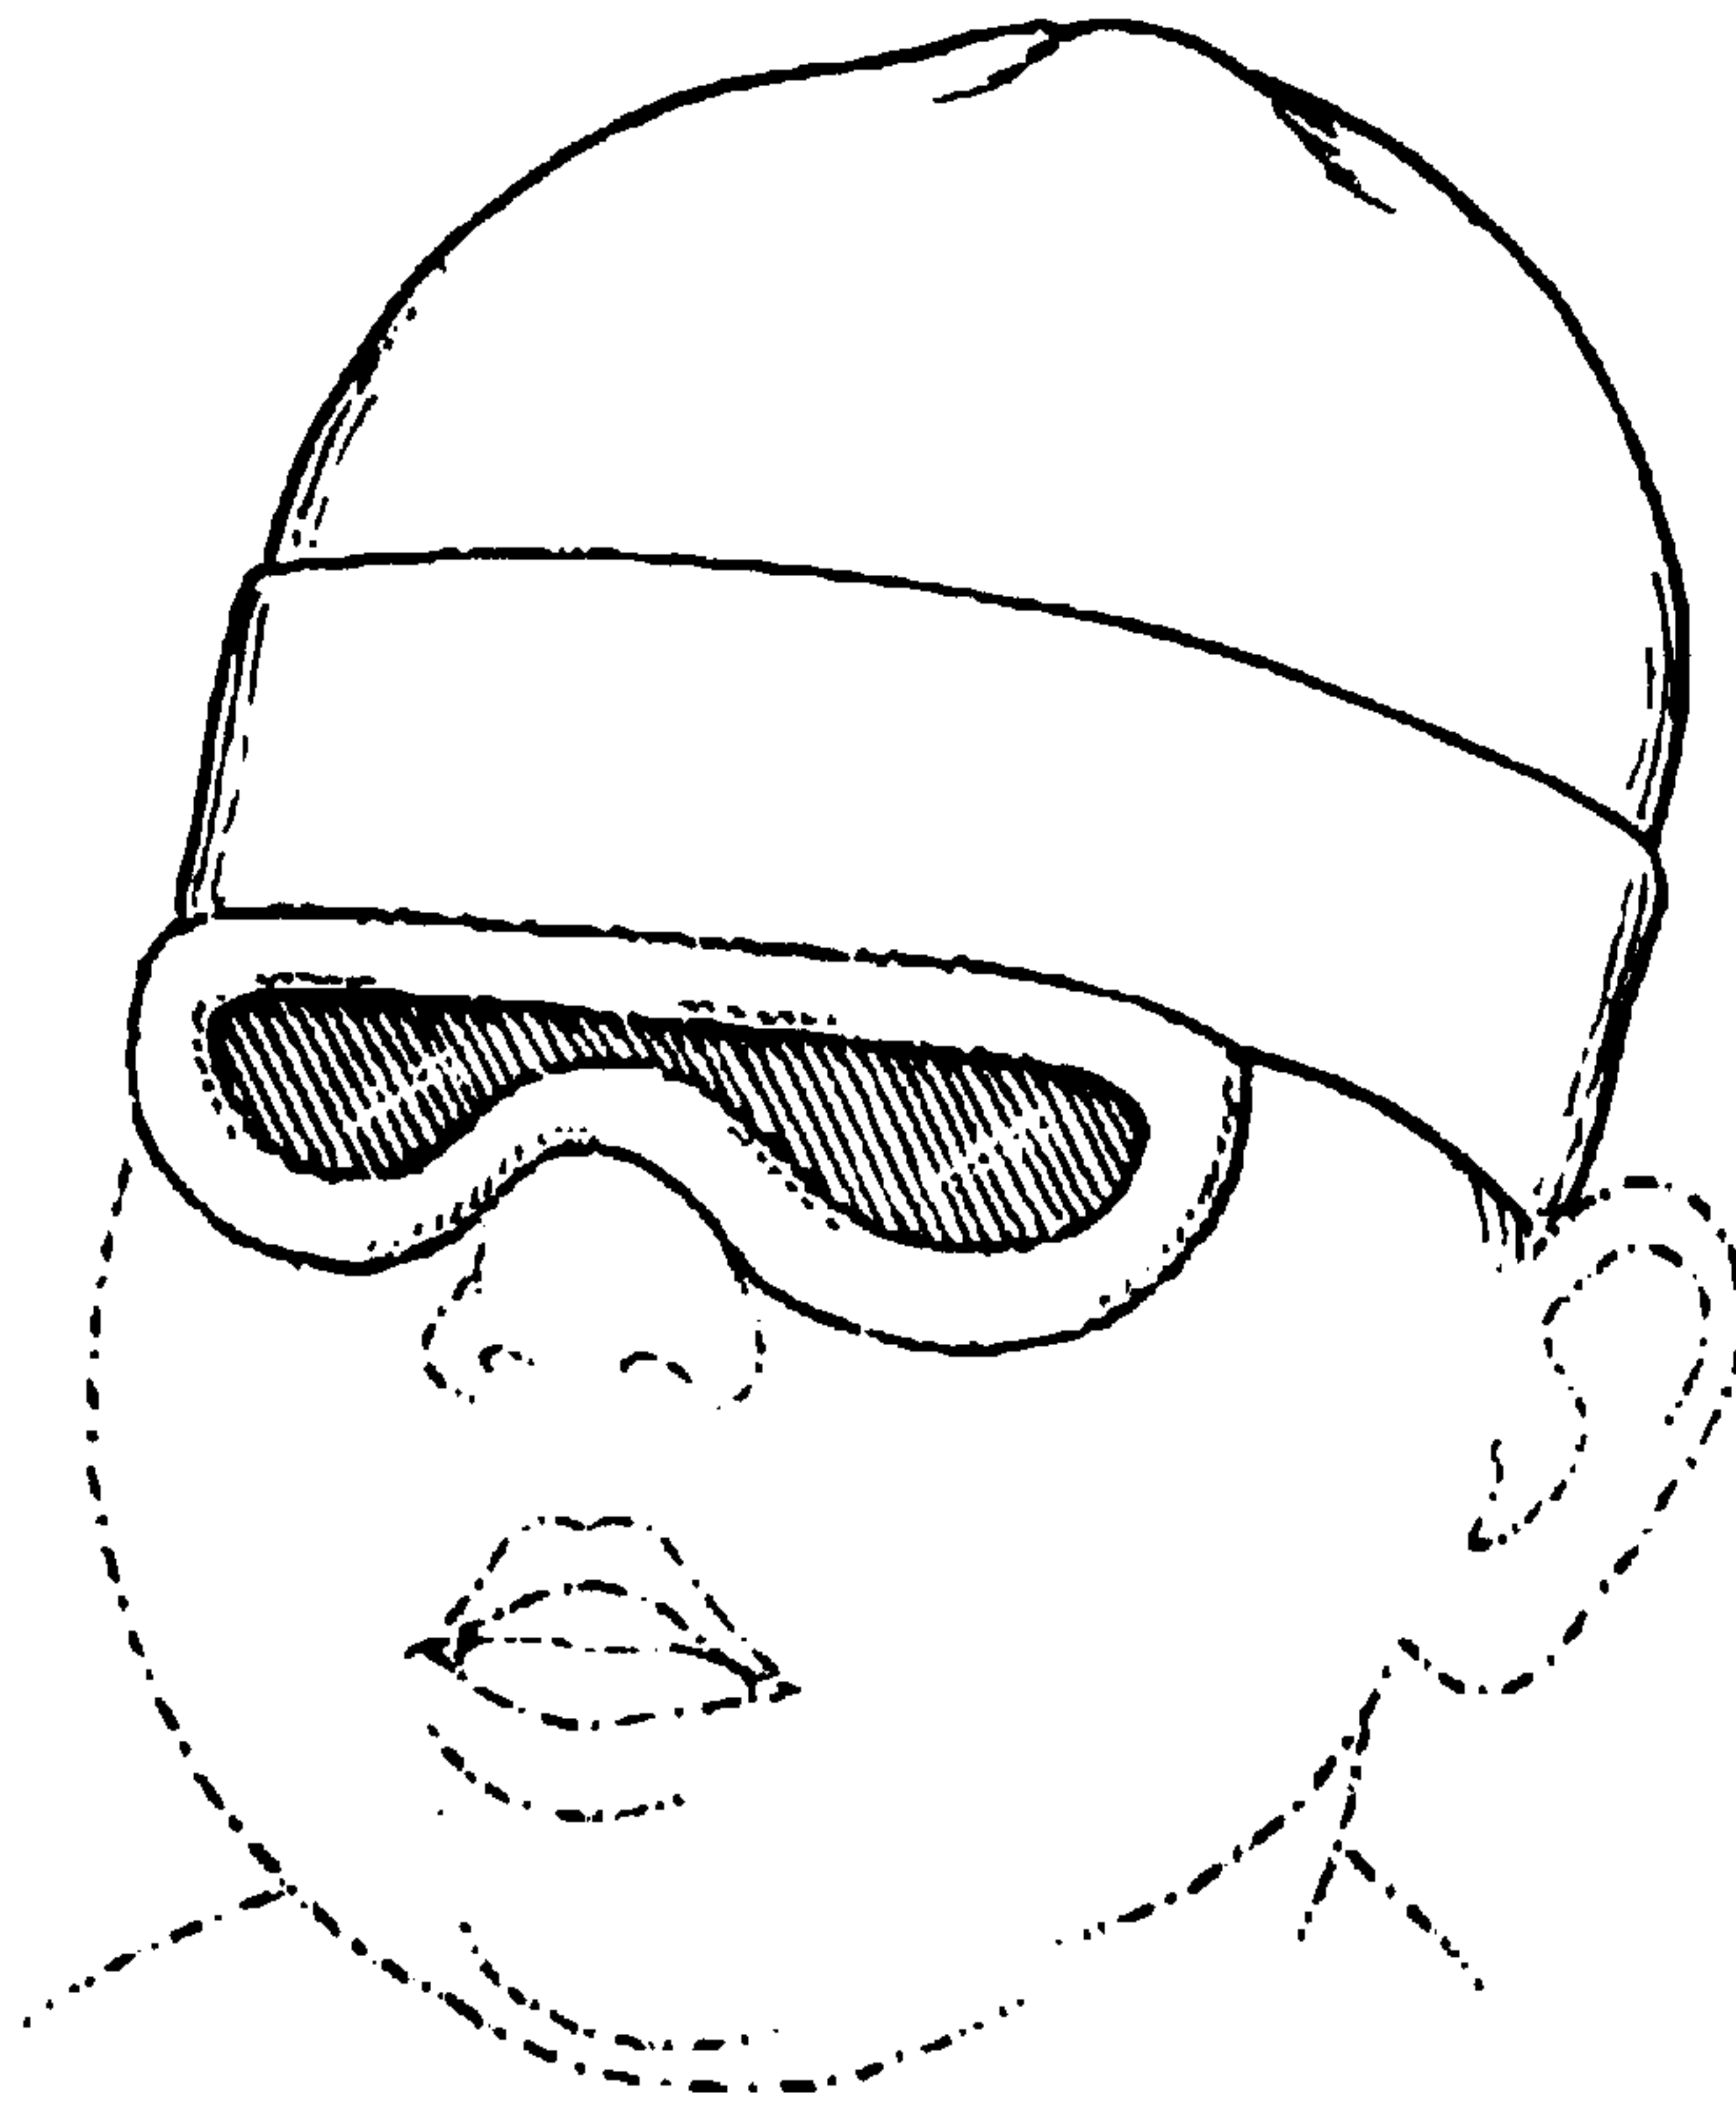

FIG. 1

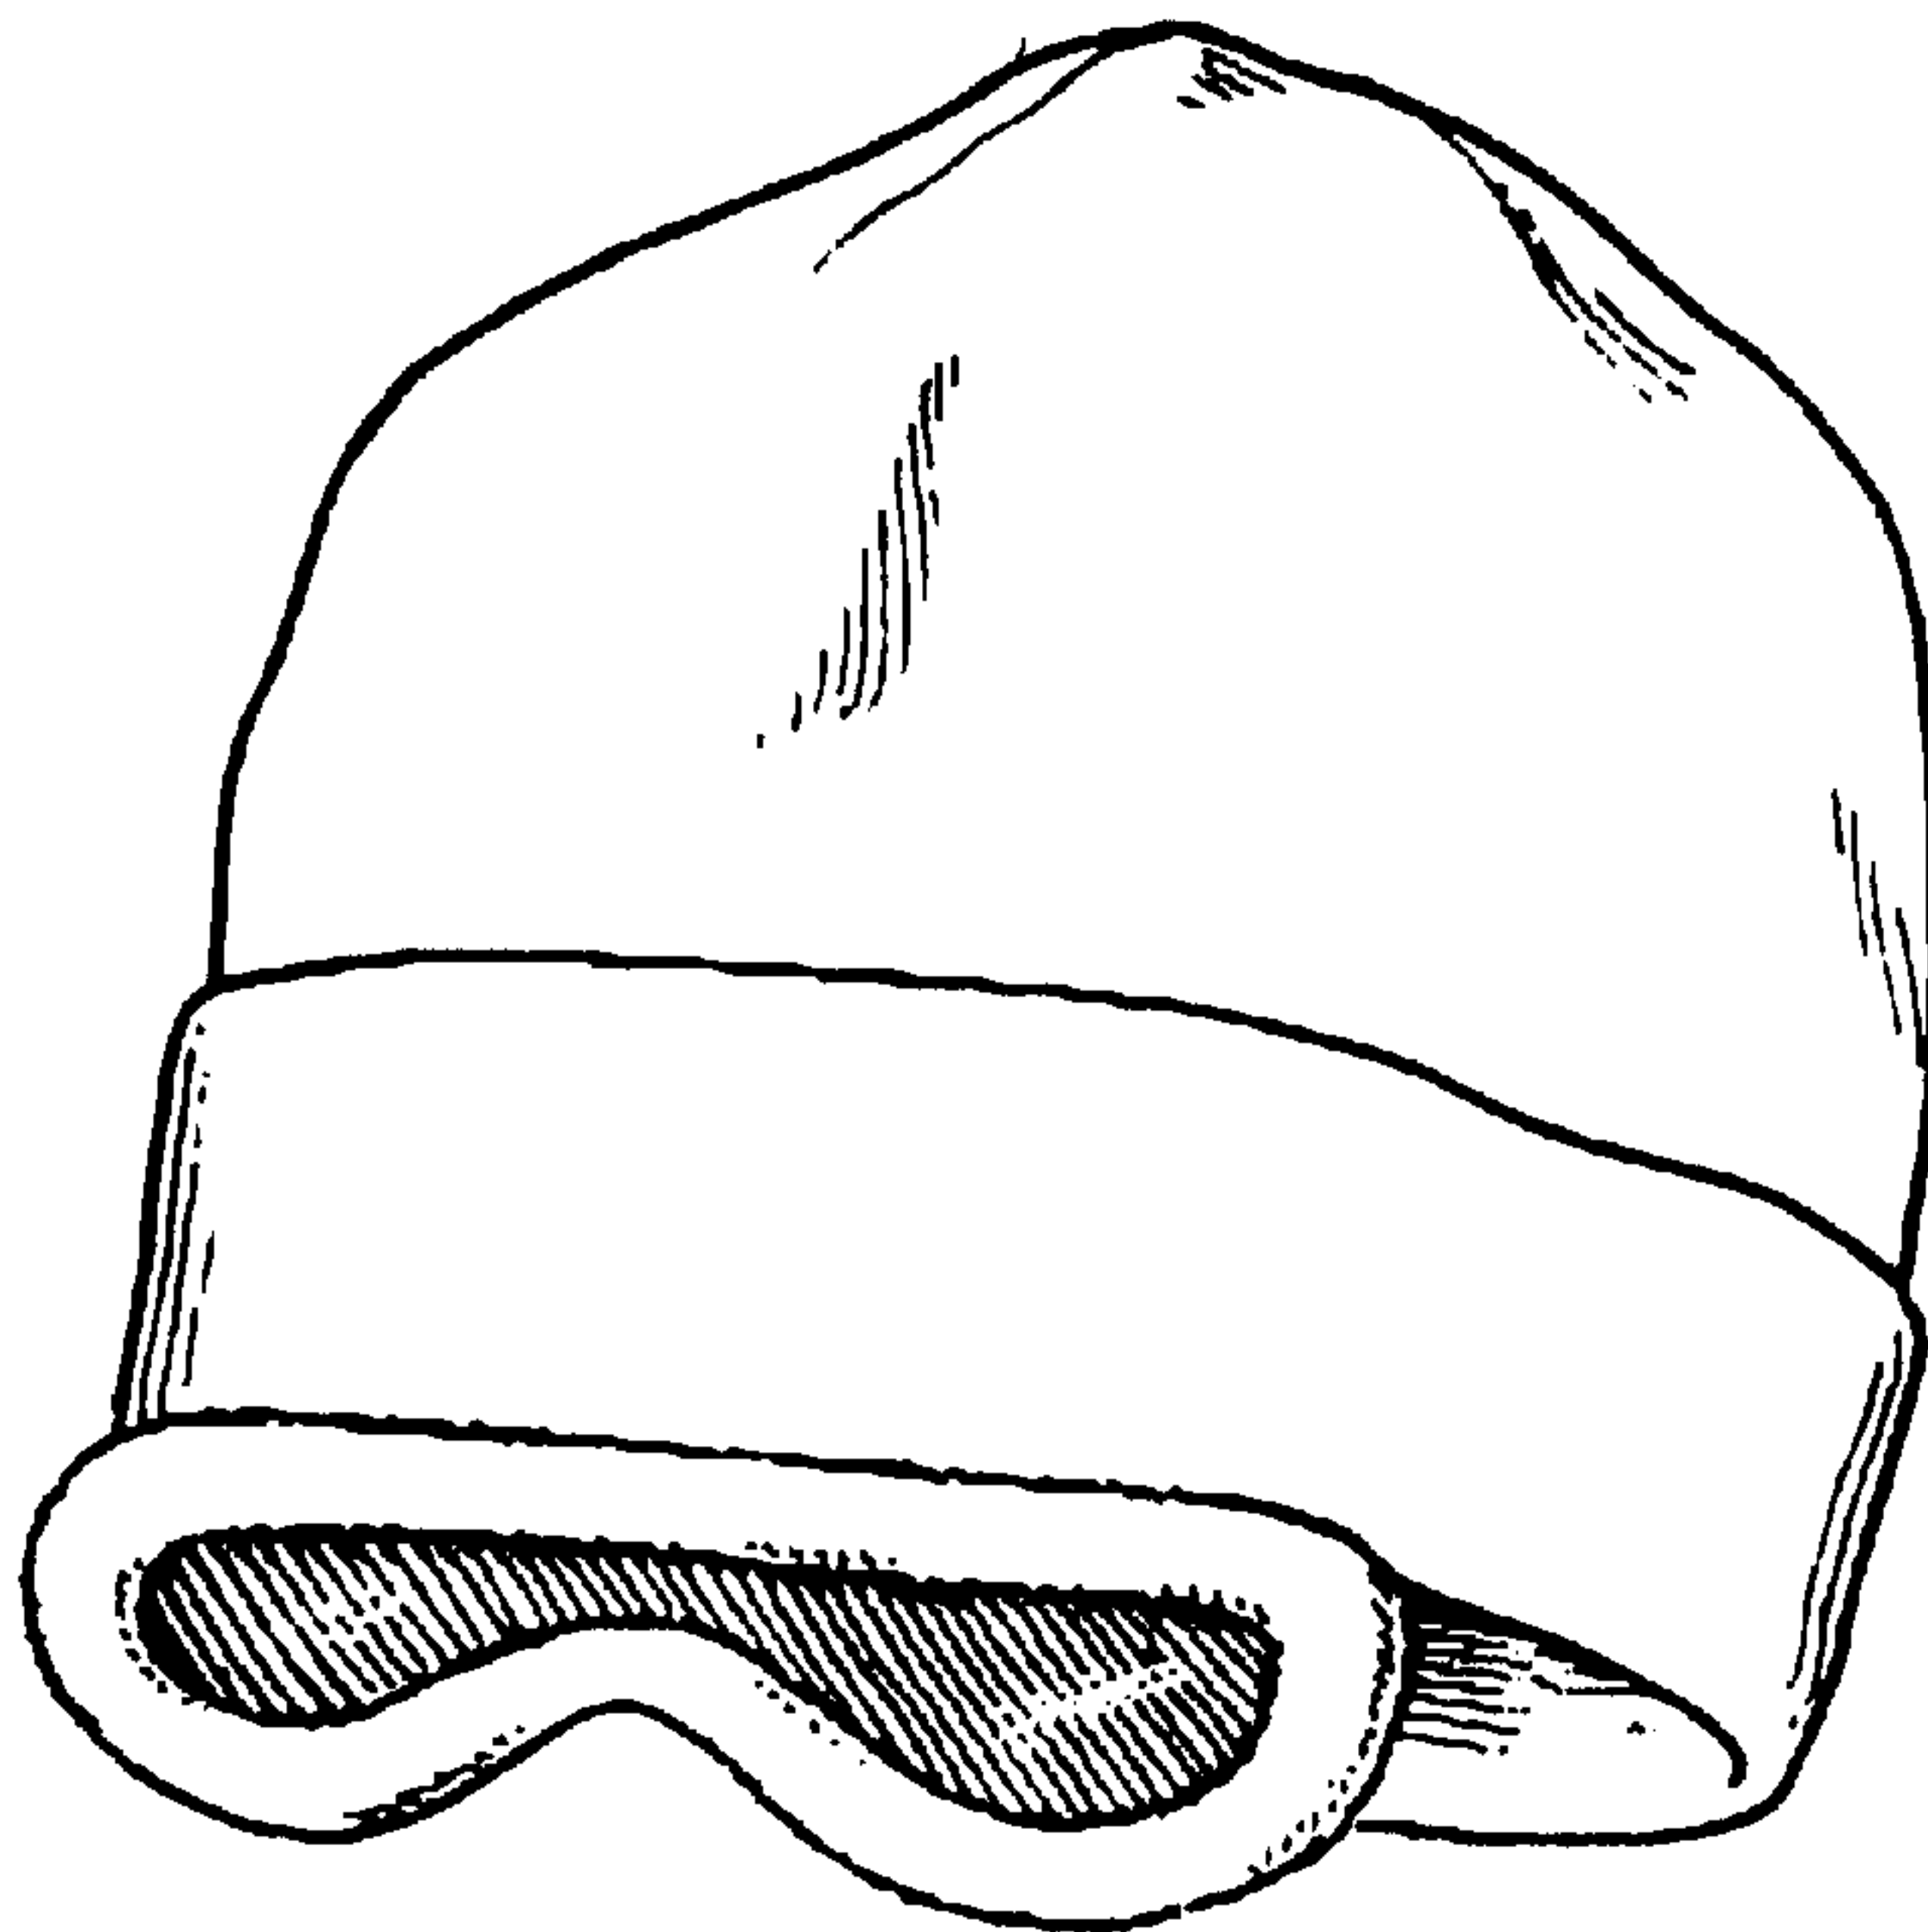

FIG. 2

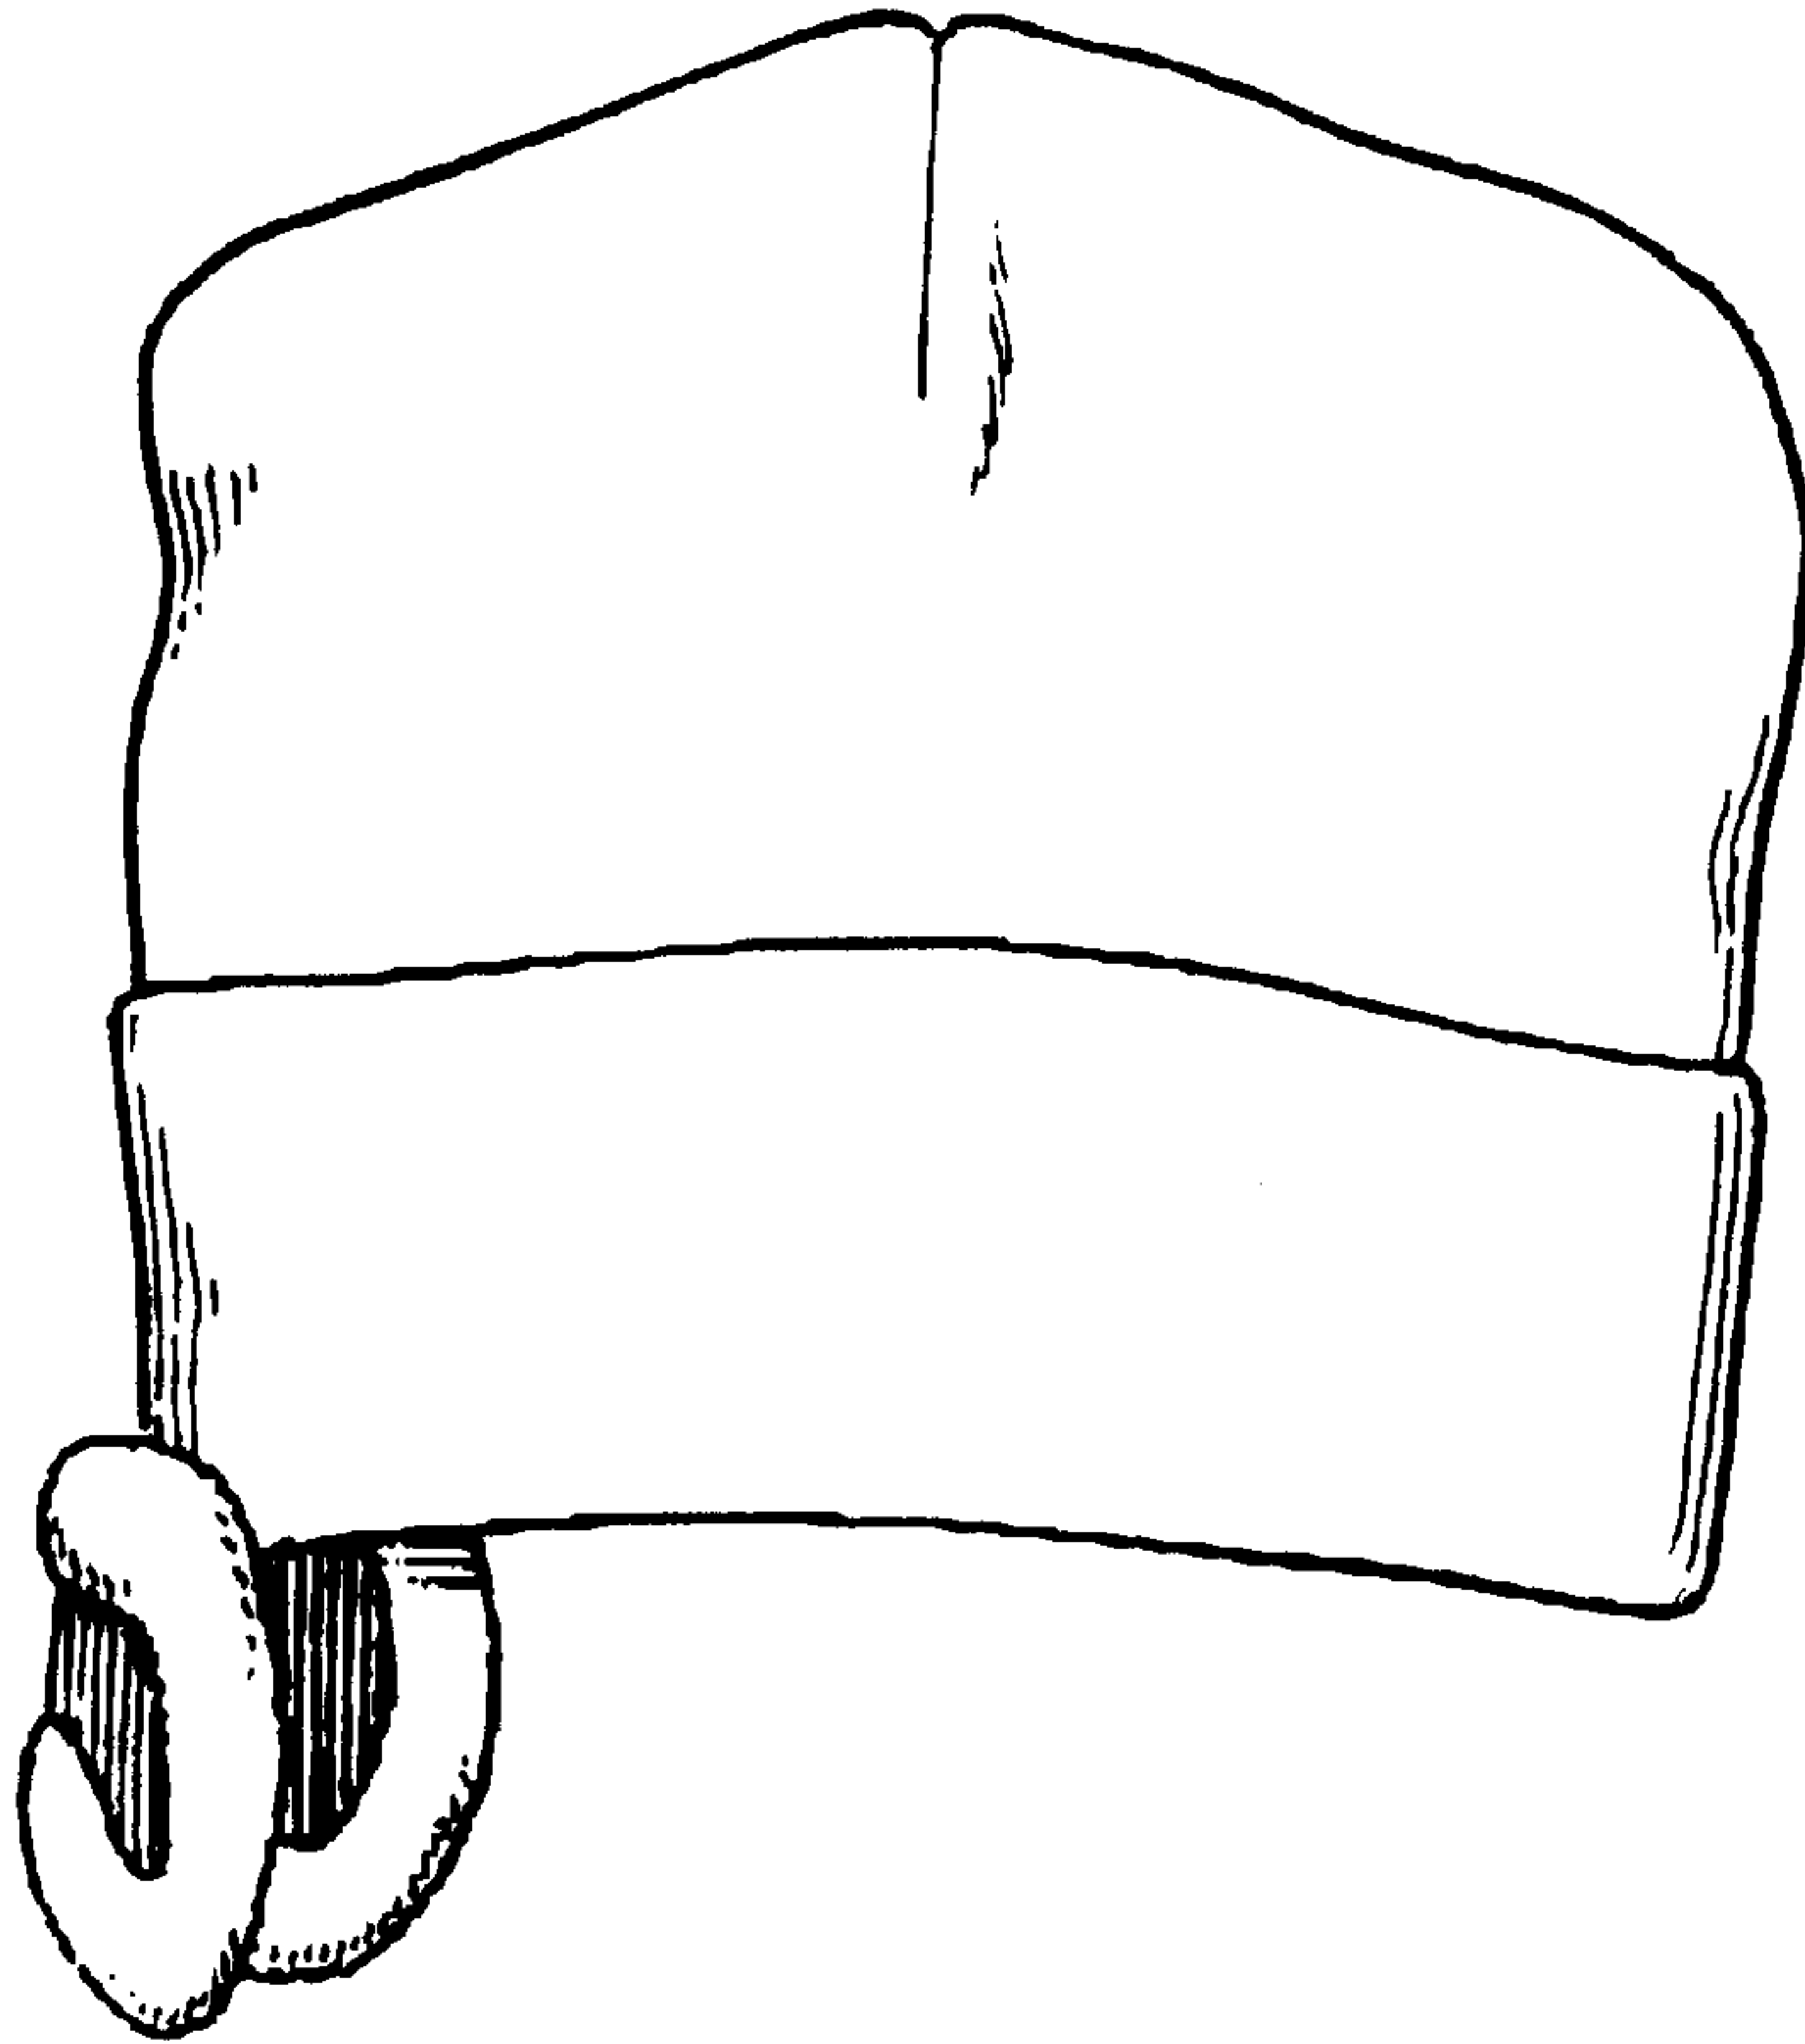

FIG. 3

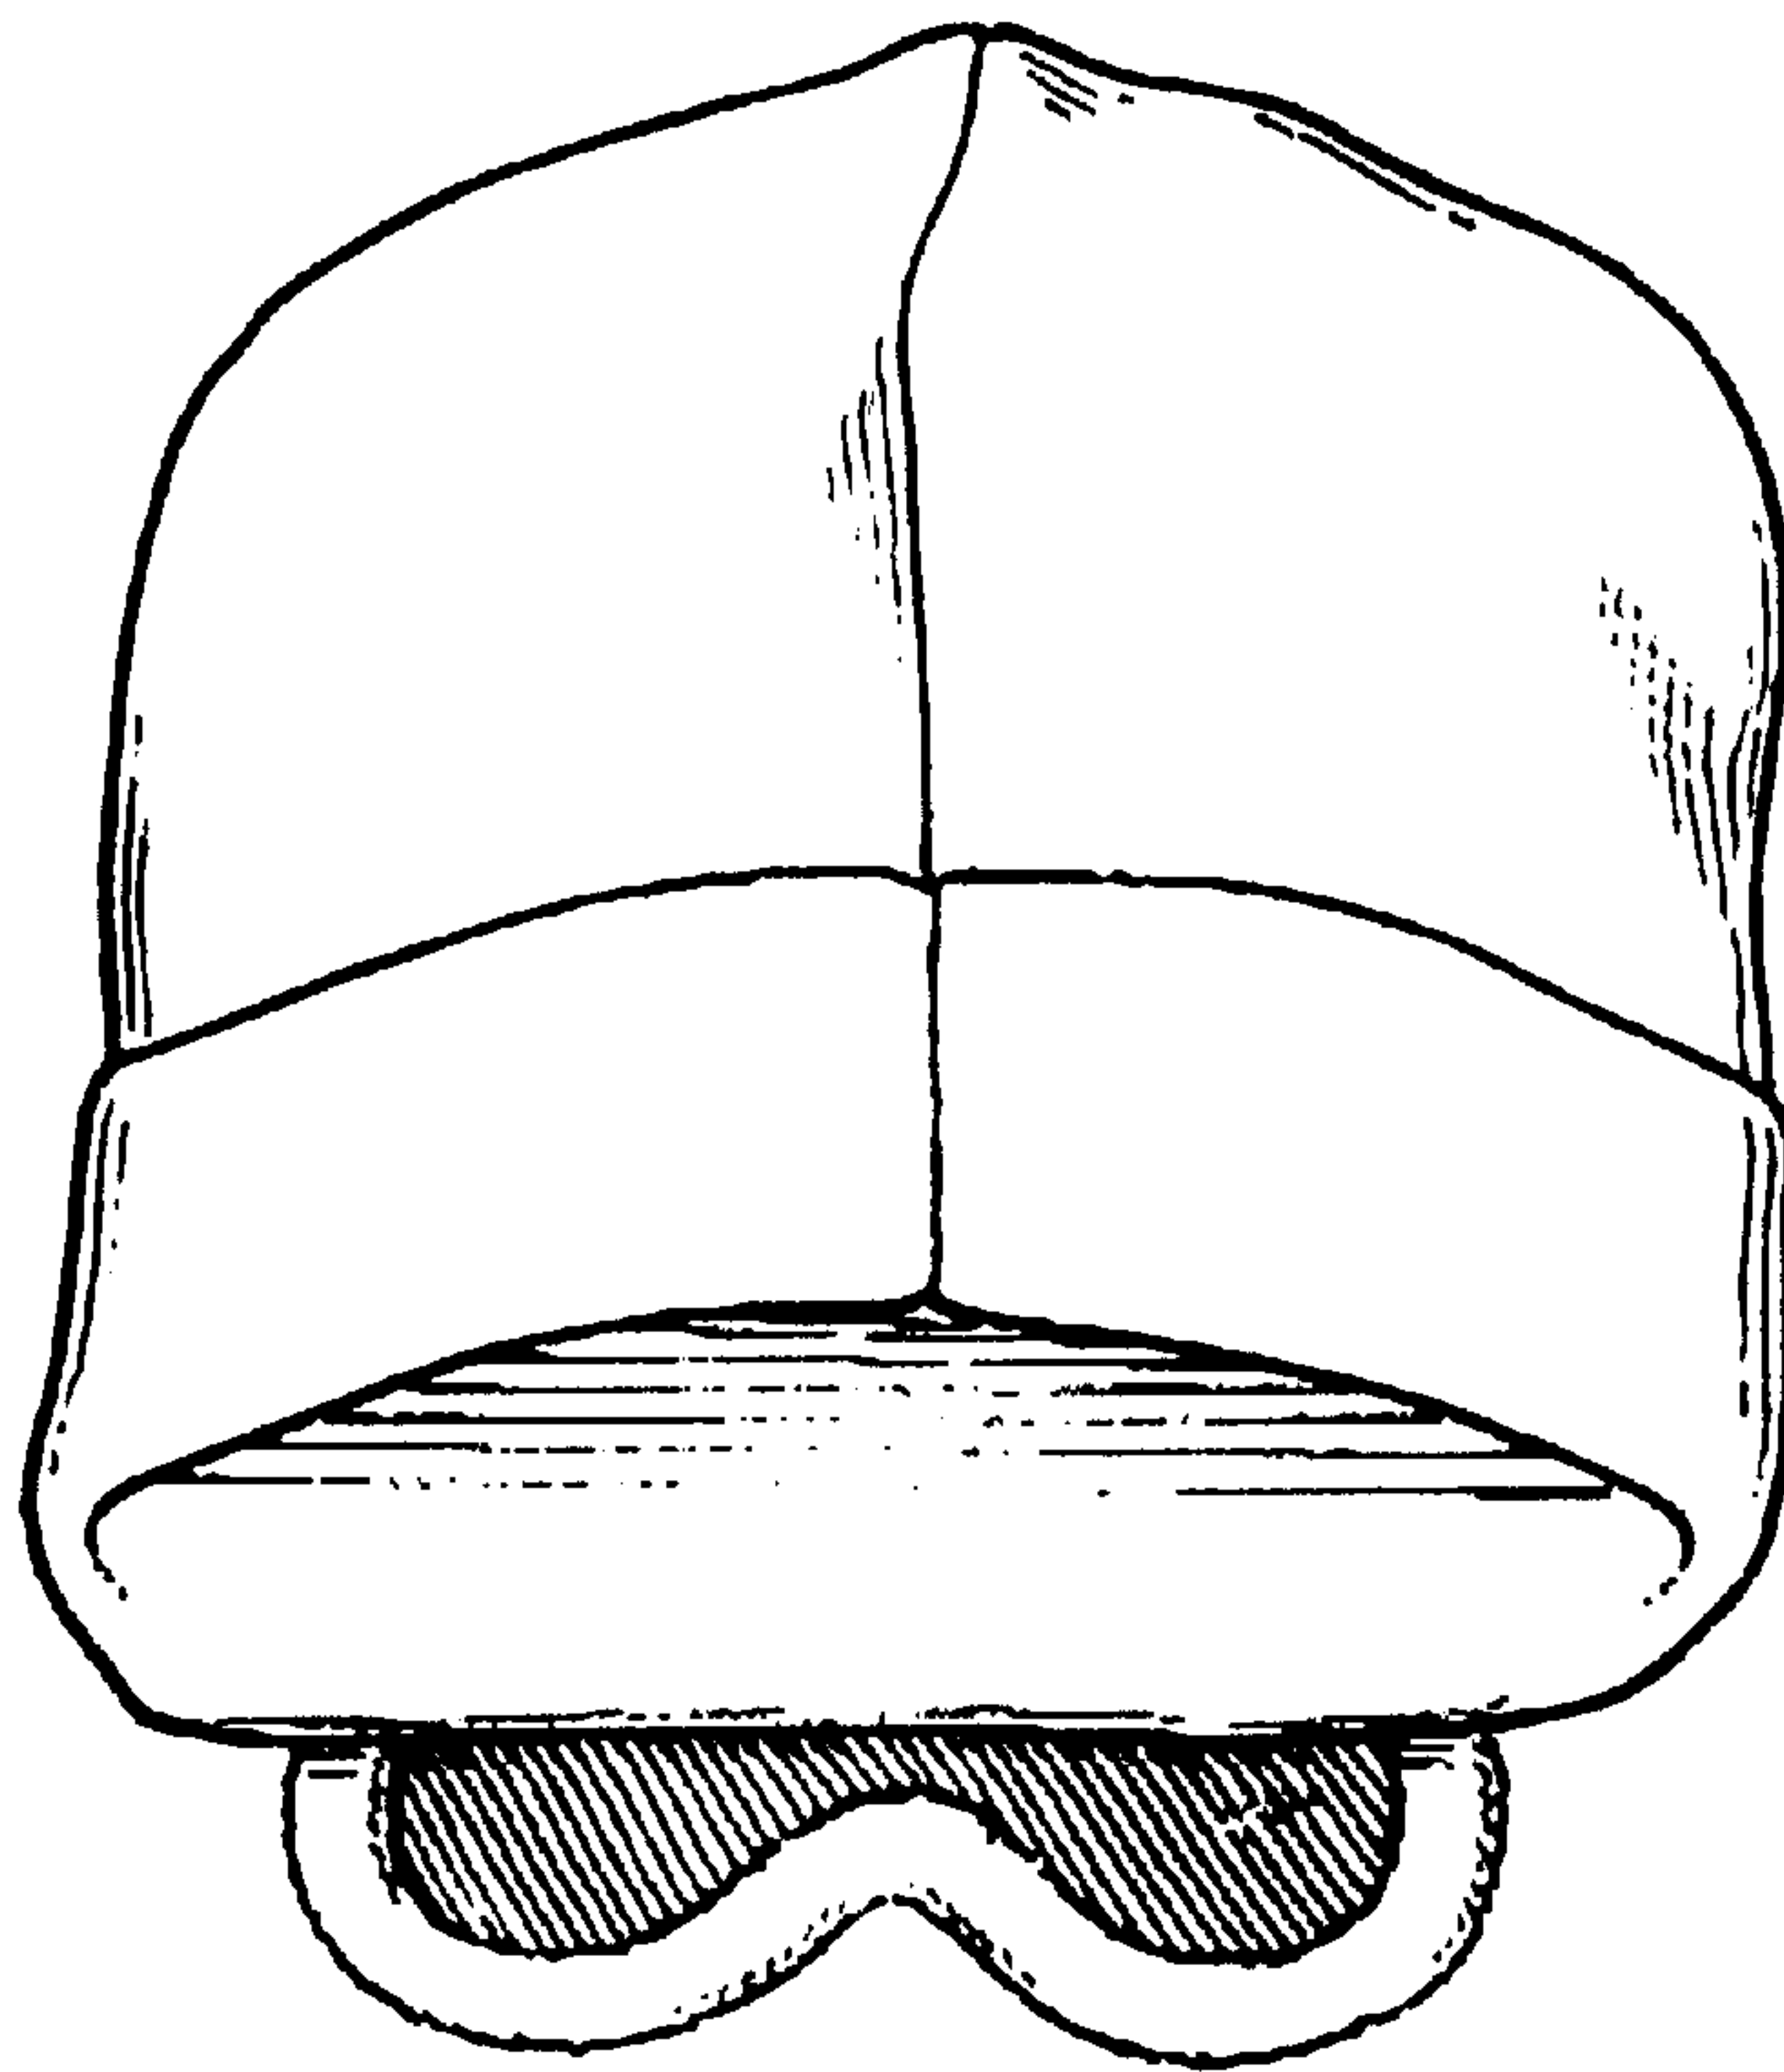

FIG. 4
