See application file for complete search history.

**DESCRIPTION**

FIG. 1 presents a front view of a new design for a party hat  
having inflatable balloon that shows the balloon as partially  
inflated, in use.

FIG. 2 presents a side view of the party hat that shows the  
integral inflation tube extending beyond the hat; and,  
FIG. 3 presents a rear view of the party hat that shows the  
integral inflation tube, extending beyond the hat.

In the drawings the broken line showing of the human head  
is for illustrative purposes only and forms no part of the  
claimed design.
