(57) **CLAIM**

What is claimed is the ornamental design for a cordless impact tool, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of the cordless impact tool with a broken line representation of a battery;

FIG. 2 is a right side elevational view thereof, the left side view is not shown as it is a mirror image of the right side view, with the broken line representation of a battery seen in FIG. 1 removed from FIGS. 2–6;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a front elevational view thereof, the push button just above the trigger being shown in an alternate position in this and the FIG. 6 view; and,

FIG. 6 is a rear elevational view thereof.

The broken lines are shown in the views for illustrative purposes only and form no part of the claimed invention.
