(57) **CLAIM**

The ornamental design for automobile tire, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the automobile tire, showing the new design, a top plan view thereof and a bottom plan view thereof appearing the same as the front view;

FIG. 2 is a rear view of the automobile tire;

FIG. 3 is a right side view of the automobile tire;

FIG. 4 is a left side view of the automobile tire;

FIG. 5 is a fragmentary front view, showing in enlargement the portion of 5—5 in FIG. 1; and,

FIG. 6 is a cross-sectional view, taken on line 6—6 and in the direction of arrows in FIG. 5.

In the drawing figures on the enclosed drawing, in which the even broken lines, represent environmental structure only and form no part of the claimed design, the claimed design being the tread pattern shown by solid lines, up to the peripheral boundary between the tread and the sidewall of the article, represented by dot-dash broken lines, which also form no part of the claim.
