(57) **CLAIM**

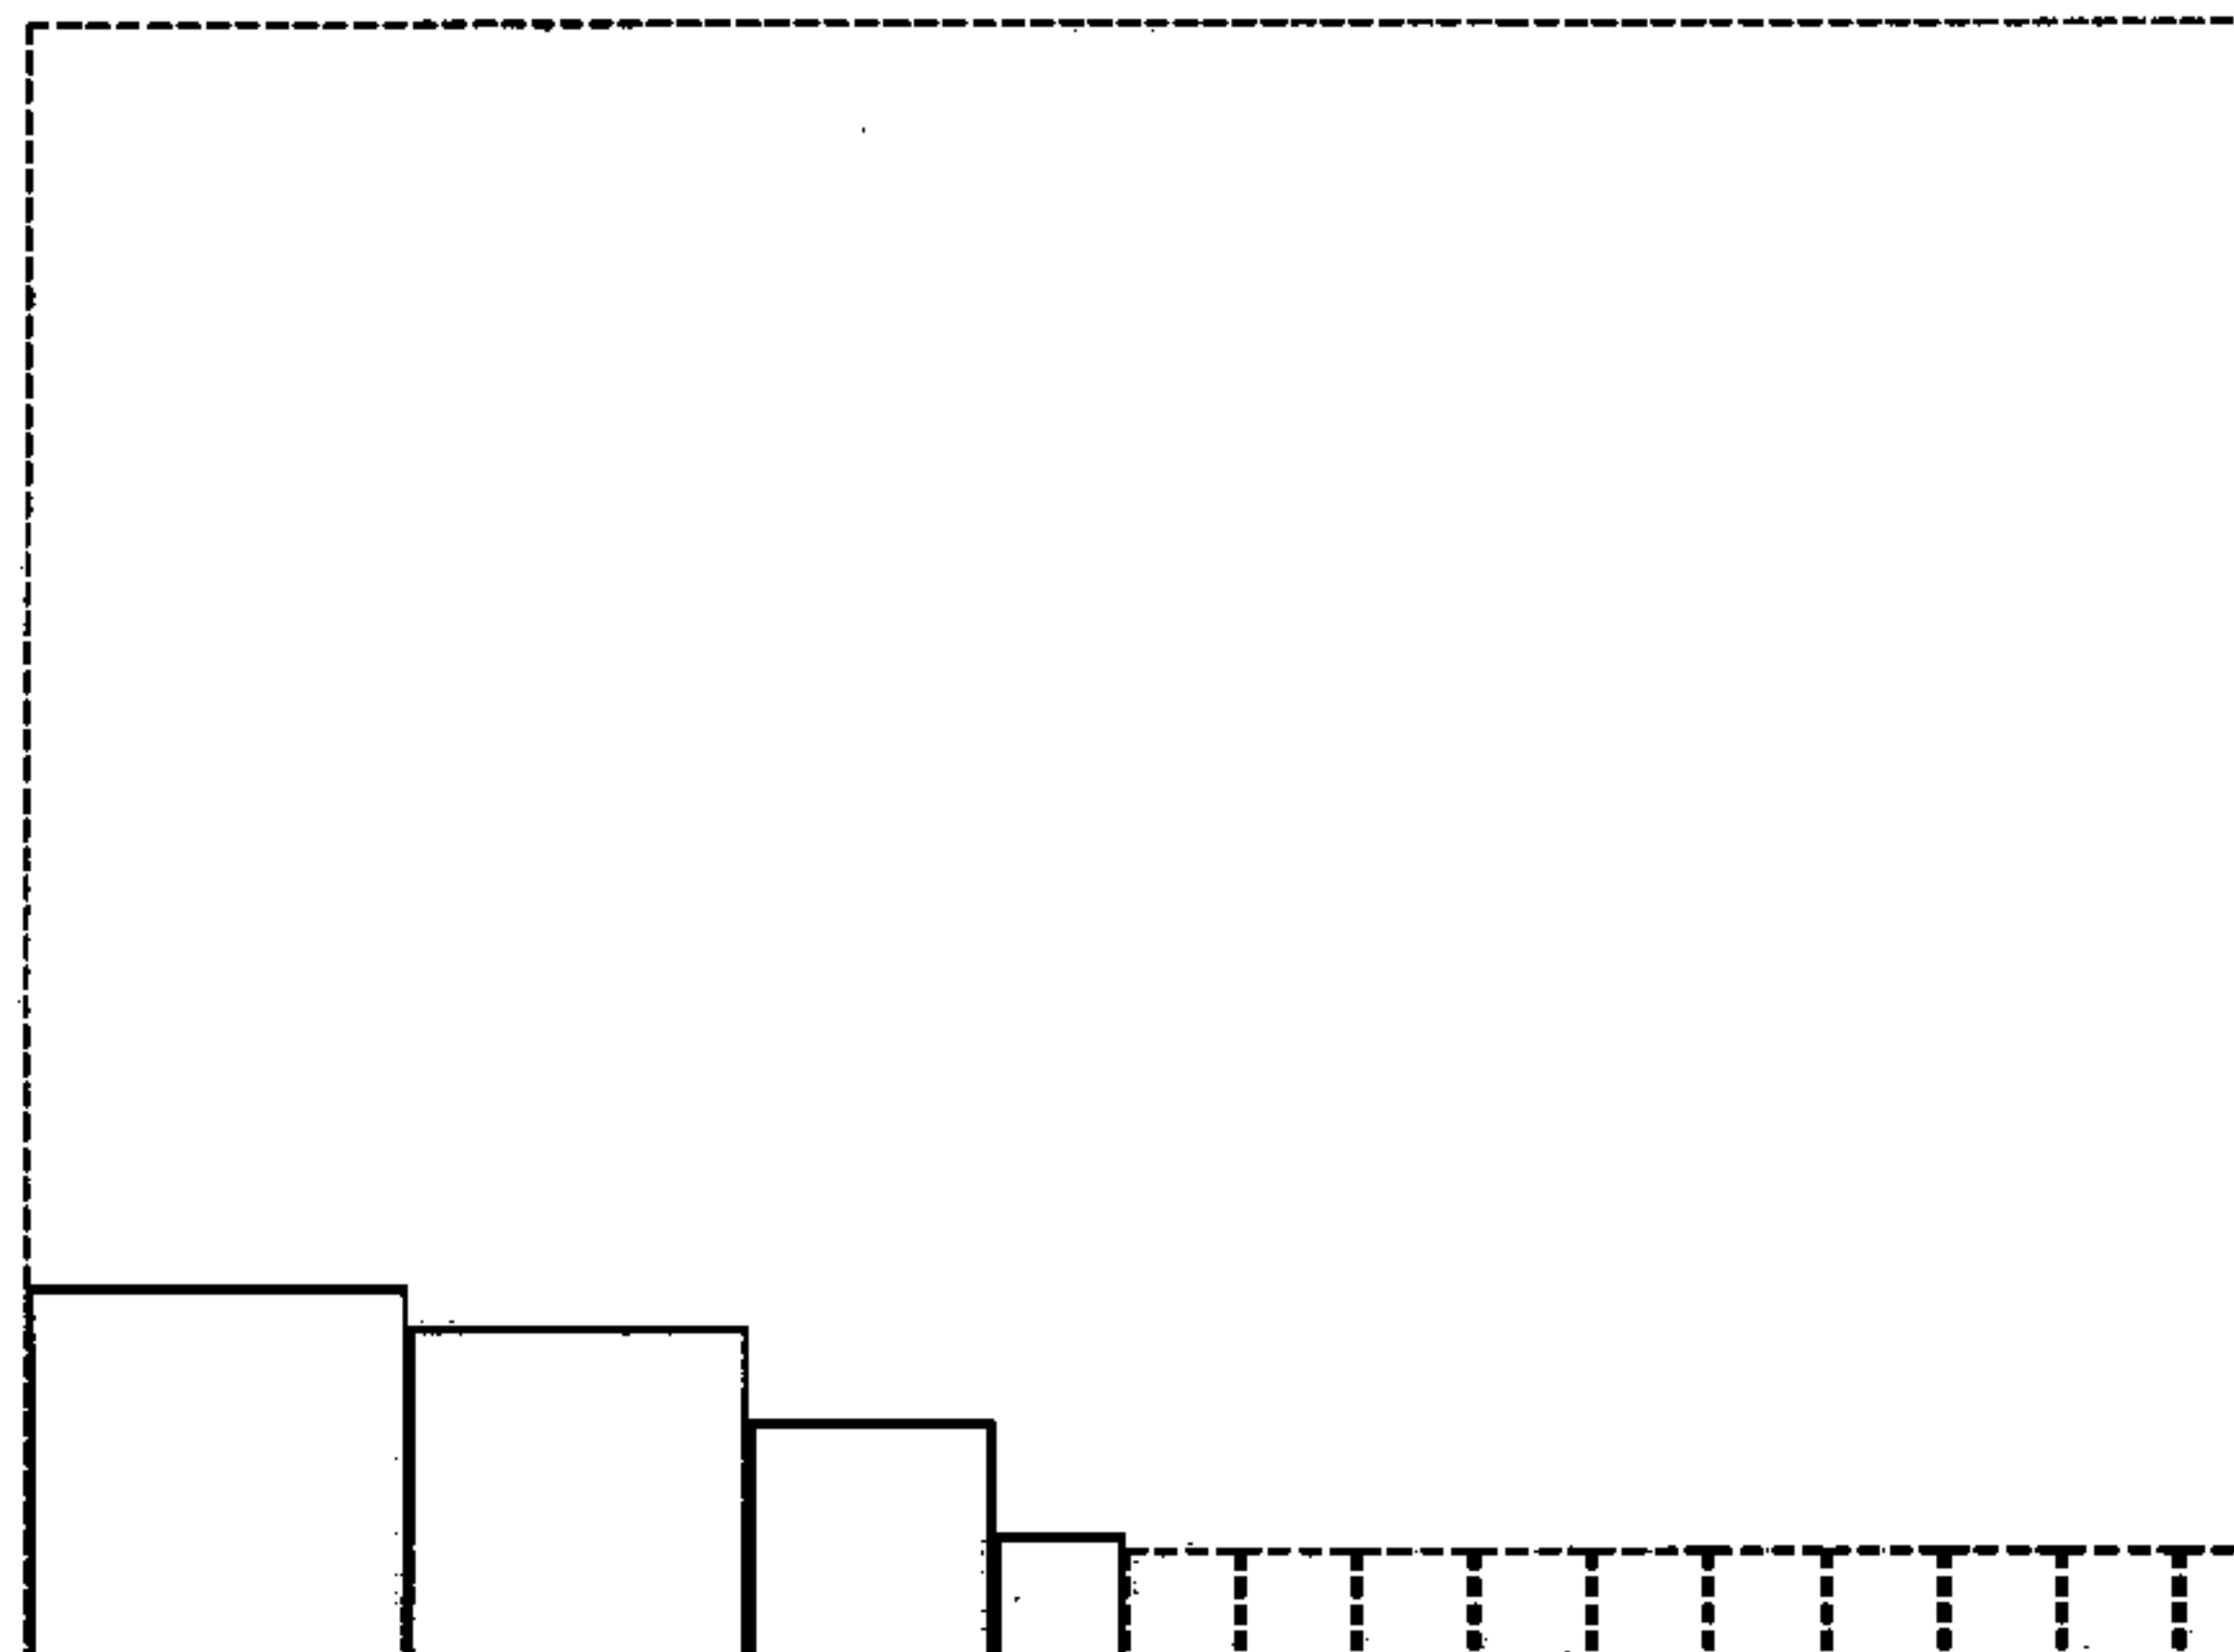

The ornamental design for a user interface for computer display, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyright rights whatsoever.

FIG. 1 is a front view of a user interface for computer display showing my new design; and, FIG. 2 is a front view of a second embodiment. The broken line showing of a computer display, windows, and various graphical representations is for illustrative purposes only and forms no part of the claimed design.
