(57) **CLAIM**

The ornamental design for a slat for venetian blind, as shown and described.

DESCRIPTION

FIG. 1 is a reduced perspective view of a slat showing my new design arranged in the environment of a venetian blind with a headrail, bottomrail, tilter, lift cords and rails of a venetian blind being shown in dotted lines.

FIG. 2 is an enlarged partial top plan view of the slat, the bottom view being a mirror image thereof.

FIG. 3 is an enlarged partial front elevational view of the slat, the rear elevational view being a mirror image thereof.

FIG. 4 is an enlarged elevational view of the right end of the slat, the elevational view of the left end of the slat being a mirror image thereof; and,

FIG. 5 is a perspective view of the slat.

The smaller broken lines on the slat indicate attached seams, which form part of the claimed design, and the larger broken lines represents environment and form no part of the claimed design. FIGS. 2 and 3 have been shown broken away for ease and clarity of illustration.
