**DESCRIPTION**

FIG. 1 is a front view of a teapot with a piston filter assembly comprising a piston, a filter element and a holding ring, showing our new design, with the piston in a raised position, the side and rear views being identical thereto;  
FIG. 2 is a front view of the teapot with a piston filter assembly with the piston in the lowered position, the side and rear views being identical thereto;  
FIG. 3 is a front perspective view thereof;  
FIG. 4 is an exploded perspective view of a piston filter assembly with the teapot portion removed for ease of illustration;  
FIG. 5 is a top plan view of a teapot with a piston filter assembly; and,  
FIG. 6 is a bottom view thereof.
