(57) **CLAIM**

The ornamental design for a model-motorcycle-outfitted ceiling fan blade, as shown and described.

DESCRIPTION

FIG. 1 of the drawings is a perspective view of a model-motorcycle-outfitted ceiling fan blade embodying the design of my invention as viewed looking down at the upwardly facing top side, the front, and the left side of the ceiling fan blade from a position above the ceiling fan blade;

FIG. 2 is a perspective view of the ceiling fan blade as viewed looking up at the downwardly facing bottom side, the back side, and the right side of the ceiling fan blade from a position underneath the ceiling fan blade;

FIG. 3 is an elevation view of the front side;

FIG. 4 is an elevation view of the left side;

FIG. 5 is an top plan view of the upwardly facing side;

FIG. 6 is an elevation view of the right side;

FIG. 7 is an elevation view of the back side; and,

FIG. 8 is a bottom plan view of the downwardly facing side.
