(57) **CLAIM**

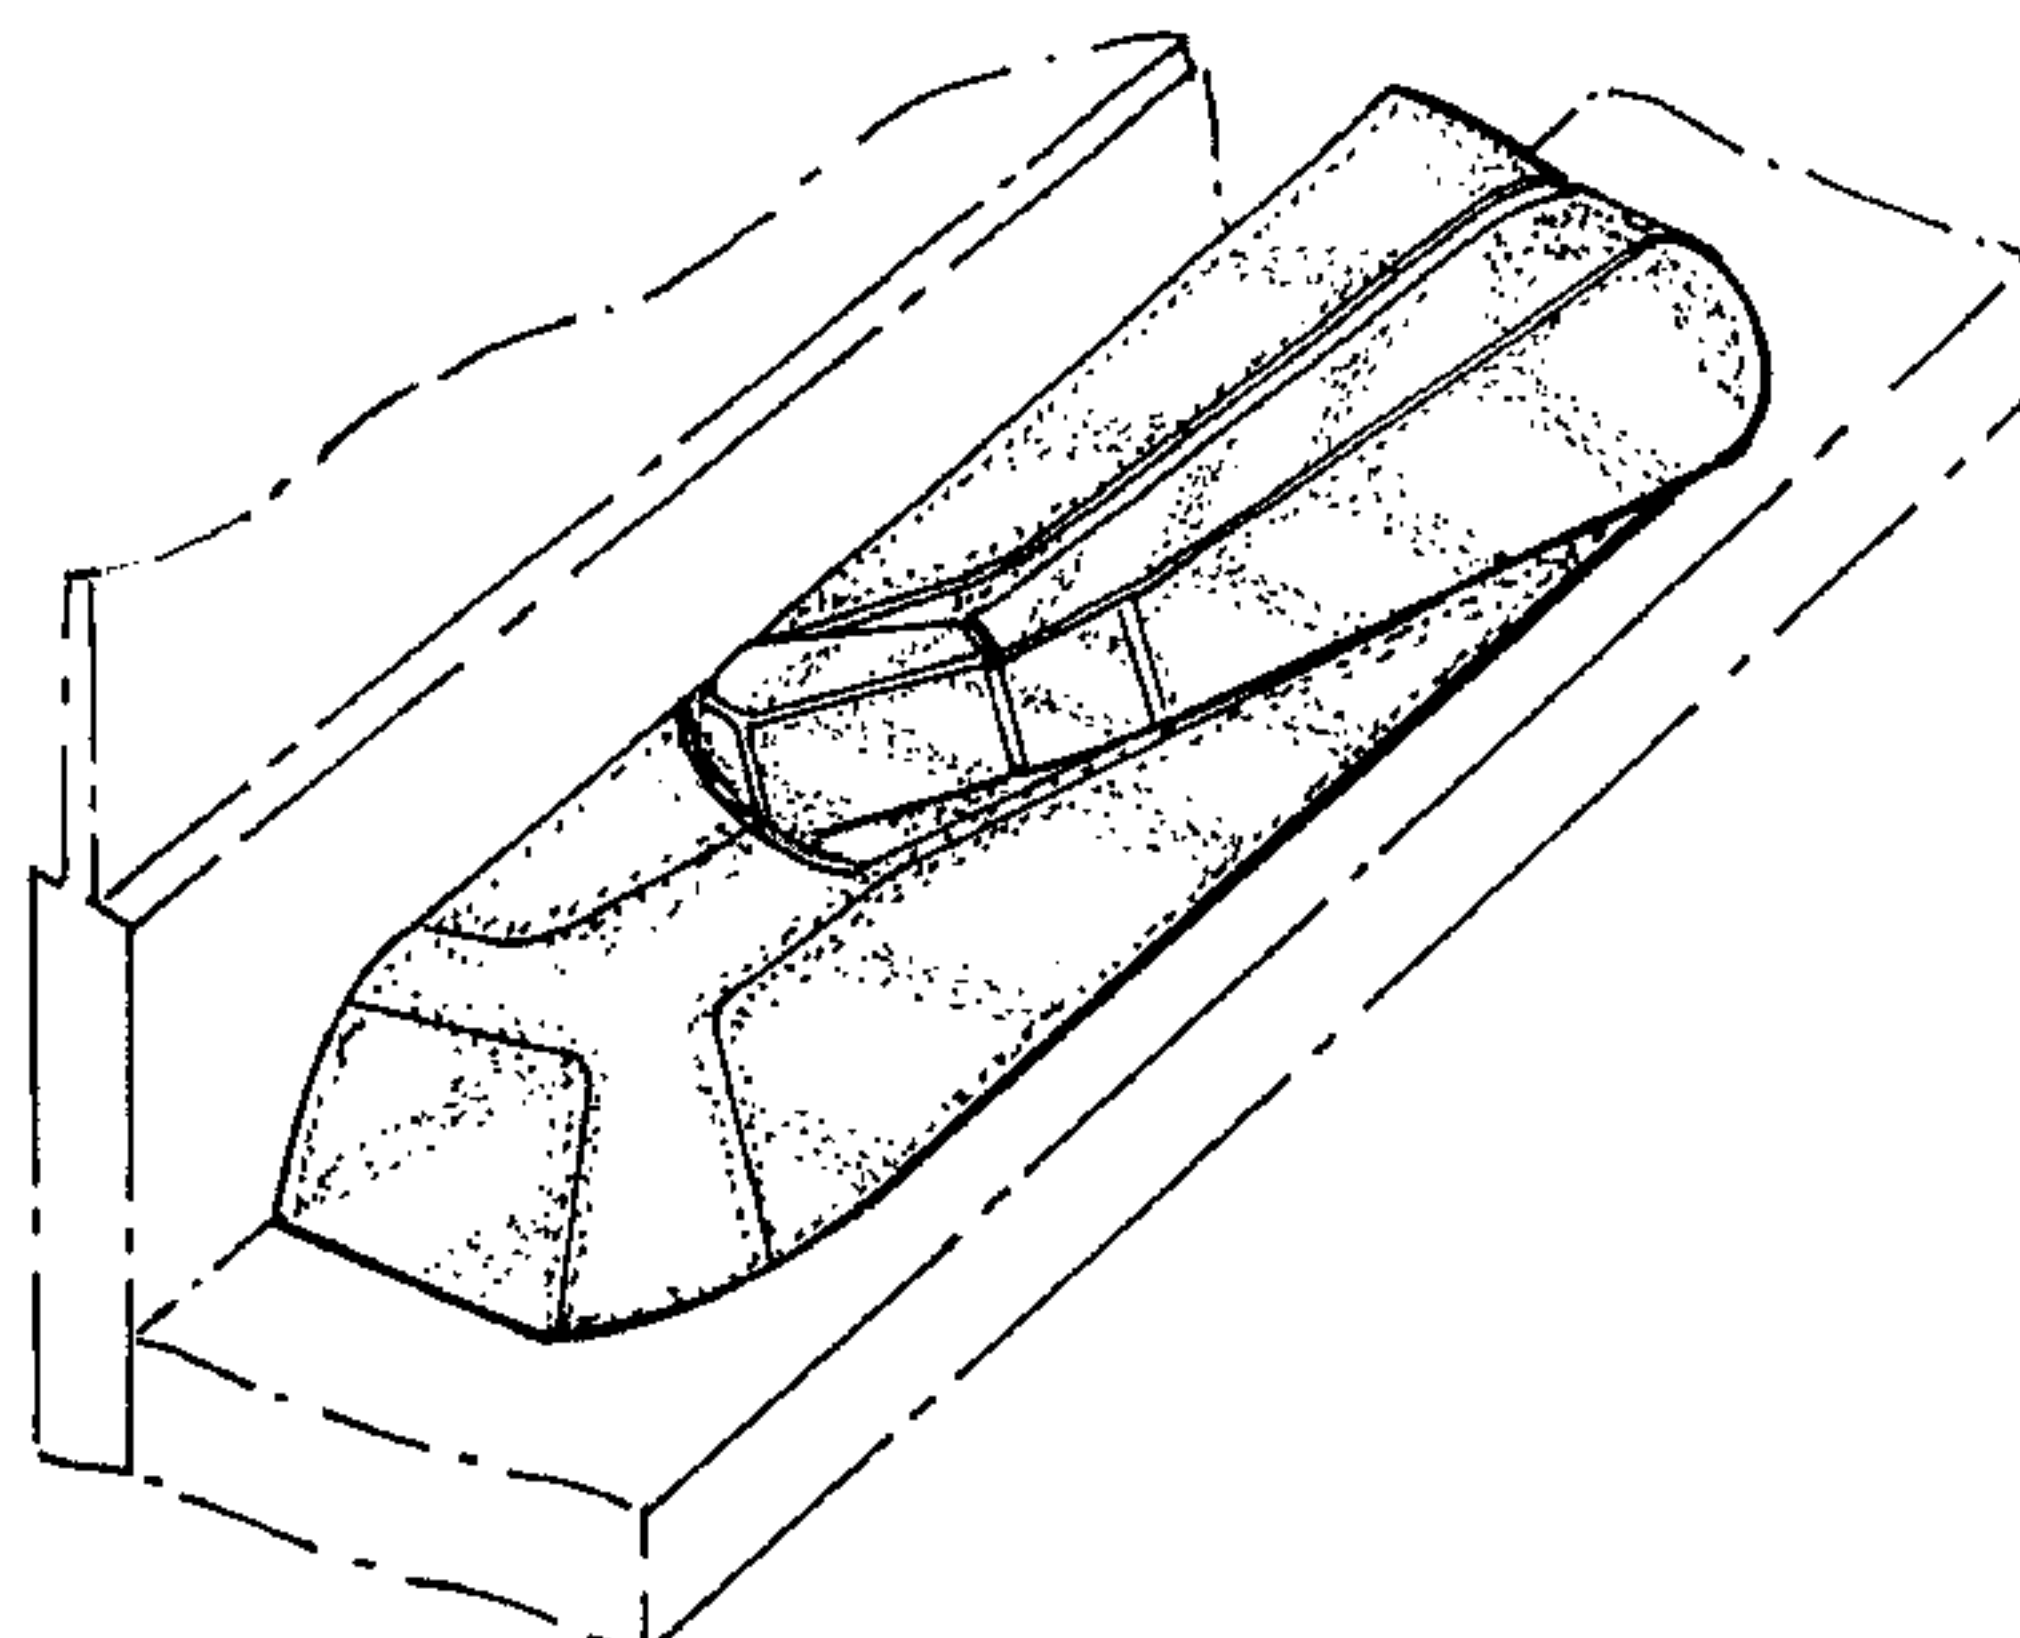

We claim the ornamental design for folding handle and operator cover, as shown.

DESCRIPTION

FIG. 1 is a perspective view of a folding handle and operator cover according to an embodiment of the invention with the folding handle in a folded position and with the folding handle and operator cover positioned on a window frame; FIG. 2 is a perspective view of a folding handle and operator cover according to an embodiment of the invention with the folding handle in an unfolded position; FIG. 3 is a rear elevation view of a folding handle and operator cover according to an embodiment of the invention; FIG. 4 is a front elevation view of a folding handle and operator cover according to an embodiment of the invention; FIG. 5 is a top plan view of a folding handle and operator cover according to an embodiment of the invention; FIG. 6 is an elevation of a first side of a folding handle and operator cover according to an embodiment of the invention; and, FIG. 7 is an elevation view of the opposing side of a folding handle and operator cover according to an embodiment of the invention.

The broken-line disclosure in the views is for illustrative purposes only and forms no part of the claimed design.
