(57) **CLAIM**

The ornamental design for a display panel for a material handling vehicle, as shown and described.

DESCRIPTION

In a preferred embodiment, the nature of this product is as a display panel useful in connection with a material handling vehicle.

This front elevation view of a display panel for a material handling vehicle embodies my new design.

The broken line representations of portions of a material handling vehicle for the purpose of illustration only, and form no part of the claimed design.
