FIG. 4 is a bottom plan view of the handle;

FIG. 5 is a front elevation view of the handle and a portion of the attached tool in broken lines;

FIG. 6 is a rear elevation view of the handle and a portion of the attached tool in broken lines; and,

FIG. 7 is an enlarged fragmentary left side elevation view of the central rib portion of the handle, as defined by the dotted line in FIG. 2.

The broken lines showing the tool attached to the handle, lines on the far end of the handle, and an oblong island in the center of the handle are for illustrative purposes only and form no part of the claimed design. A right side elevation view of the handle and central ribbed portion is a mirror image of the left side elevation view. In the top plan view of the handle, unclaimed matter has been omitted for clarity.
