See application file for complete search history.

FIG. 1 is an environmental, perspective view of a window display holder as it would appear mounted onto a window to support a sample window treatment. The window and sample window treatment are shown in broken lines for illustrative purposes and form no part of the claimed design. FIG. 2 is front elevation view of the window display holder. FIG. 3 is a rear elevation view of the window display holder. FIG. 4 is a right side elevation view of the window display holder.
