(57) **CLAIM**

The ornamental design for a heat exchanger support, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a heat exchanger support showing my new design.

FIG. 2 is a front elevation view thereof.

FIG. 3 is a top plan view thereof.

FIG. 4 is a left side elevation view thereof.

FIG. 5 is a right side elevation view thereof.

FIG. 6 is a rear elevation view thereof.

FIG. 7 is a bottom plan view thereof.

FIG. 8 is an exploded isometric view thereof; and,

FIG. 9 is an isometric view showing multiple heat exchanger supports in a heat exchanger assembly shown in phantom.

The claimed design is directed to the appearance of the support in its assembled state, and is shown disassembled in FIG. 8 for the purpose of clarifying design aspects of the assembled support that are not apparent from other views.

The broken line showing the additional heat exchanger supports and other structure are for illustrative purposes only and forms no part of the claimed design.
