(57) **CLAIM**

We claim the ornamental design for a portable work light, as shown and described.

DESCRIPTION

This application claims priority to U.S. Utility Application No. 11/321,666 filed Dec. 29, 2005.

FIG. 1 is a front perspective view of the present portable work light, that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only;

FIG. 2 is an elevated front view of the present design illustrated in FIG. 1, that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only;

FIG. 3 is an elevated back view of the present design illustrated in FIG. 1, that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only;

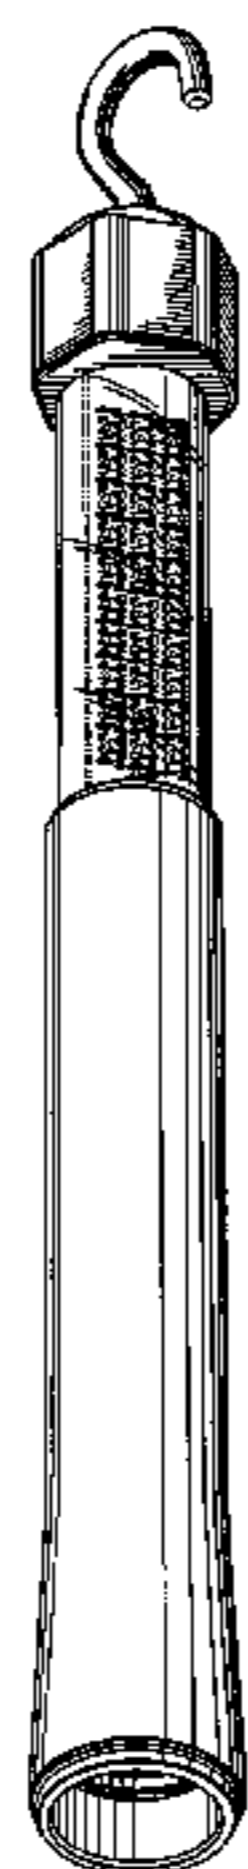

FIG. 4 is a top plan view of the present design illustrated in FIG. 1, that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only;

FIG. 5 is a bottom plan view of the present design illustrated in FIG. 1, that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only;

FIG. 6 is an elevated right side view of the present design illustrated in FIG. 1, that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only; and,

FIG. 7 is an elevated left side view of the present design illustrated in FIG. 1, that portion shown in phantom is not part of the design sought to be patented and is provided for environmental purposes only.
