(57) **CLAIM**

The ornamental design for a camouflage pattern for sheet material, as shown and described.

DESCRIPTION

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

The Sole FIGURE is a top plan view of a camouflage pattern for sheet material. The broken line boundaries define a portion of a sheet material of indeterminate length and width, and it is understood that the pattern continues indeterminately in one or more directions and repeats uniformly throughout the length and width of the sheet material.

The broken lines form no part of the claimed design.
