(57) **CLAIM**

The ornamental design for a front panel and master control module for movable modular high density storage system, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a first embodiment of a front panel and master control module for a movable storage system, shown with a label module, and shown in a grouping of six modules.

FIG. 2 is a front perspective view of a second embodiment of a front panel and master control module for a movable storage system, shown with a label module, and shown in a grouping of six modules.

FIG. 3 is a front view of the design of FIG. 1; and, FIG. 4 is a front view of the design of FIG. 2.

The broken lines immediately adjacent the shaded areas form the bounds of the claimed design. The remaining broken lines are for illustrative purposes only. None of the broken lines form a part of the claimed design.
