(57) **CLAIM**

I claim the ornamental design for a crotch for overalls, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a first embodiment of the crotch for overalls showing my new design;

FIG. 2 is a front elevational view of the crotch for overall of FIG. 1 shown in an alternate position;

FIG. 3 is a front elevational view of a second embodiment;

FIG. 4 is a front elevational view of the crotch for overall FIG. 3 in an alternate position;

FIG. 5 is a front elevational view of third embodiment

FIG. 6 is a front elevational view of the crotch for overall of FIG. 5 shown in an alternate position. The top edge of the inner layer has an opening for the fly which is to be covered by the flap.

FIG. 7 is a front elevational view of a fourth embodiment;

FIG. 8 is a front elevational view of the crotch for overall of FIG. 7 shown in an alternate position;

FIG. 9 is a front elevational view of a fifth embodiment;

FIG. 10 is a front elevational view of the crotch for overall of FIG. 9 shown in an alternate position. The top edge of the inner layer has an opening for the fly which is to be covered by the flap.

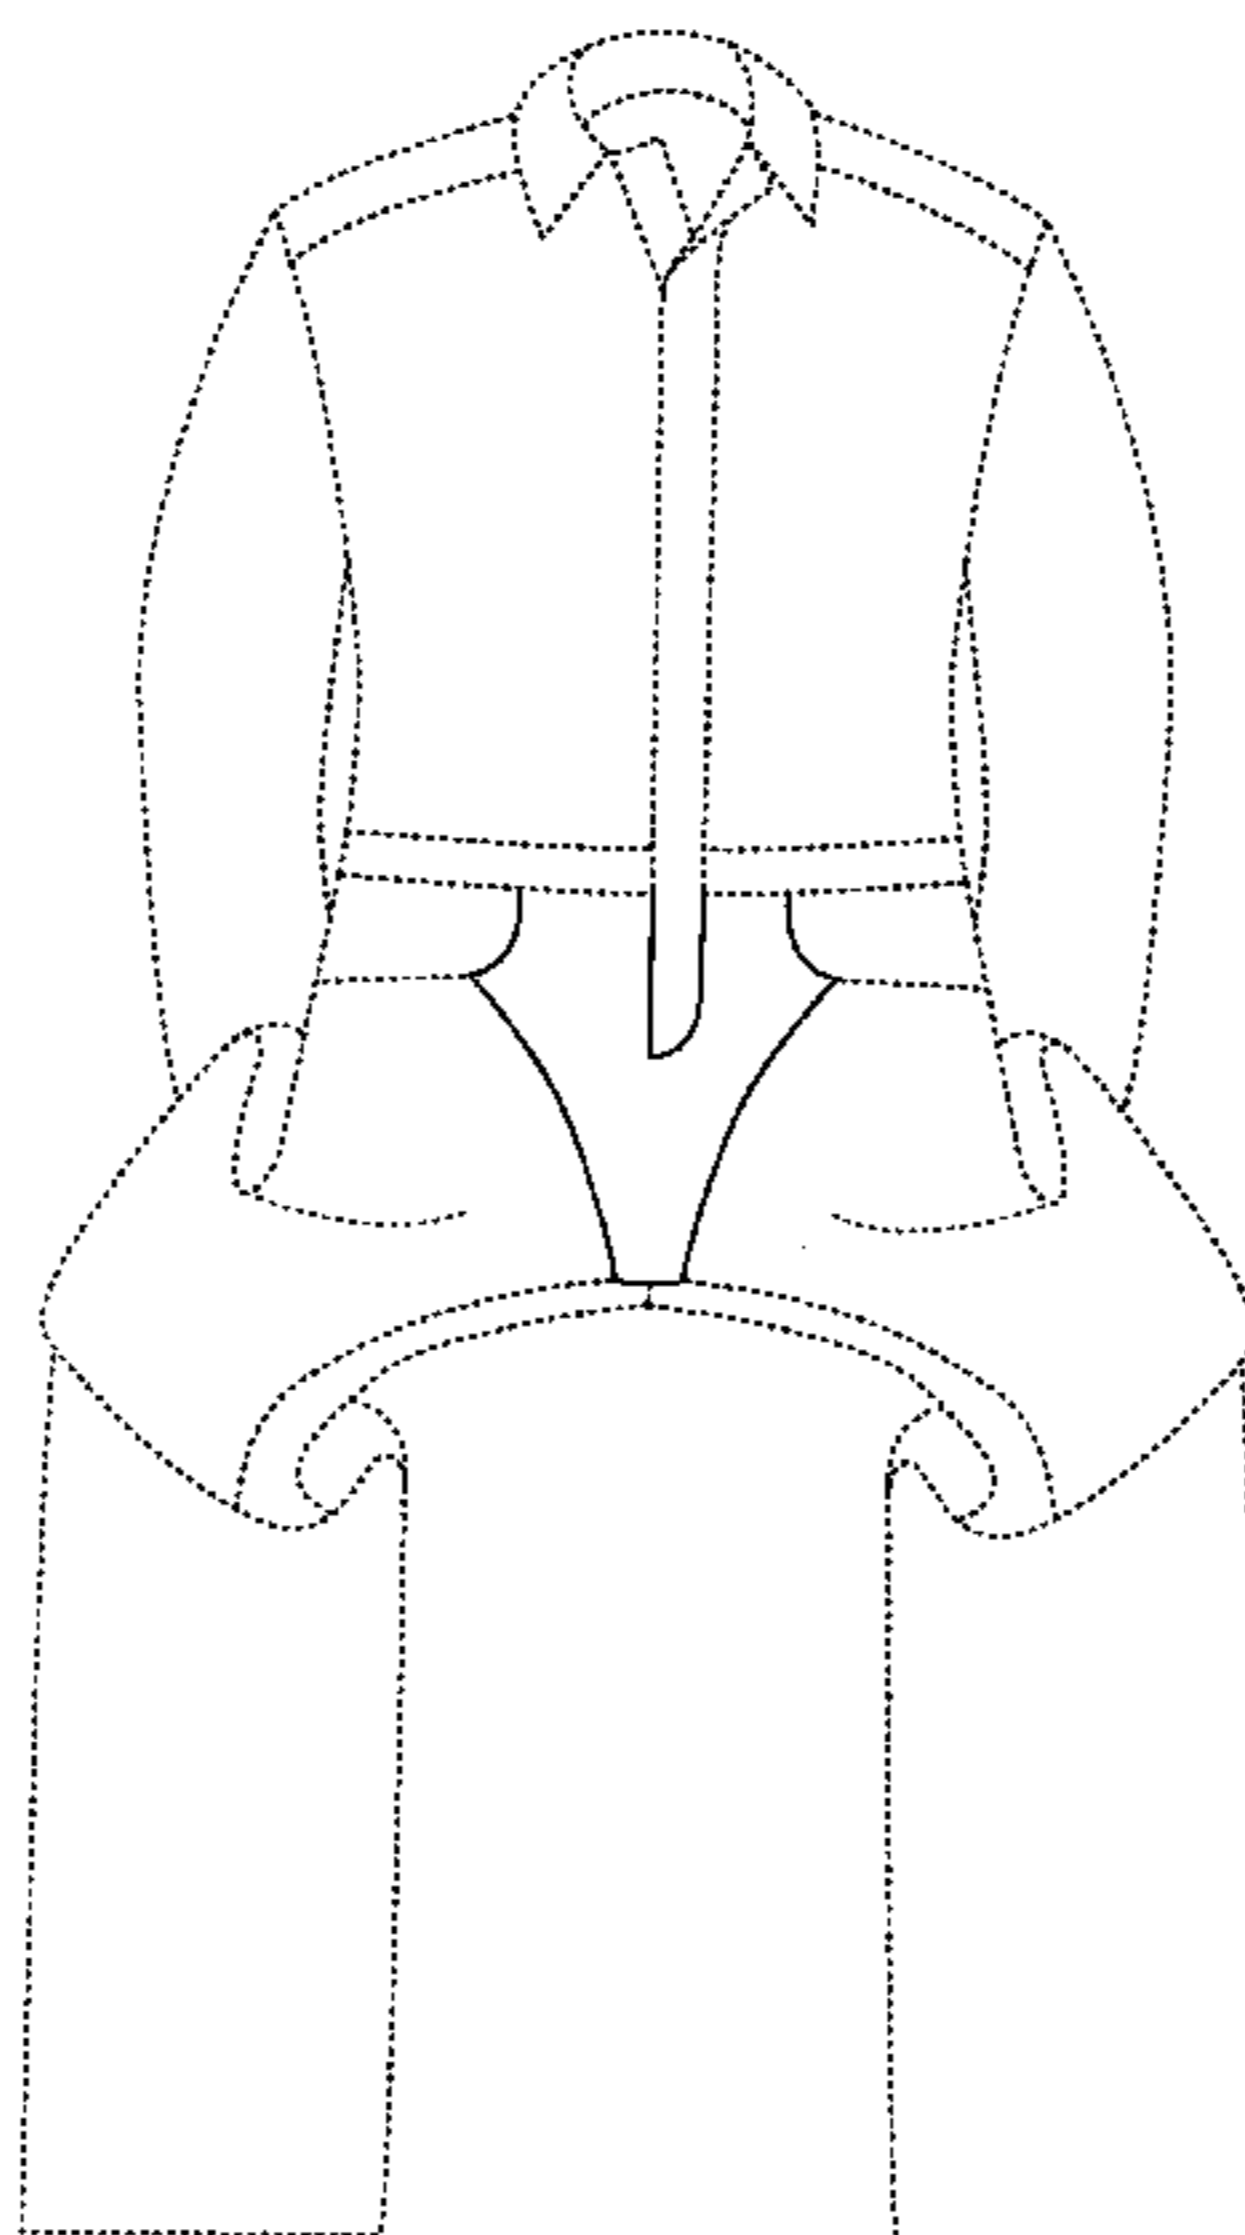

FIG. 11 is a front elevational view of the crotch for overall of FIG. 1 shown in an alternate position. The top edge of the inner layer has an opening for the fly which is to be covered by the flap.

FIG. 12 is a front elevational view of the crotch for overall of FIG. 7 shown in an alternate position. The top edge of the inner layer has an opening for the fly which is to be covered by the flap; and,

FIG. 13 is a front elevational view of the crotch for overall of FIG. 1 shown in an alternate position.

The broken lines at the bottom of the waistband define the bounds of the claimed design and form no part thereof.
