(57) **CLAIM**

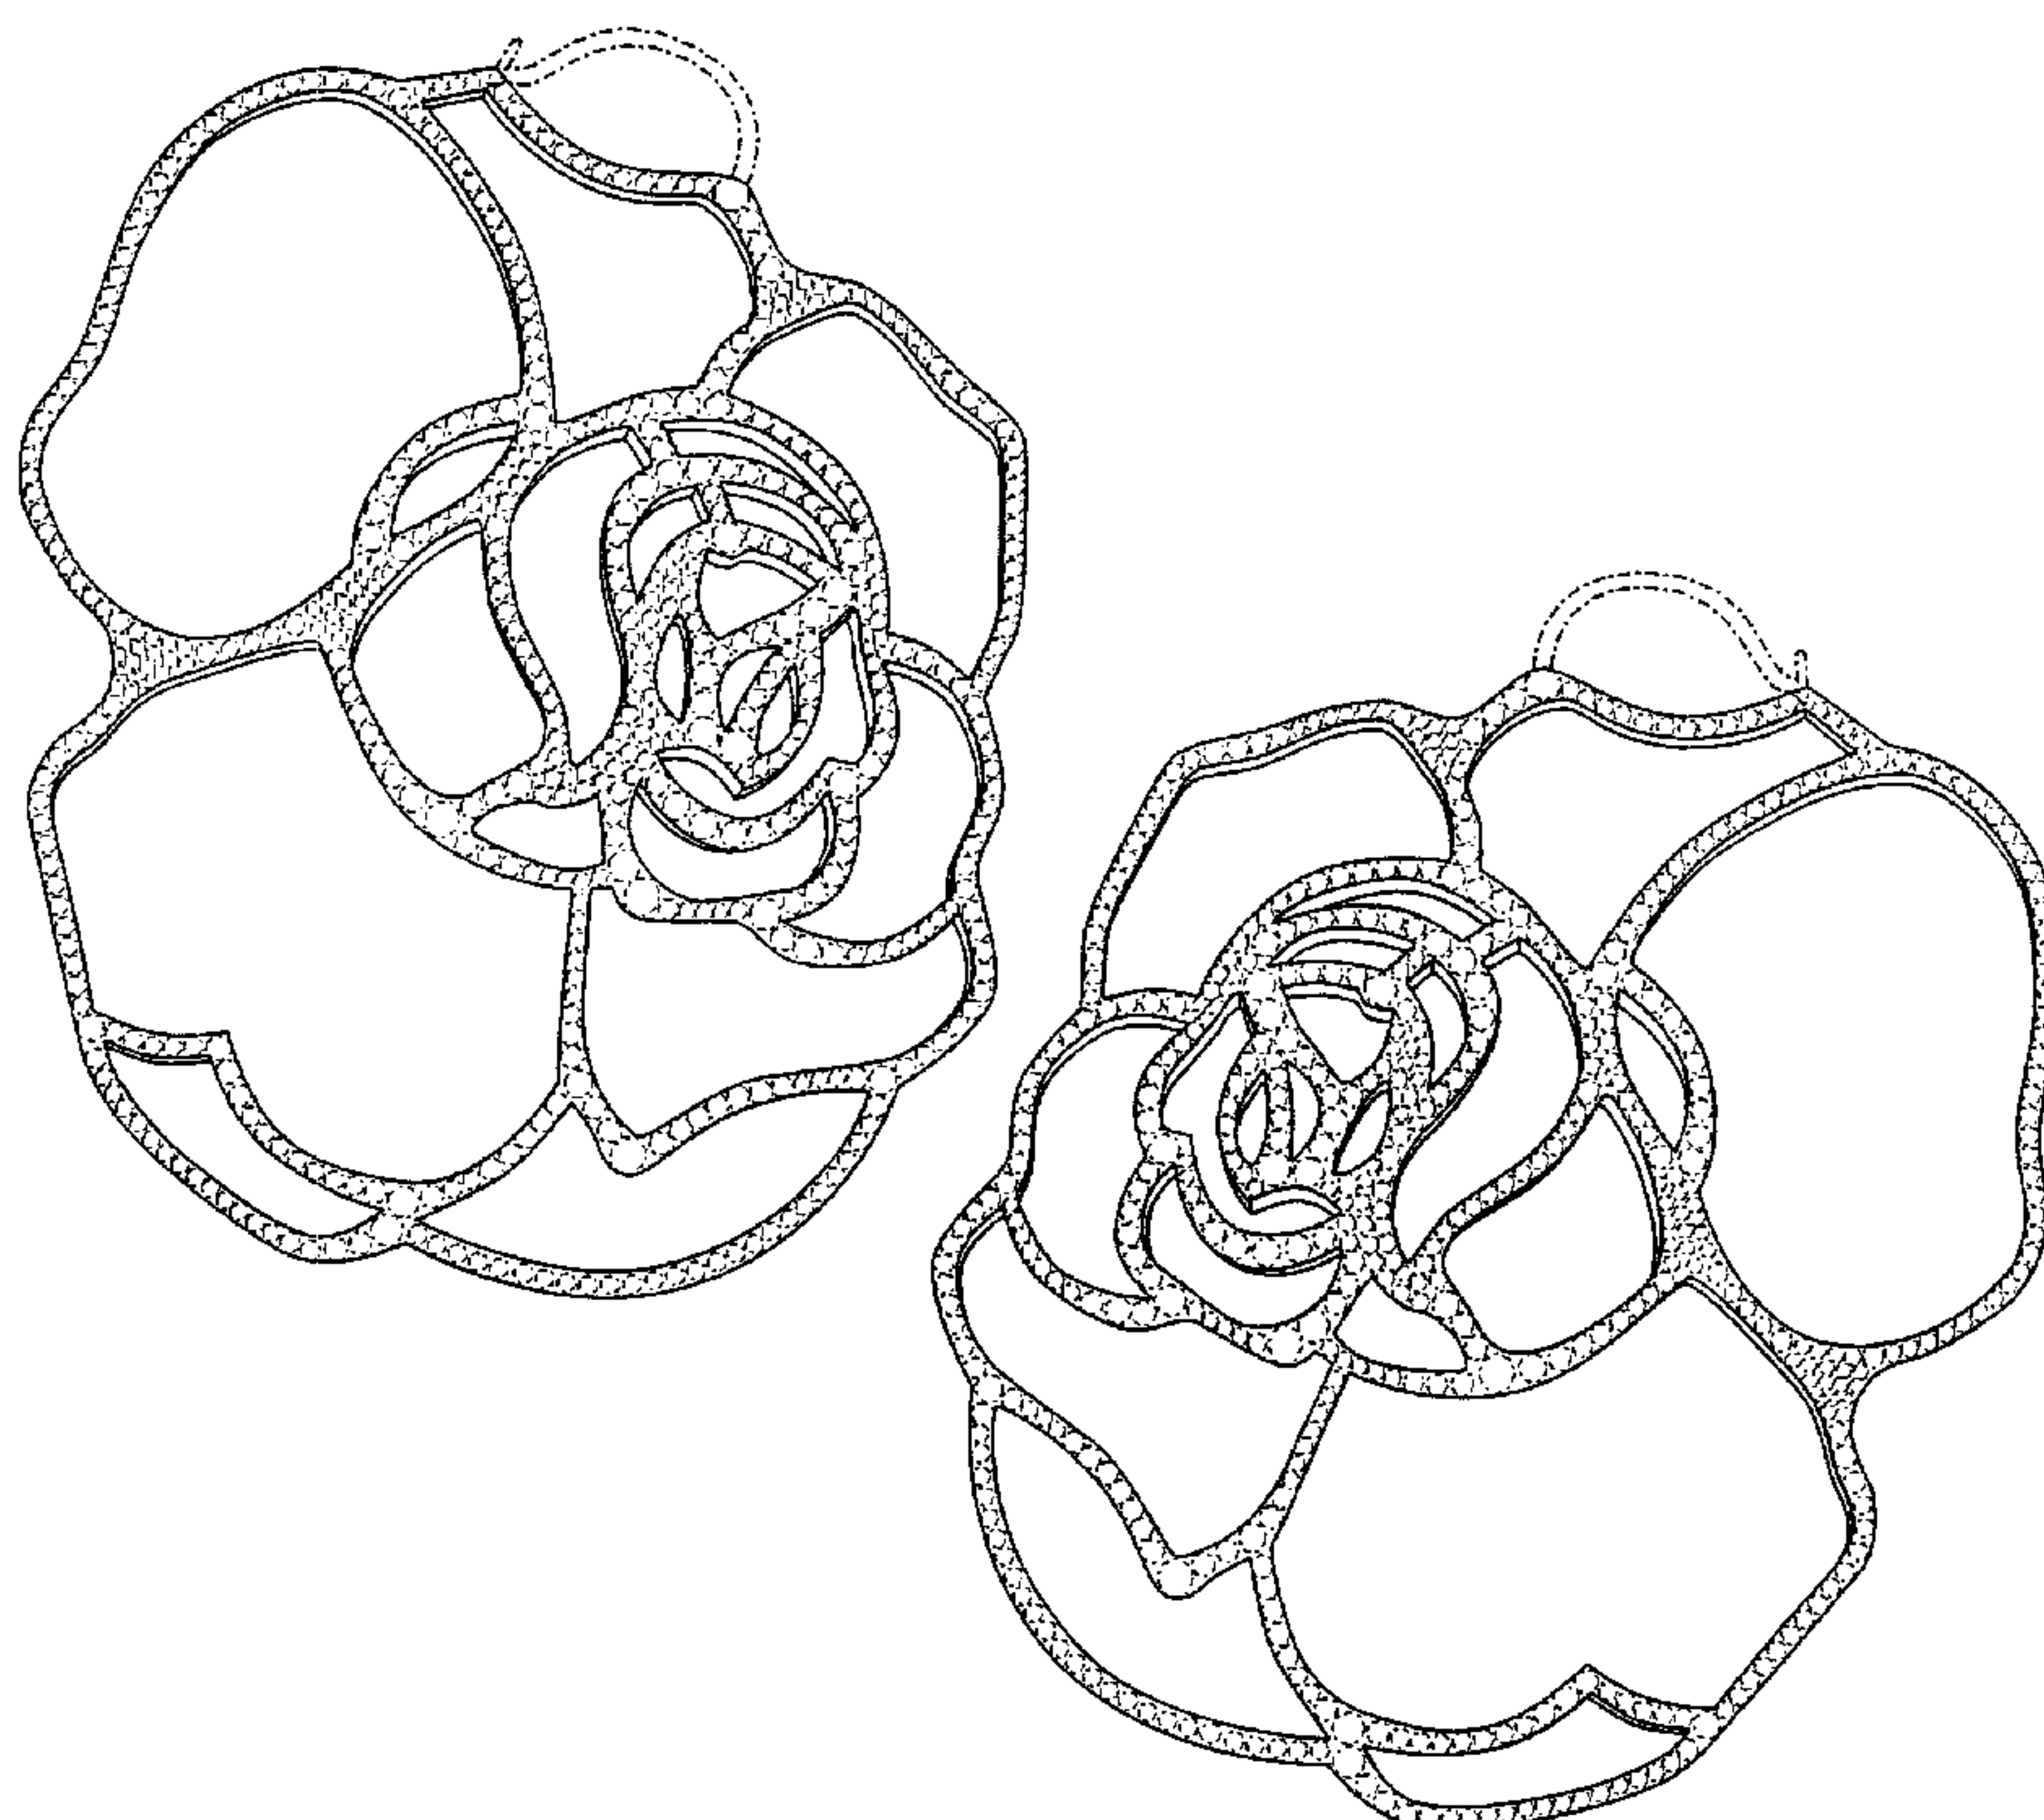

The ornamental design for a flower earring, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of two flower earrings of the invention, the rear view of each being a mirror image thereof and the sides (interior and exterior) being substantially flat and unornamented. The flower earrings when viewed from the side appear flat.

In FIG. 1, the included gems (that is, the portion of the Figure shown as a dashed interior portion) are for illustrative purposes only and form no part of the claimed design, this includes the gemstones and the attached element shown in FIG. 1.
