(57) **CLAIM**

The ornamental design for a shoe outsole, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a portion of a shoe outsole showing my new design.  
FIG. 2 is a rear perspective view thereof; and,  
FIG. 3 is a bottom plan view thereof.  
The uneven broken lines immediately adjacent the shaded areas represent unclaimed boundaries of the design. The uneven broken lines showing the circular, elongated and notched regions within the shaded regions, as well as the uneven broken lines showing the remainder of the shoe, are for illustrative purposes only and form no part of the claimed design.  
The broken lines immediately adjacent to and in-between areas of solid line details throughout the views represent the interior boundaries of the design. The broken lines themselves, and the spaces within them form no part of the claim.
