(57) **CLAIM**

We claim the ornamental design for an electronic device holder, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an electronic device holder in accordance with the present design. The electronic device holder can, for example, be an electronic device holder for a handheld electronic device such as media player, media storage device, cell phone, PDA and/or the like.

FIG. 2 is a front view for the electronic device holder shown broken away;

FIG. 3 is a rear view for the electronic device holder shown broken away;

FIG. 4 is a top view for the electronic device holder shown broken away;

FIG. 5 is a bottom view for the electronic device holder shown broken away;

FIG. 6 is a right side view for the electronic device holder.

FIG. 7 is a left side view for the electronic device holder.

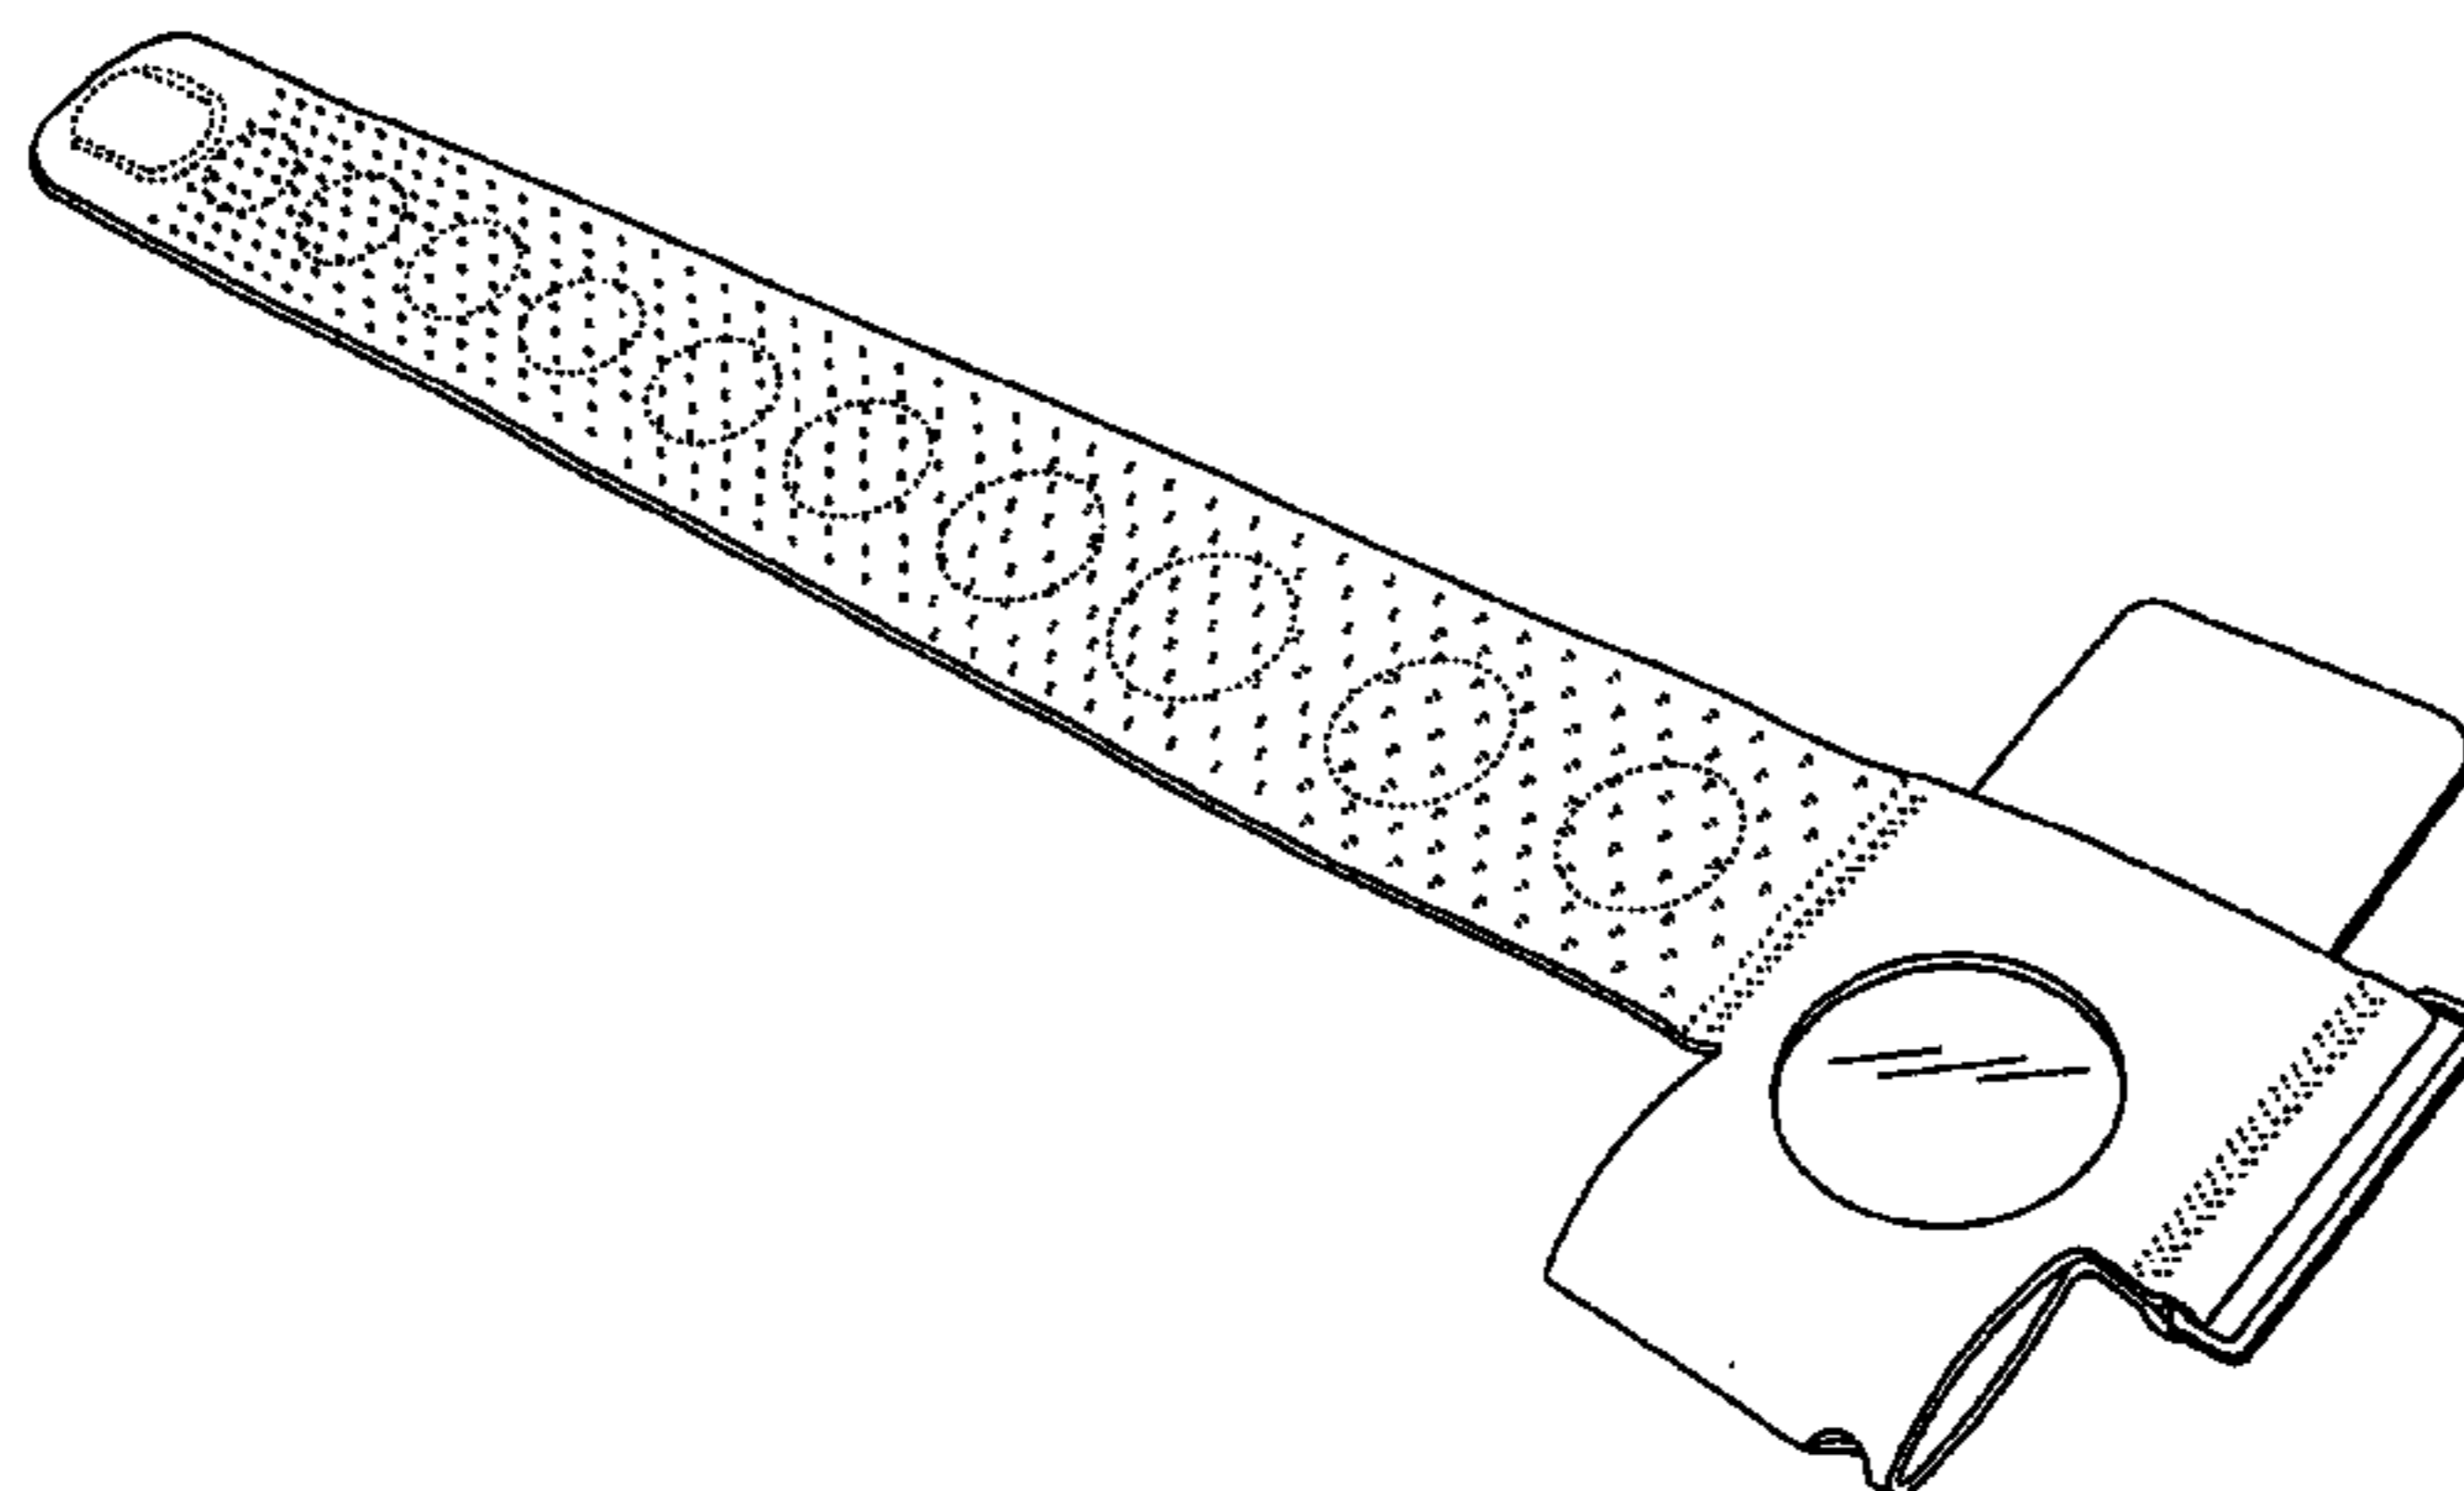

FIG. 8 is a partial front view of the electronic device holder with an electronic device being inserted therein; and,

FIG. 9 is a partial front view of the electronic device holder with the electronic device inserted therein.

The electronic device shown in FIGS. 8 and 9 may for example correspond to the media device shown and described in U.S. Design patent application No.: 29/237,090, titled “Media Device,” filed Aug. 24, 2005, which is herein incorporated by reference.

The broken line showing of environment in the drawing figures is for illustrative purposes only and forms no part of the claimed design.
