(57) **CLAIM**

The ornamental design for a reconfigurable toy extreme sport surfer, as shown and described.

DESCRIPTION

FIGS. **1–12** show a reconfigurable toy having a novel shape and/or configuration. The toy can be configured in a vehicle mode, as shown in FIGS. **1–6**, and a power suit mode, as shown in FIGS. **7–12**.

FIG. **1** is a right-side view of the toy in a vehicle configuration.

FIG. **2** is a left-side view of the toy in a vehicle configuration.

FIG. **3** is front view of the toy in a vehicle configuration.

FIG. **4** is a back view of the toy in a vehicle configuration.

FIG. **5** is a top view of the toy in a vehicle configuration.

FIG. **6** is a bottom view of the toy in a vehicle configuration.

FIG. **7** is a right-side of the toy in a power suit configuration.

FIG. **8** is a left-side view of the toy in a power suit configuration.

FIG. **9** is a front view of the toy in a power suit configuration.

FIG. **10** is a back view of the toy in a power suit configuration.

FIG. **11** is a top view of the toy in a power suit configuration; and,

FIG. **12** is a bottom view of the toy in a power suit configuration.

The shading lines shown in the drawings represent the approximate three-dimensional contour of the design, and are not intended to indicate surface decoration.
