(57) **CLAIM**

The ornamental design for a gun sight for a handgun, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a rear gun sight according to the present invention showing our new design; FIG. 2 is a top plan view thereof; FIG. 3 is a rear elevational view thereof; FIG. 4 is a right-side elevational view thereof looking at the sight from the front, the left-side elevational view being a mirror image of the right side; and, FIG. 5 is a front elevational view thereof.

The bottom side has no ornamentation and therefore is not shown.

The broken lines are for illustrative purposes only and form no part of the claimed design.
