(57) **CLAIM**

We claim the ornamental design for a multi-function reading light for attachment to book covers, as shown and described.

DESCRIPTION

FIG. 1 is a right side perspective view of the multi-function reading light for attachment to book covers showing our new design having a telescoping arm with a pivoting light at its end, in a fully extend position;

FIG. 2 is a left side perspective view thereof;

FIG. 3 is a front view thereof;

FIG. 4 is a back view thereof;

FIG. 5 is a right side view thereof;

FIG. 6 is a left side view thereof;

FIG. 7 is a right side perspective view of the multi-function reading light for attachment to book covers showing our new design having the telescoping arm with the pivoting light in a fully retracted and stored position;

FIG. 8 is a left side view thereof;

FIG. 9 is a top view thereof;

FIG. 10 is a bottom view thereof; and,

FIG. 11 is top view thereof with the multi-function reading light for attachment to book covers removably incorporated with a book cover.

The broken lines shown on the drawings are for illustrative purposes only and form no part of the claimed design.
