(57) **CLAIM**

The ornamental design for a combined sleeping bag with inflatable mattress, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the combined sleeping bag with inflatable mattress of the present invention in an elongated position;

FIG. 2 is a rear view of the combined sleeping bag with inflatable mattress of the present invention in the elongated position;

FIG. 3 is a top view of the combined sleeping bag with inflatable mattress of the present invention in the elongated position shown with the top partially opened;

FIG. 4 is a bottom view of the combined sleeping bag with inflatable mattress of the present invention in the elongated position;

FIG. 5 is a right view of the combined sleeping bag with inflatable mattress of the present invention in the elongated position;

FIG. 6 is a left view of the combined sleeping bag with inflatable mattress of the present invention in the elongated position;

FIG. 7 is a front view of the combined sleeping bag with inflatable mattress of the present invention in an alternate reclined position;

FIG. 8 is a rear view of the combined sleeping bag with inflatable mattress of the present invention in the reclined position;

FIG. 9 is a top view of the combined sleeping bag with inflatable mattress of the present invention in the reclined position;

FIG. 10 is a bottom view of the combined sleeping bag with inflatable mattress of the present invention in the reclined position;

FIG. 11 is a left view of the combined sleeping bag with inflatable mattress of the present invention in the reclined position;

FIG. 12 is a right view of the combined sleeping bag with inflatable mattress of the present invention in the reclined position;

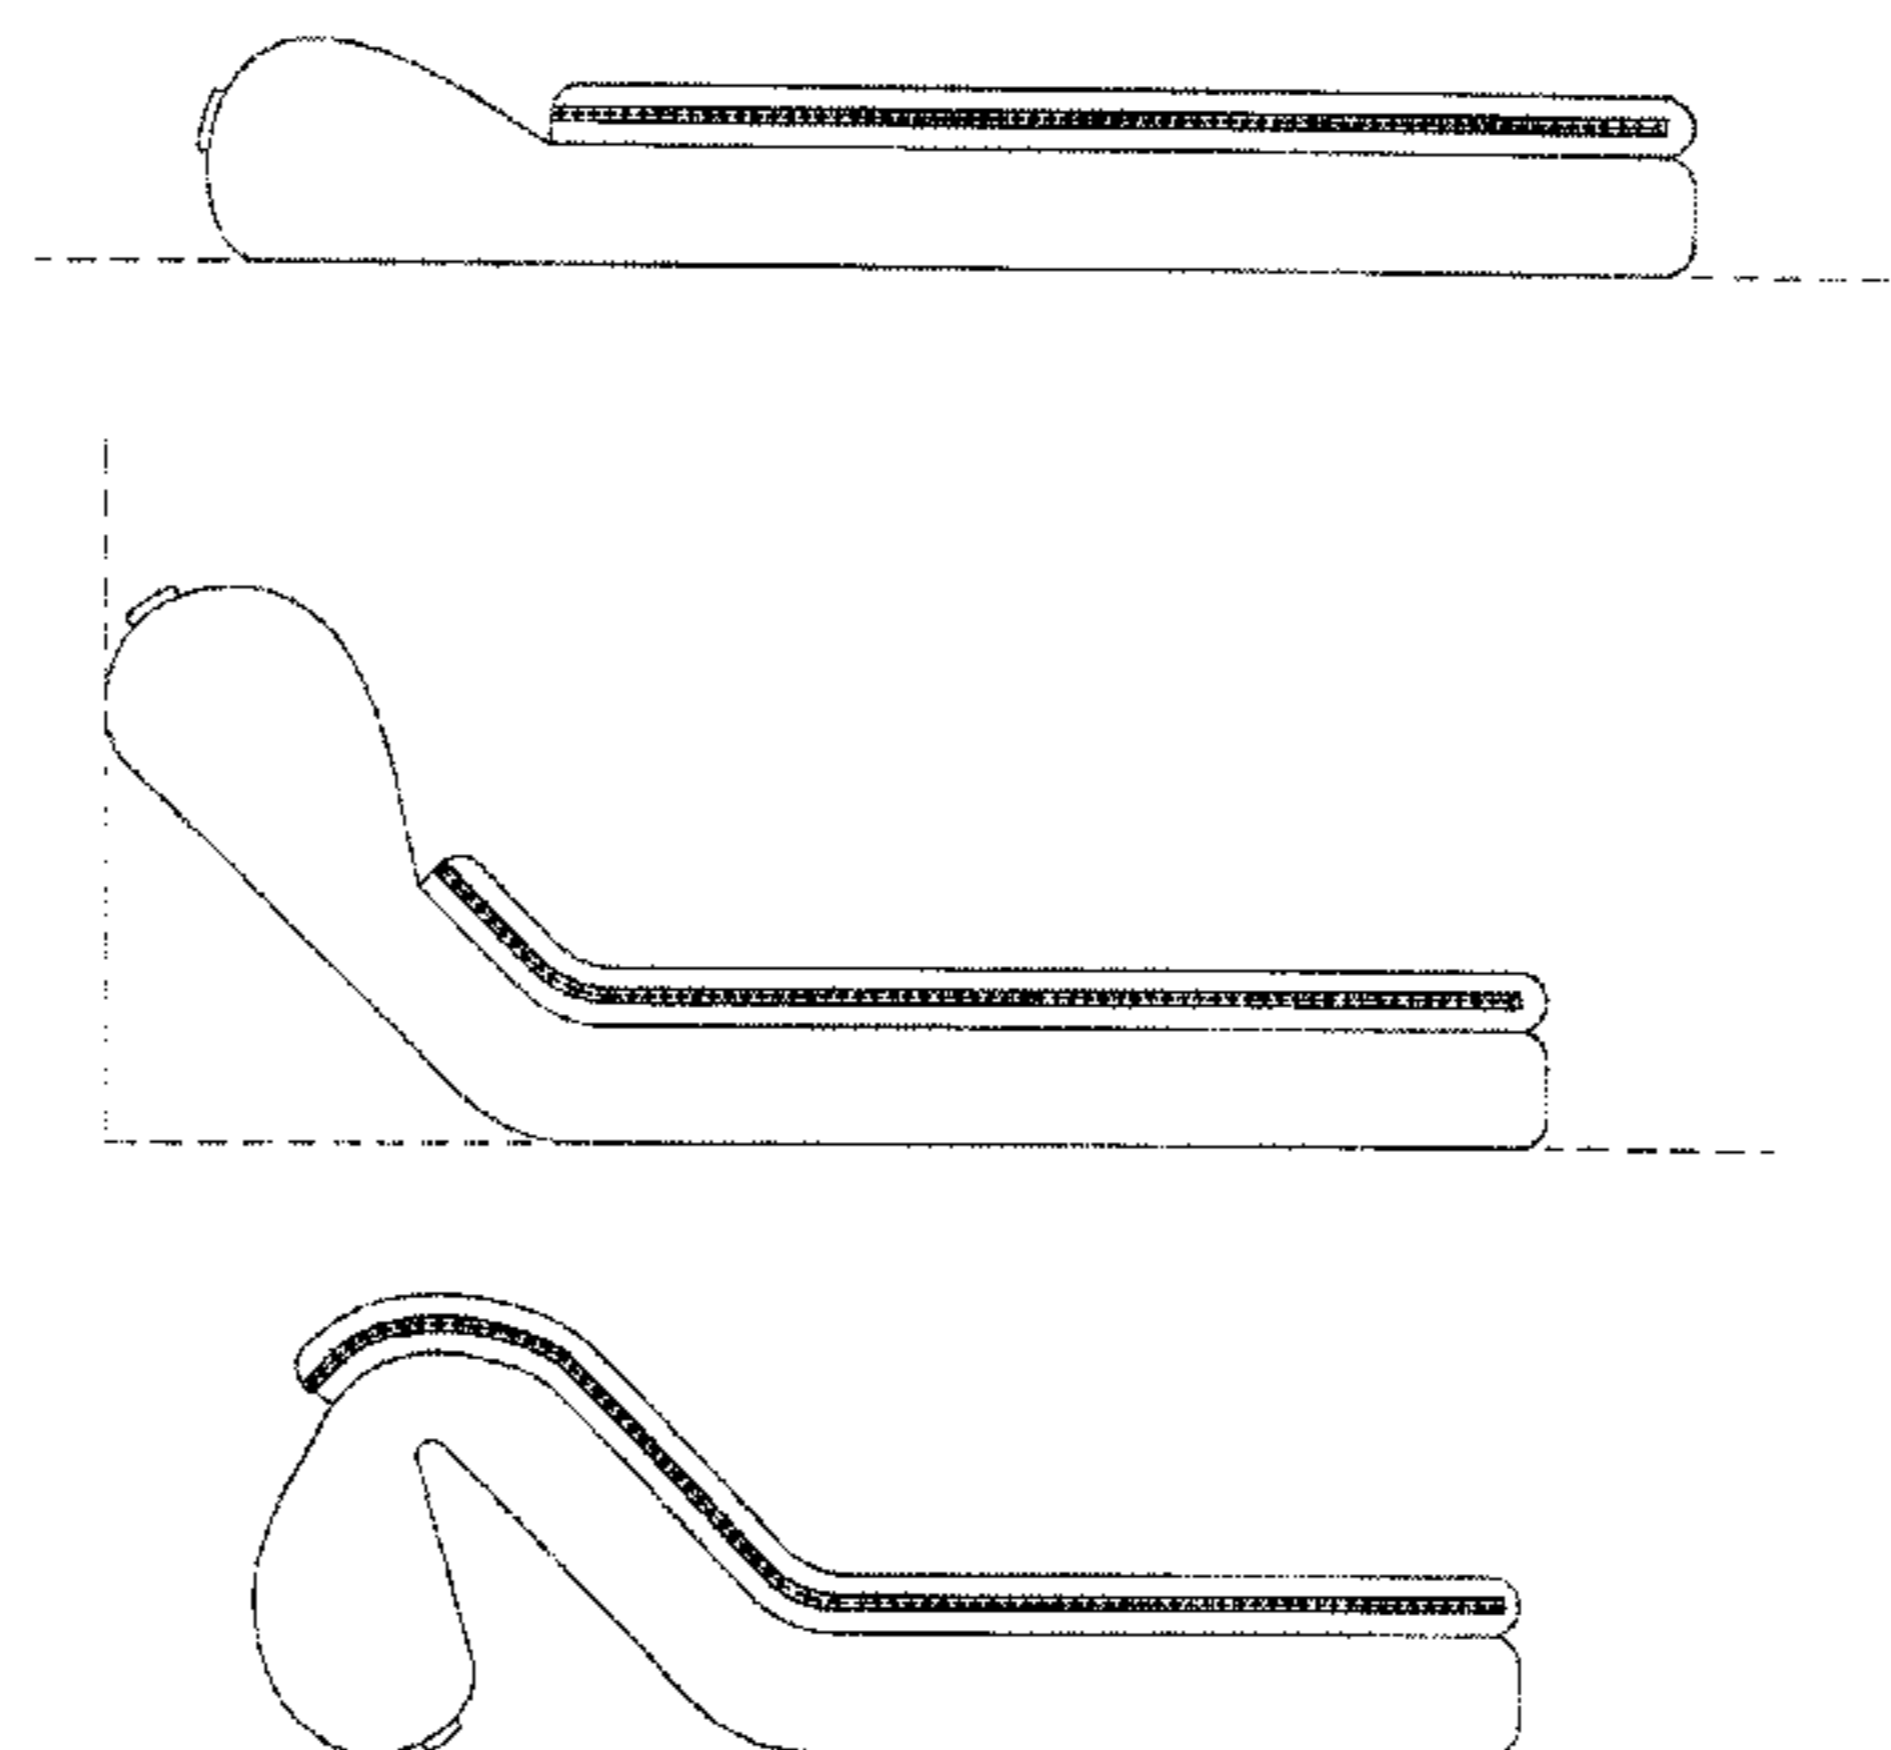

FIG. 13 is a front view of the combined sleeping bag with inflatable mattress of the present invention in an alternate sitting position;

FIG. 14 is a rear view of the combined sleeping bag with inflatable mattress of the present invention in the sitting position;

FIG. 15 is a top view of the combined sleeping bag with inflatable mattress of the present invention in the sitting position;

FIG. 16 is a bottom view of the combined sleeping bag with inflatable mattress of the present invention in the sitting position;

FIG. 17 is a left view of the combined sleeping bag with inflatable mattress of the present invention in the sitting position; and,

FIG. 18 is a right view of the combined sleeping bag with inflatable mattress of the present invention in the sitting position.

In the drawings, the broken lines represent environmental structure forming no part of the claim.
