(57) **CLAIM**

The ornamental design for a electromechanical exercise apparatus, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the electromechanical exercise apparatus according to the present invention; FIG. 2 is a side view of the electromechanical exercise apparatus according to the present invention; FIG. 3 is a front of the electromechanical exercise apparatus according to the present invention; FIG. 4 is another side view of the electromechanical exercise apparatus according to the present invention; FIG. 5 is a rear view of the electromechanical exercise apparatus according to the present invention; and, FIG. 6 is a top view of the electromechanical exercise apparatus according to the present invention.
