(57) **CLAIM**

The ornamental design for a air filter housing for an internal combustion engine, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an air filter housing for an internal combustion engine according to a first embodiment of the present design;

FIG. 2 is a front elevation view of the air filter housing for an internal combustion engine shown in FIG. 1.

FIG. 3 is a top plan view of the air filter housing for an internal combustion engine shown in FIG. 1.

FIG. 4 is a bottom plan view of the air filter housing for an internal combustion engine shown in FIG. 1.

FIG. 5 is a left side elevation view of the air filter housing for an internal combustion engine shown in FIG. 1, with the right side elevation view of the air filter housing for an internal combustion engine shown in FIG. 1 being a mirror image of FIG. 5;

FIG. 6 is a perspective view of an air filter housing for an internal combustion engine according to a second embodiment of the present design;

FIG. 7 is a front elevation view of the air filter housing for an internal combustion engine shown in FIG. 6;

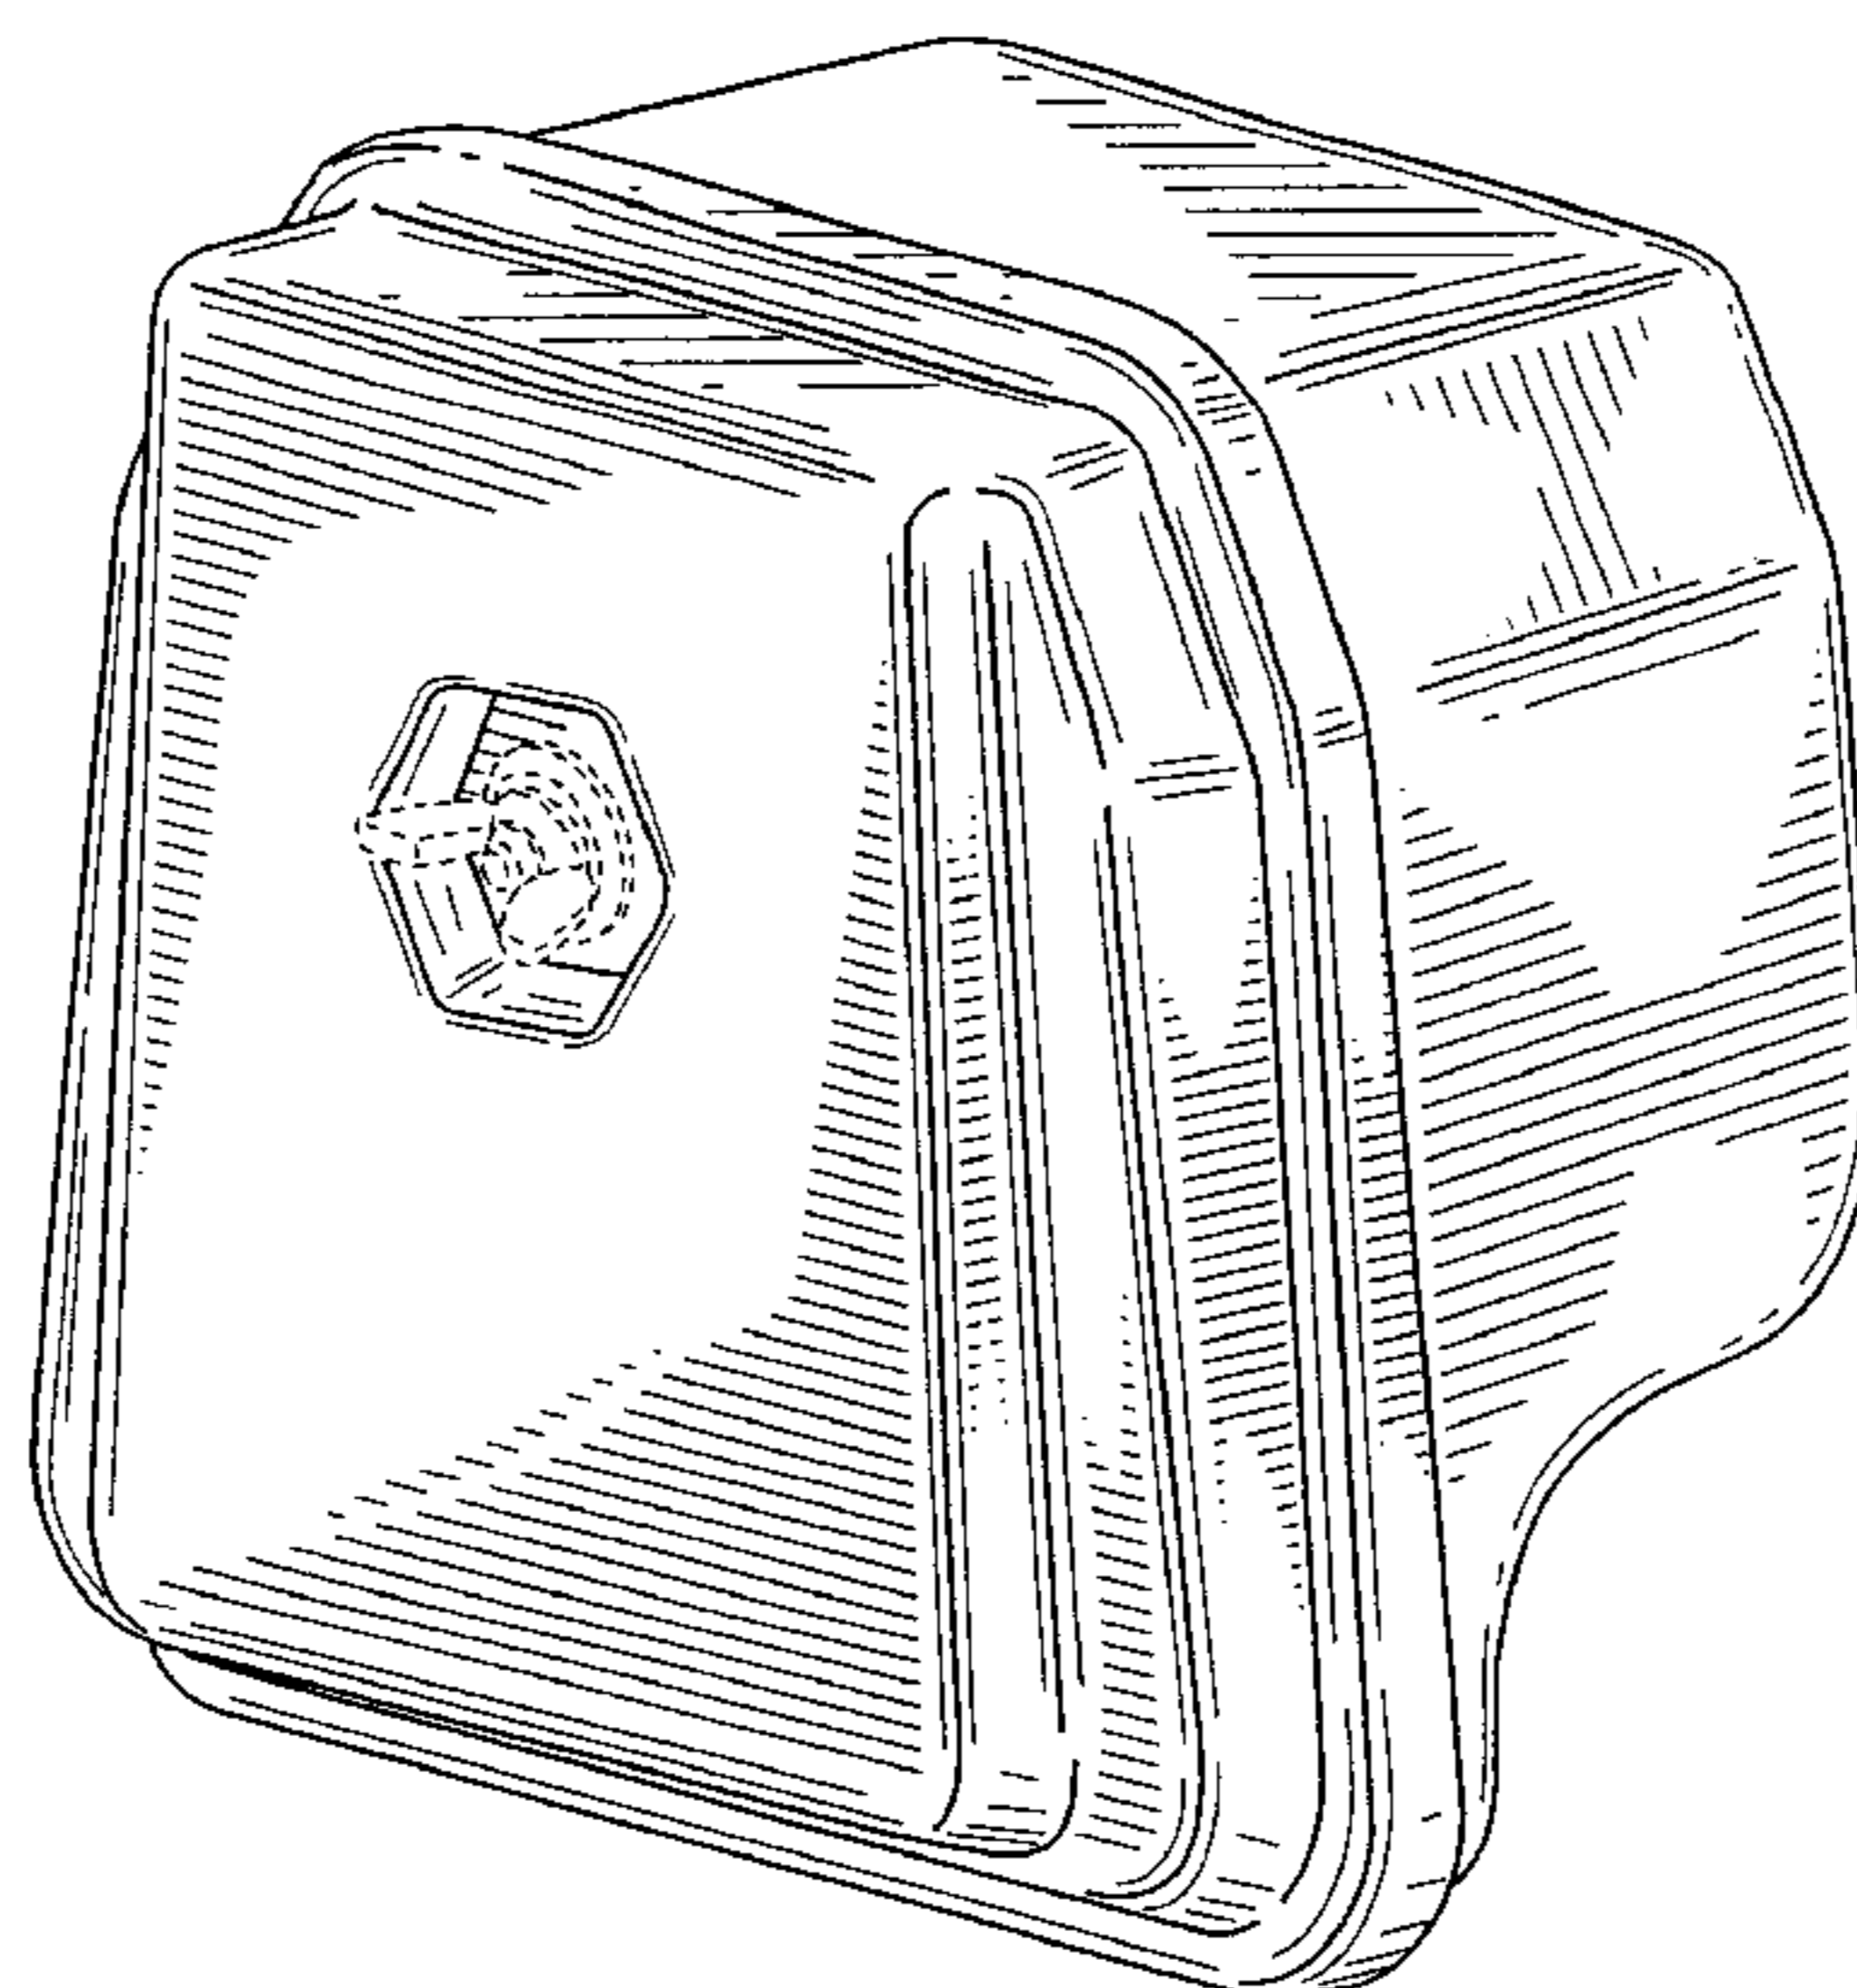

FIG. 8 is a top plan view of the air filter housing for an internal combustion engine shown in FIG. 6;

FIG. 9 is a bottom plan view of the air filter housing for an internal combustion engine shown in FIG. 6; and,

FIG. 10 is a left side elevation view of the air filter housing for an internal combustion engine shown in FIG. 6, with the right side elevation view of the air filter housing for an internal combustion engine shown in FIG. 6 being a mirror image of FIG. 10.

The broken lines shown in FIGS. 1-10 are for illustrative purposes only and form no part of the claimed design.
