(57) **CLAIM**

The ornamental design for a combined ceiling fan housing and light fixture, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a combined ceiling fan housing and light fixture constructed in accordance with the present invention, the ceiling fan illustrates an environment for said fan housing and light;

FIG. 2 is an enlarged perspective view of a fan housing and light in accordance with the present invention;

FIG. 3 is another enlarged perspective view of the fan housing and light in accordance with the present invention;

FIG. 4 is an enlarged top view of the fan housing and light in accordance with the present invention;

FIG. 5 is an enlarged bottom view of the fan housing and light in accordance with the present invention; and,

FIG. 6 is an enlarged view of the fan housing and light in accordance with the present invention, the side views and the rear view being substantially the same.

The broken line showing of a ceiling fan is included for the purpose of illustrating environmental structure and forms no part of the claimed design.
