(57) **CLAIM**

We claim the ornamental design for a one button external storage, as shown and described.

DESCRIPTION

FIG. 1 is a perspective front-top-right side view of a one button external storage according to an embodiment of the invention;

FIG. 2 is a front view of a one button external storage according to an embodiment of the invention;

FIG. 3 is a rear view of a one button external storage according to an embodiment of the invention;

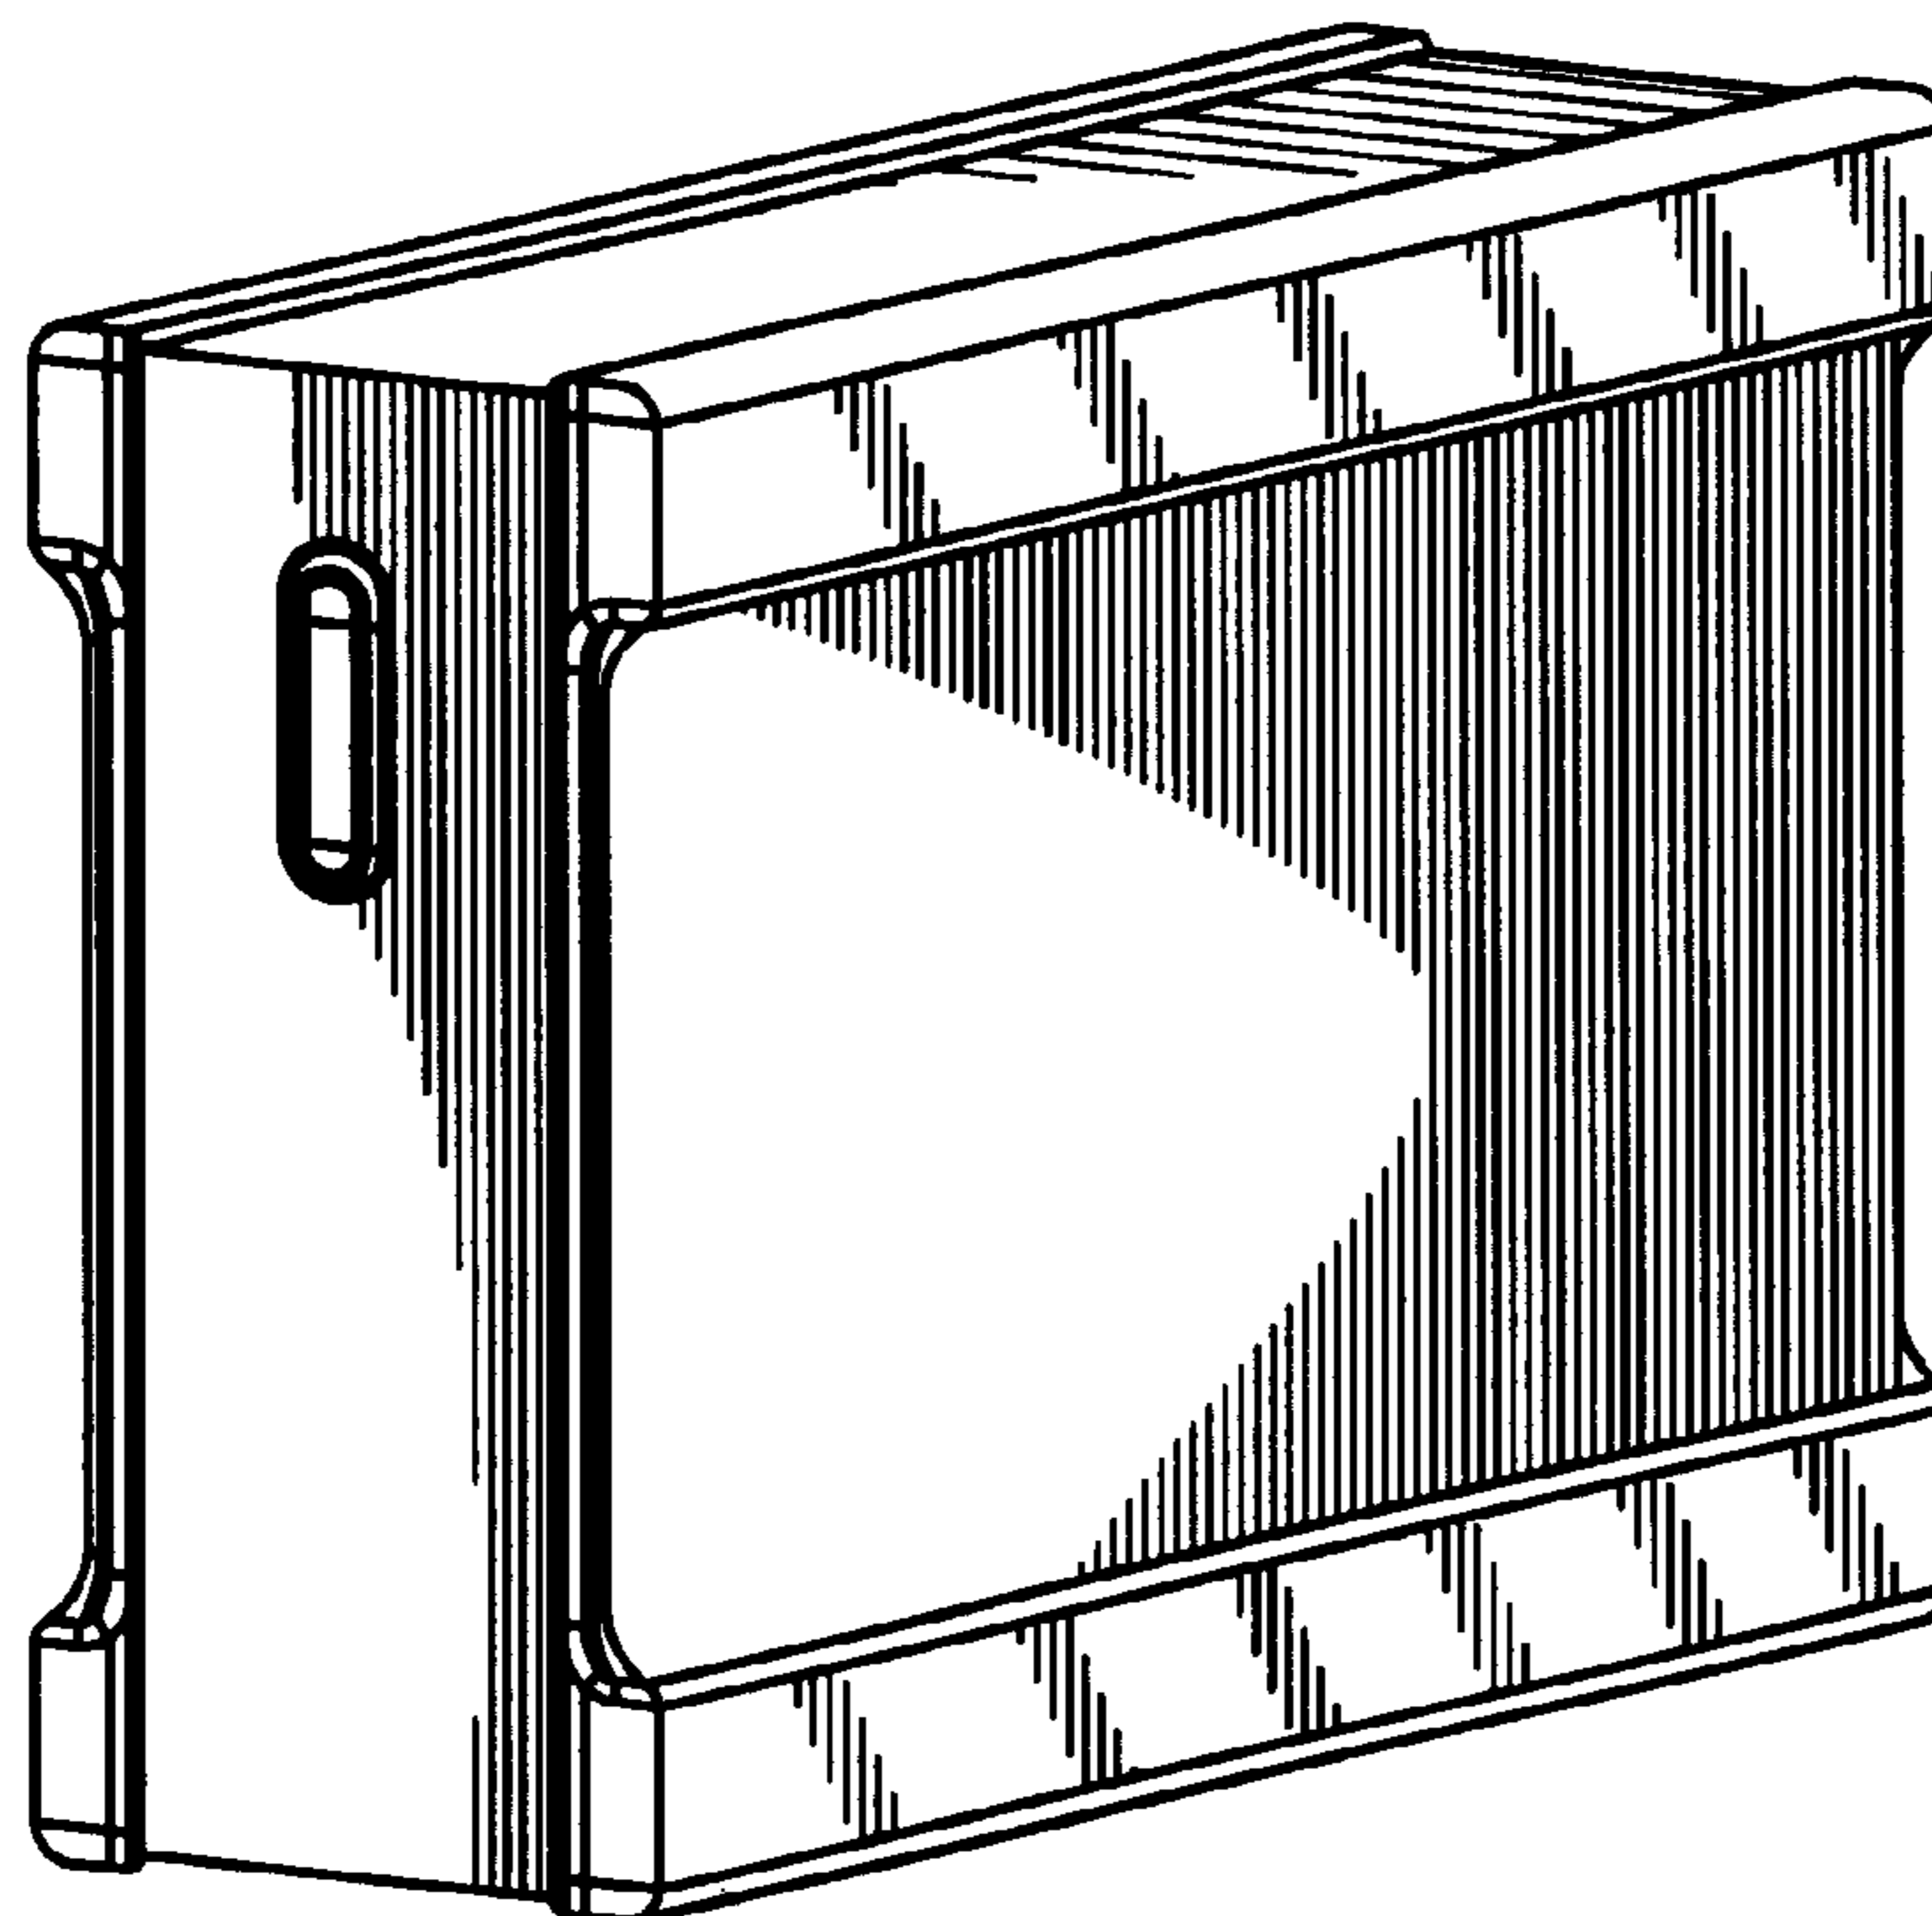

FIG. 4 is a right side view of a one button external storage according to an embodiment of the invention;

FIG. 5 is a left side view of a one button external storage according to an embodiment of the invention;

FIG. 6 is a top view of a one button external storage according to an embodiment of the invention; and,

FIG. 7 is a bottom view of a one button external storage according to an embodiment of the invention.
