(57) **CLAIM**

The ornamental design for a motorcycle air filter assembly, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the top, front, and right side of the motorcycle air filter assembly;

FIG. 2 is a perspective view of the top, rear, and left side thereof;

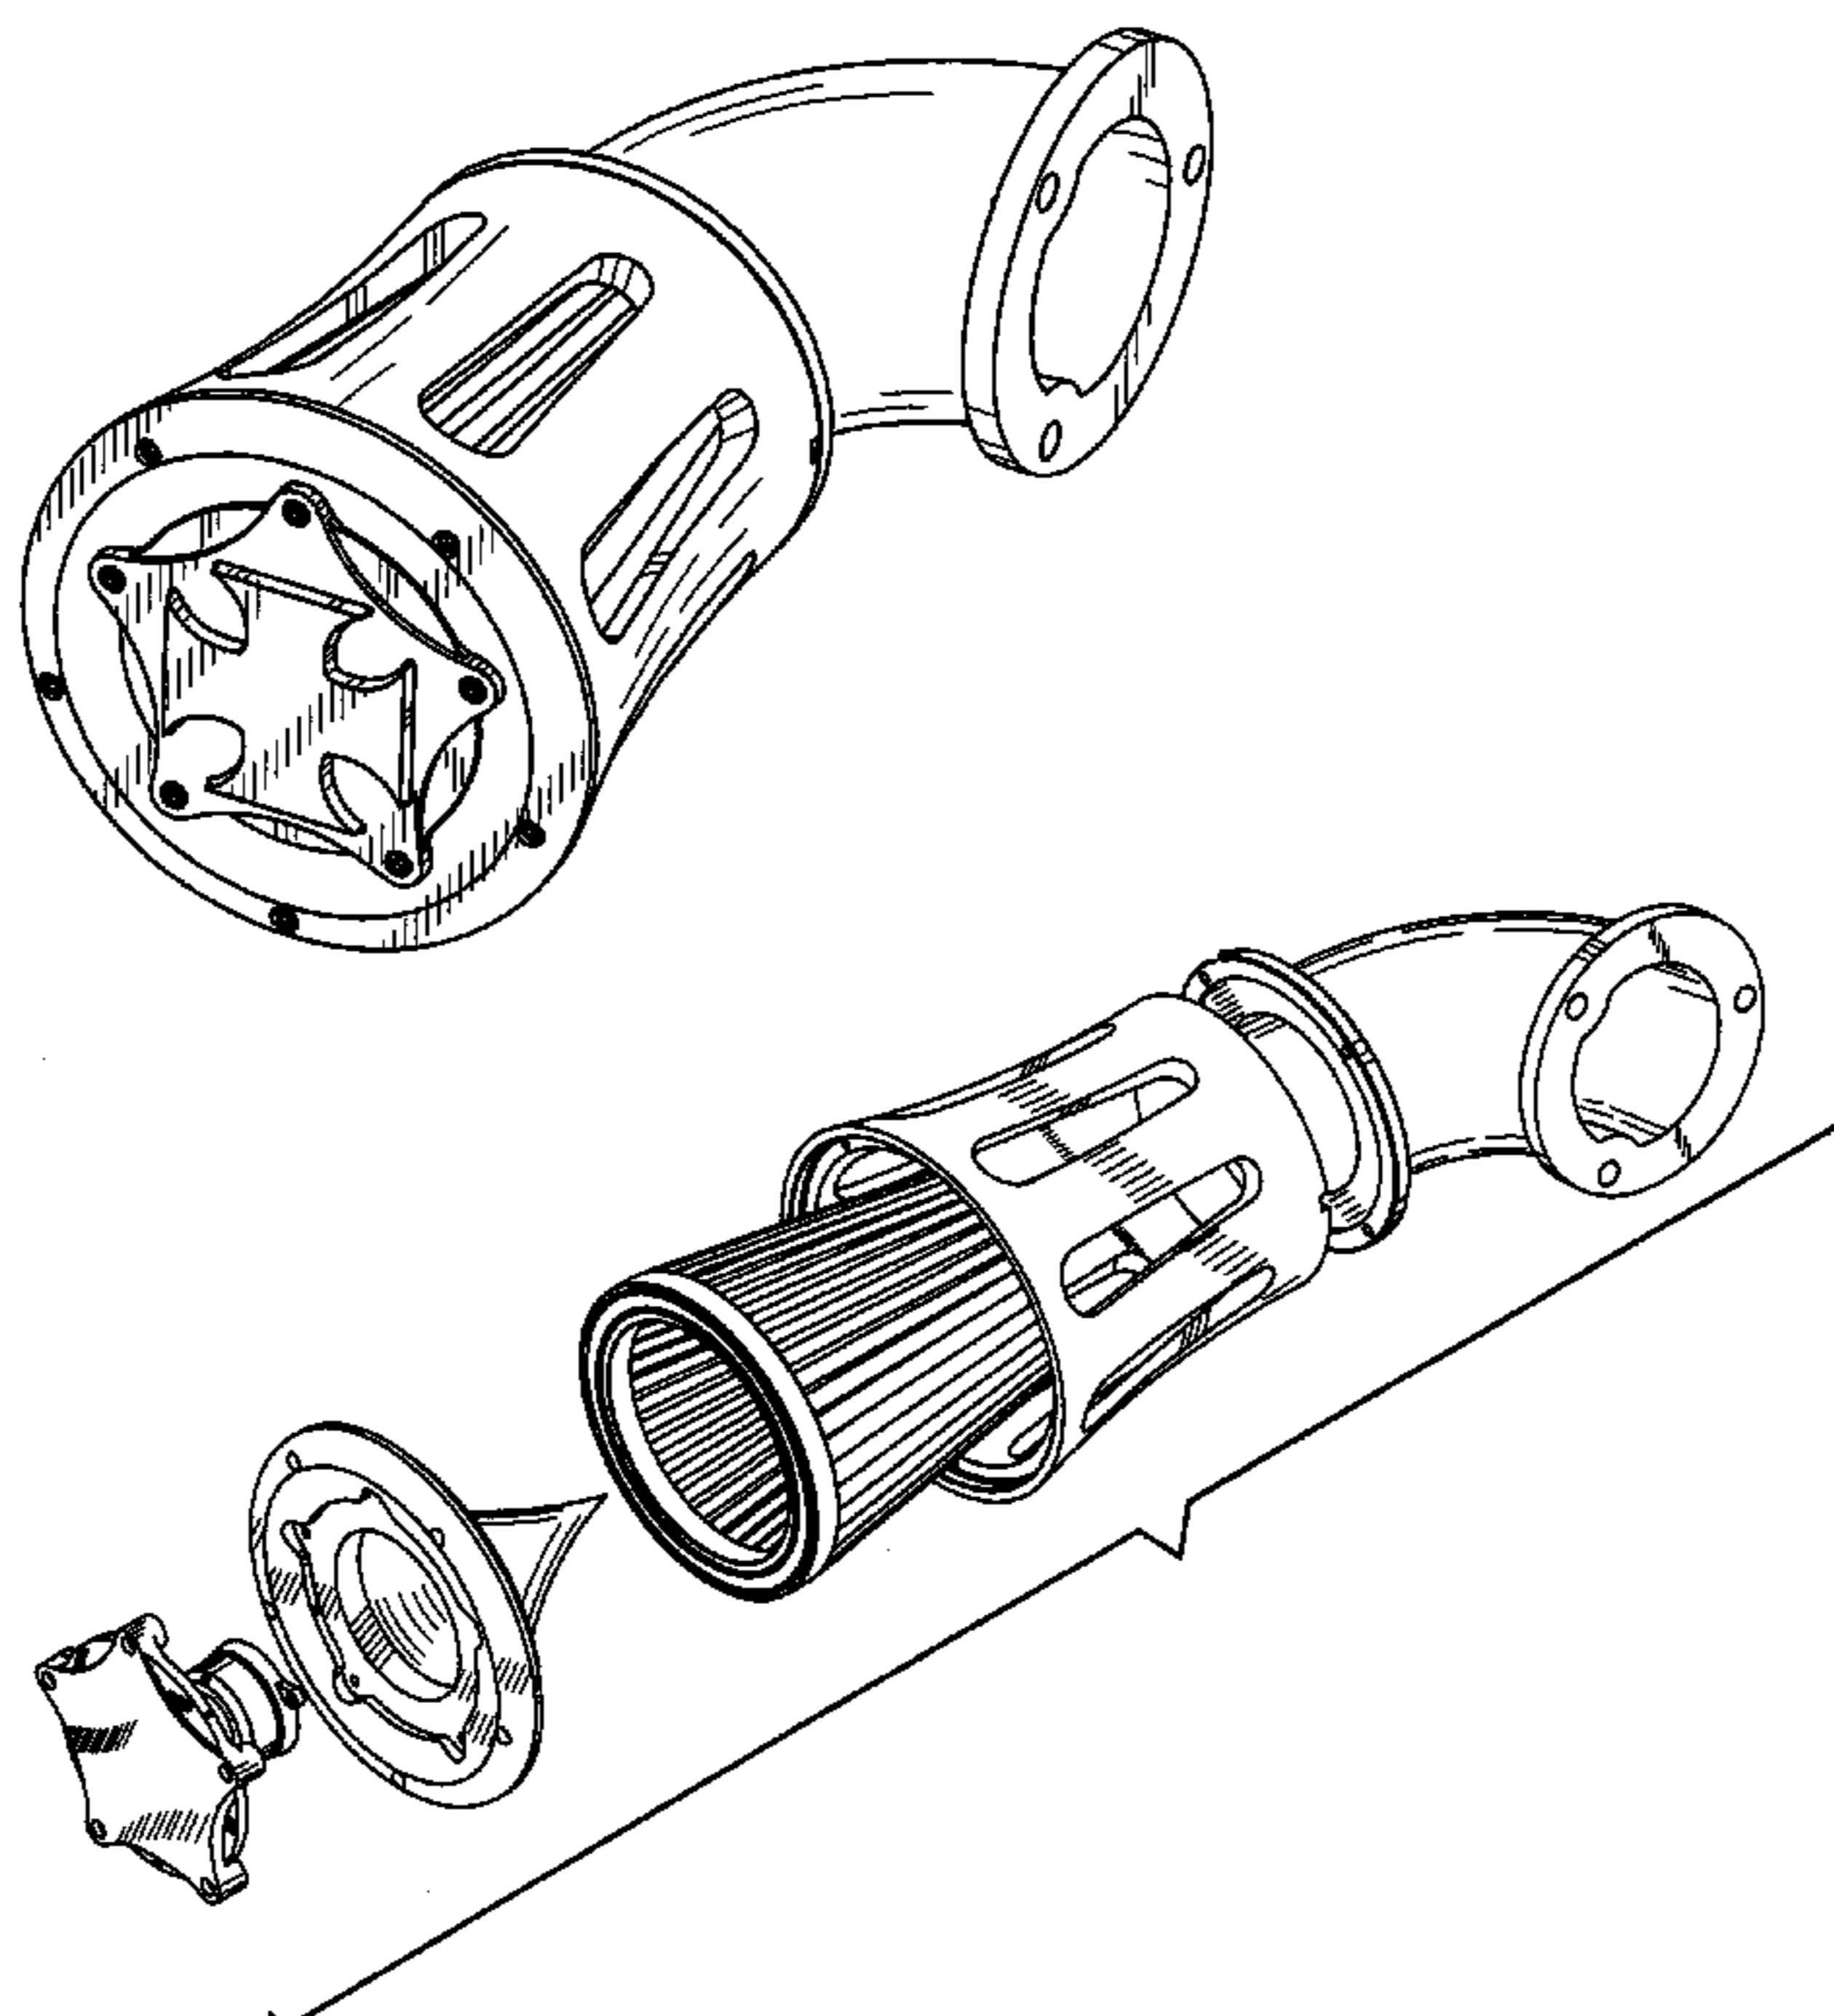

FIG. 3 is a perspective view of the top, front, and left side of a second embodiment of a motorcycle air filter assembly as in FIG. 1, the only difference being the alternate end cap design;

FIG. 4 is a perspective view of the top, front, and right side of a third embodiment of a motorcycle air filter assembly as in FIG. 1, the only difference being yet another alternate end cap design;

FIG. 5 is a perspective, exploded view of the top, front, and left side of the motorcycle air filter assembly shown in FIG. 1; and,

FIG. 6 is a right side, exploded view of the motorcycle air filter assembly shown in FIG. 1.
