(57) **CLAIM**

The ornamental design for wall hanging swivel trophy mount, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the trophy mount design.

FIG. 2 is a right hand side view of the trophy mount design which is enantiomorphous to the left hand side view which is therefore not depicted.

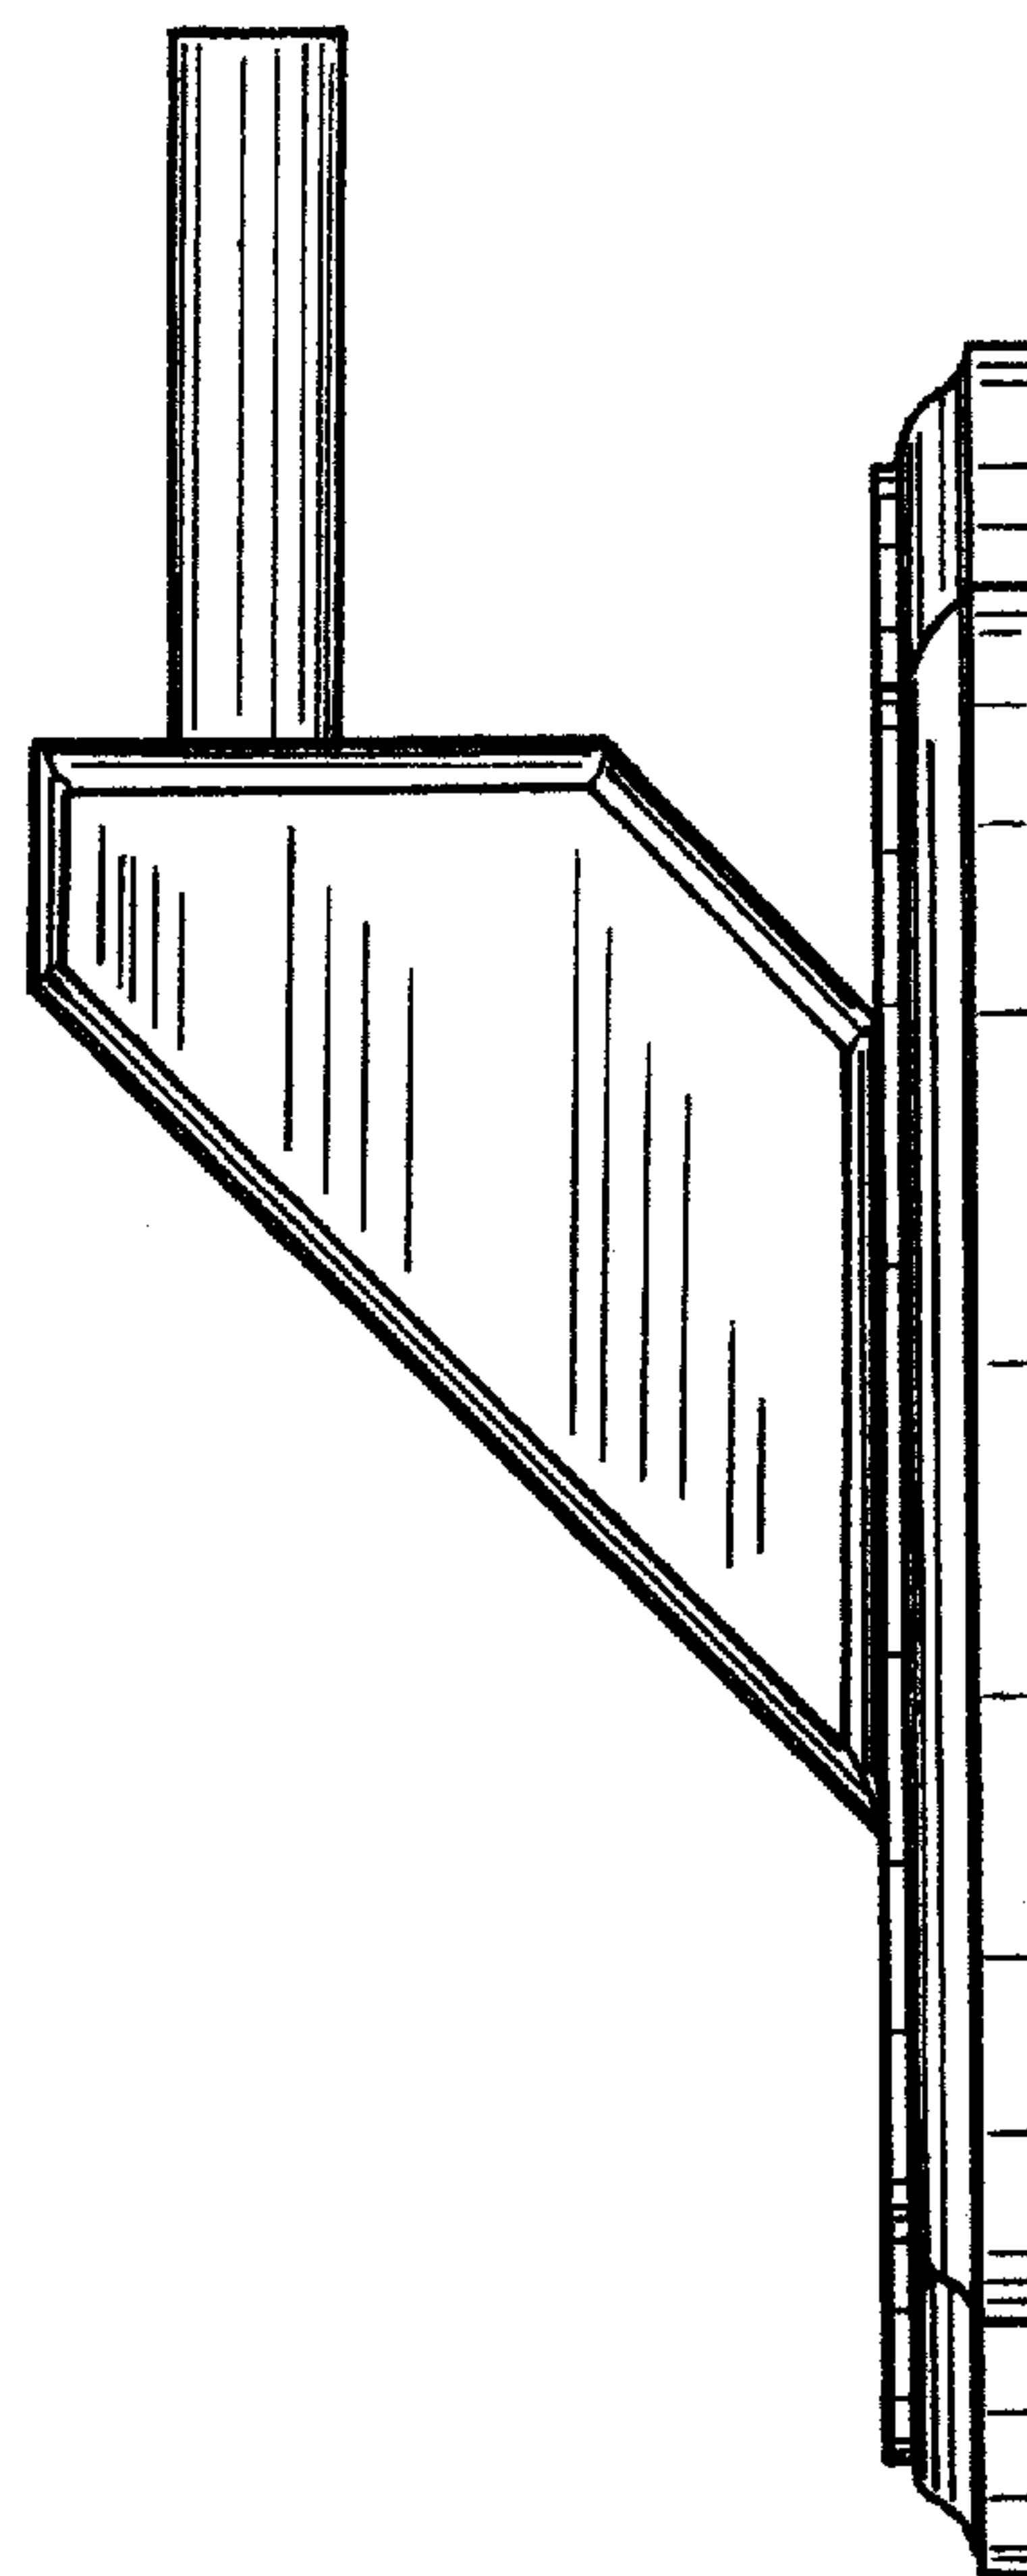

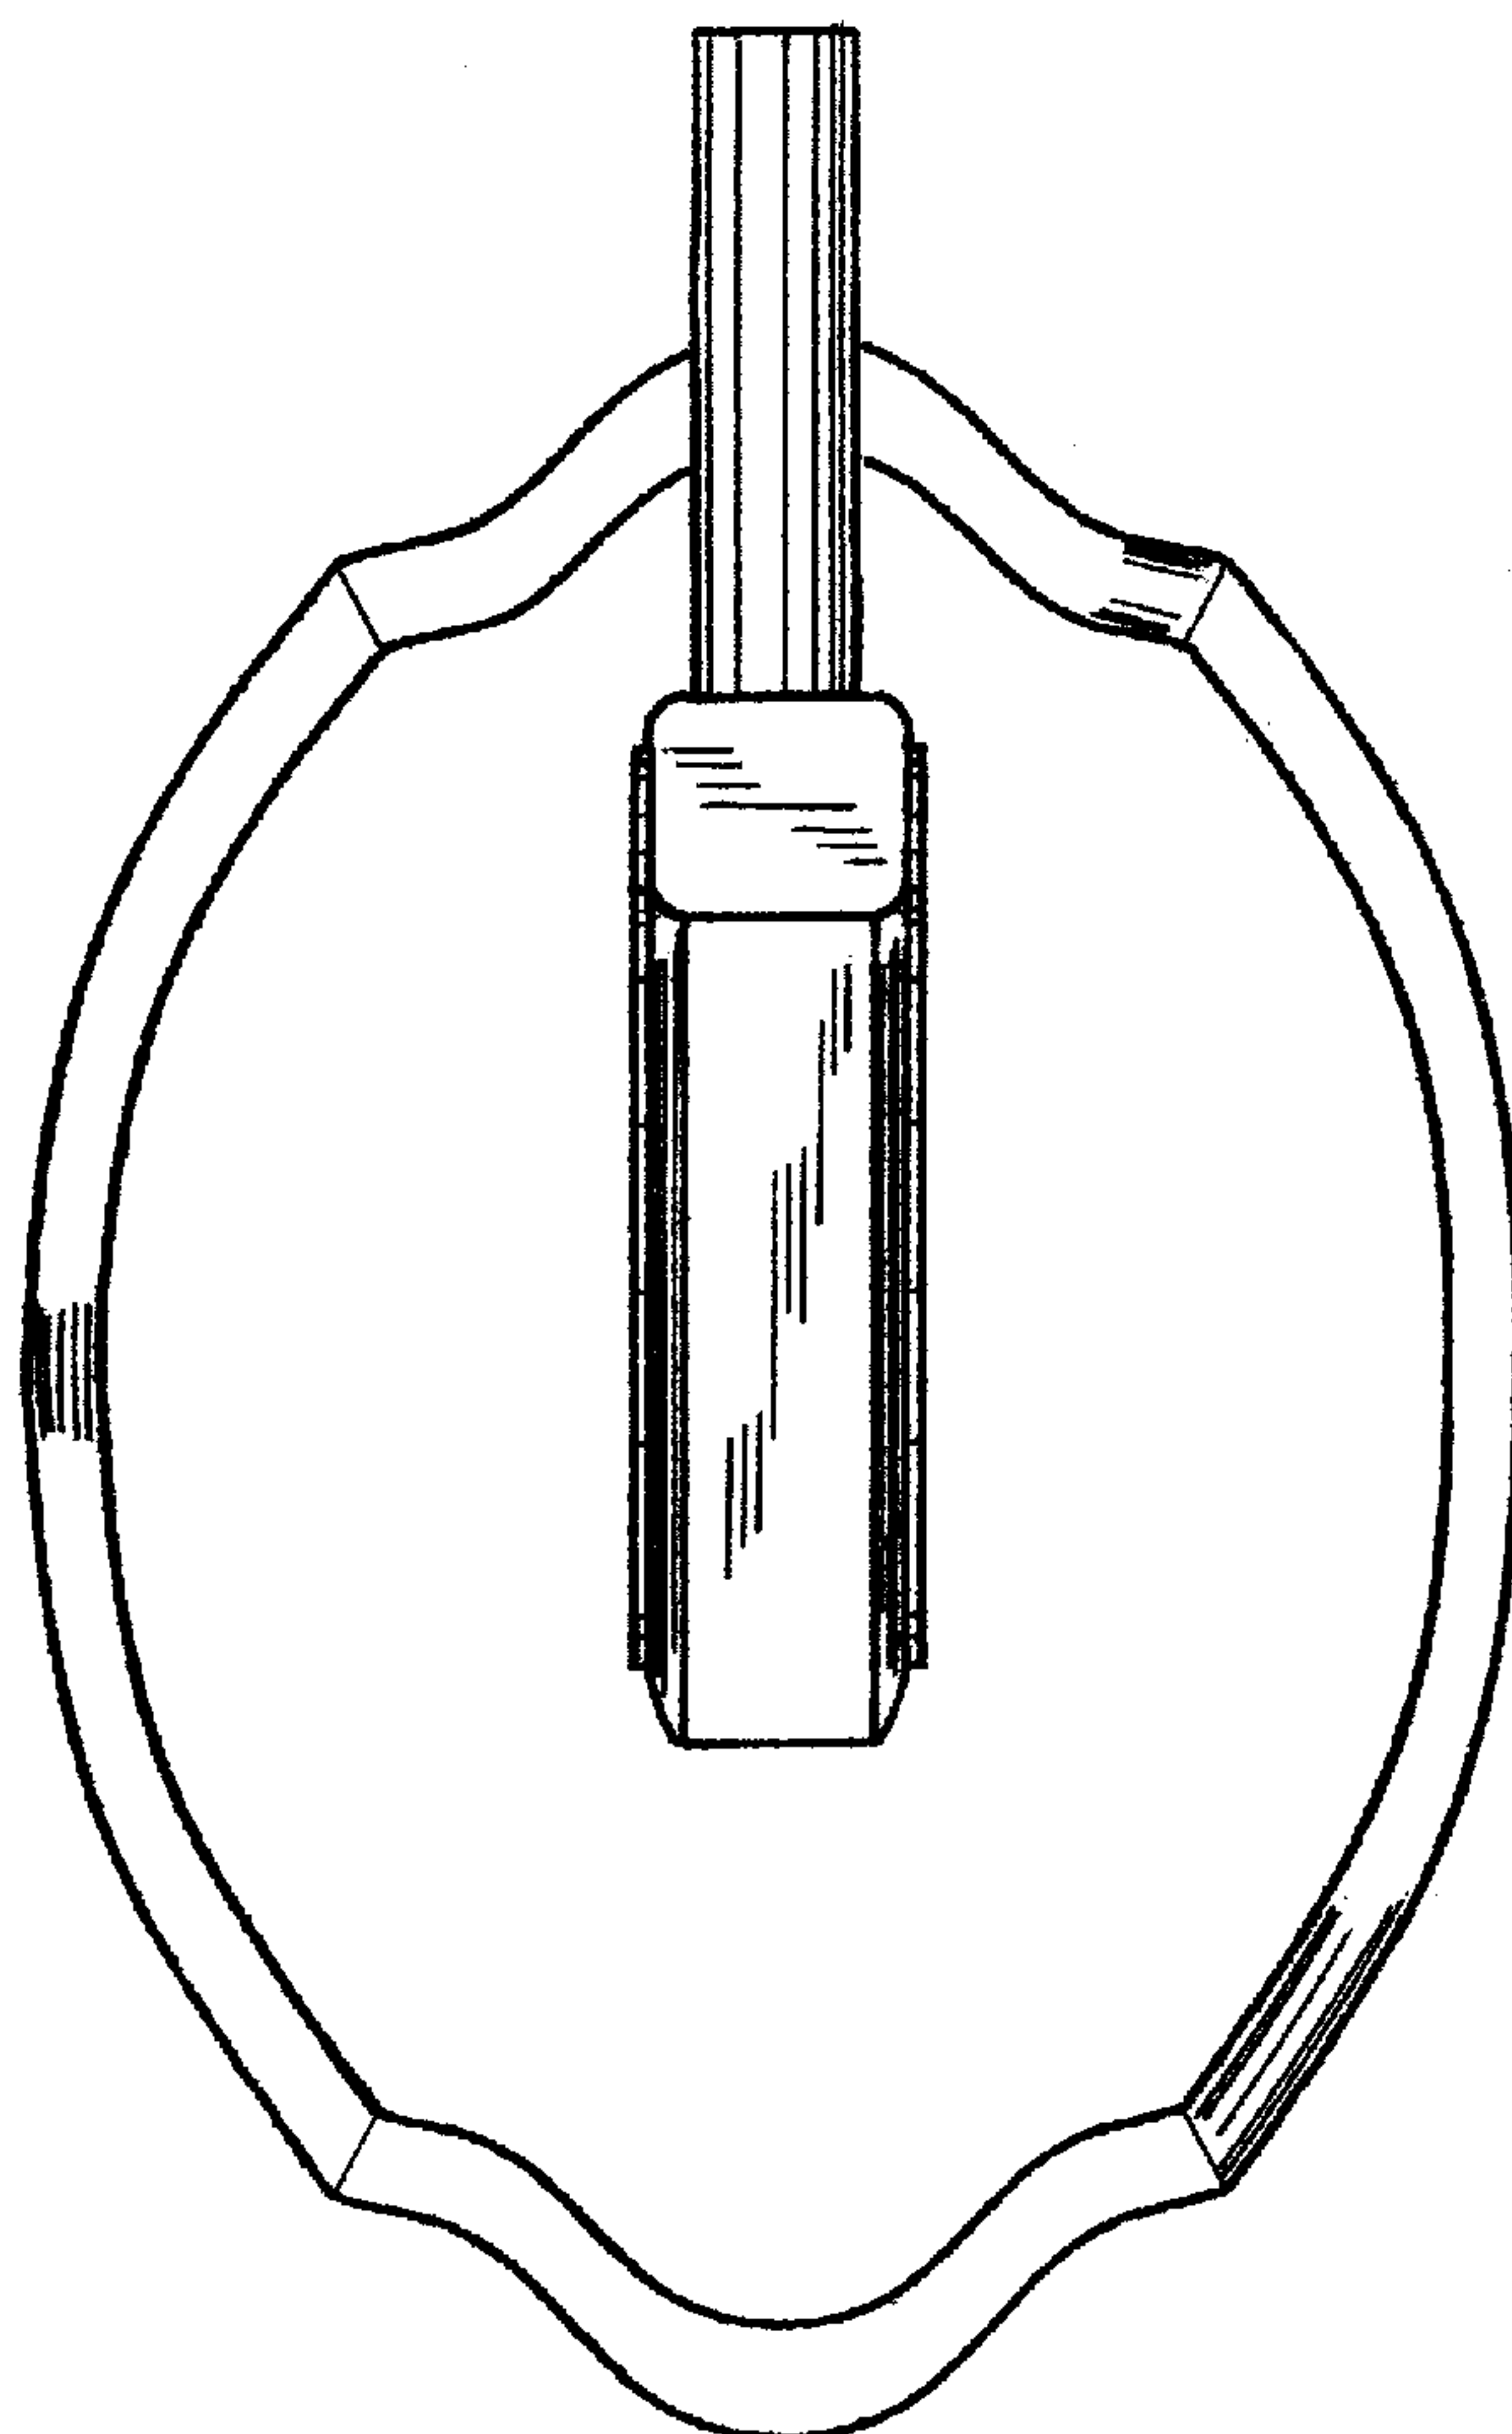

FIG. 3 is a bottom view of the trophy mount design.

FIG. 4 is a top view of the trophy mount design; and,

FIG. 5 is a back view of the trophy mount design.

The trophy mount is characterized by a wall plaque with a trophy mount attached.
