(57) **CLAIM**

The ornamental design for a decorative anatomical image
jewelry item, as shown and described.

DESCRIPTION

The characteristic feature of the design resides in a decorative anatomical image portrayed on a bailed pendant where the bail that is attached to the decorative anatomical image ornamentally hides a hole in the decorative Anatomical image.

A portion of the disclosure of this patent document contains material which is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent files or records, but otherwise reserves all copyrights whatsoever. FIG. 1 is a front elevational view of a decorative anatomical image jewelry item showing my new design;

FIG. 2 is a front plan view;

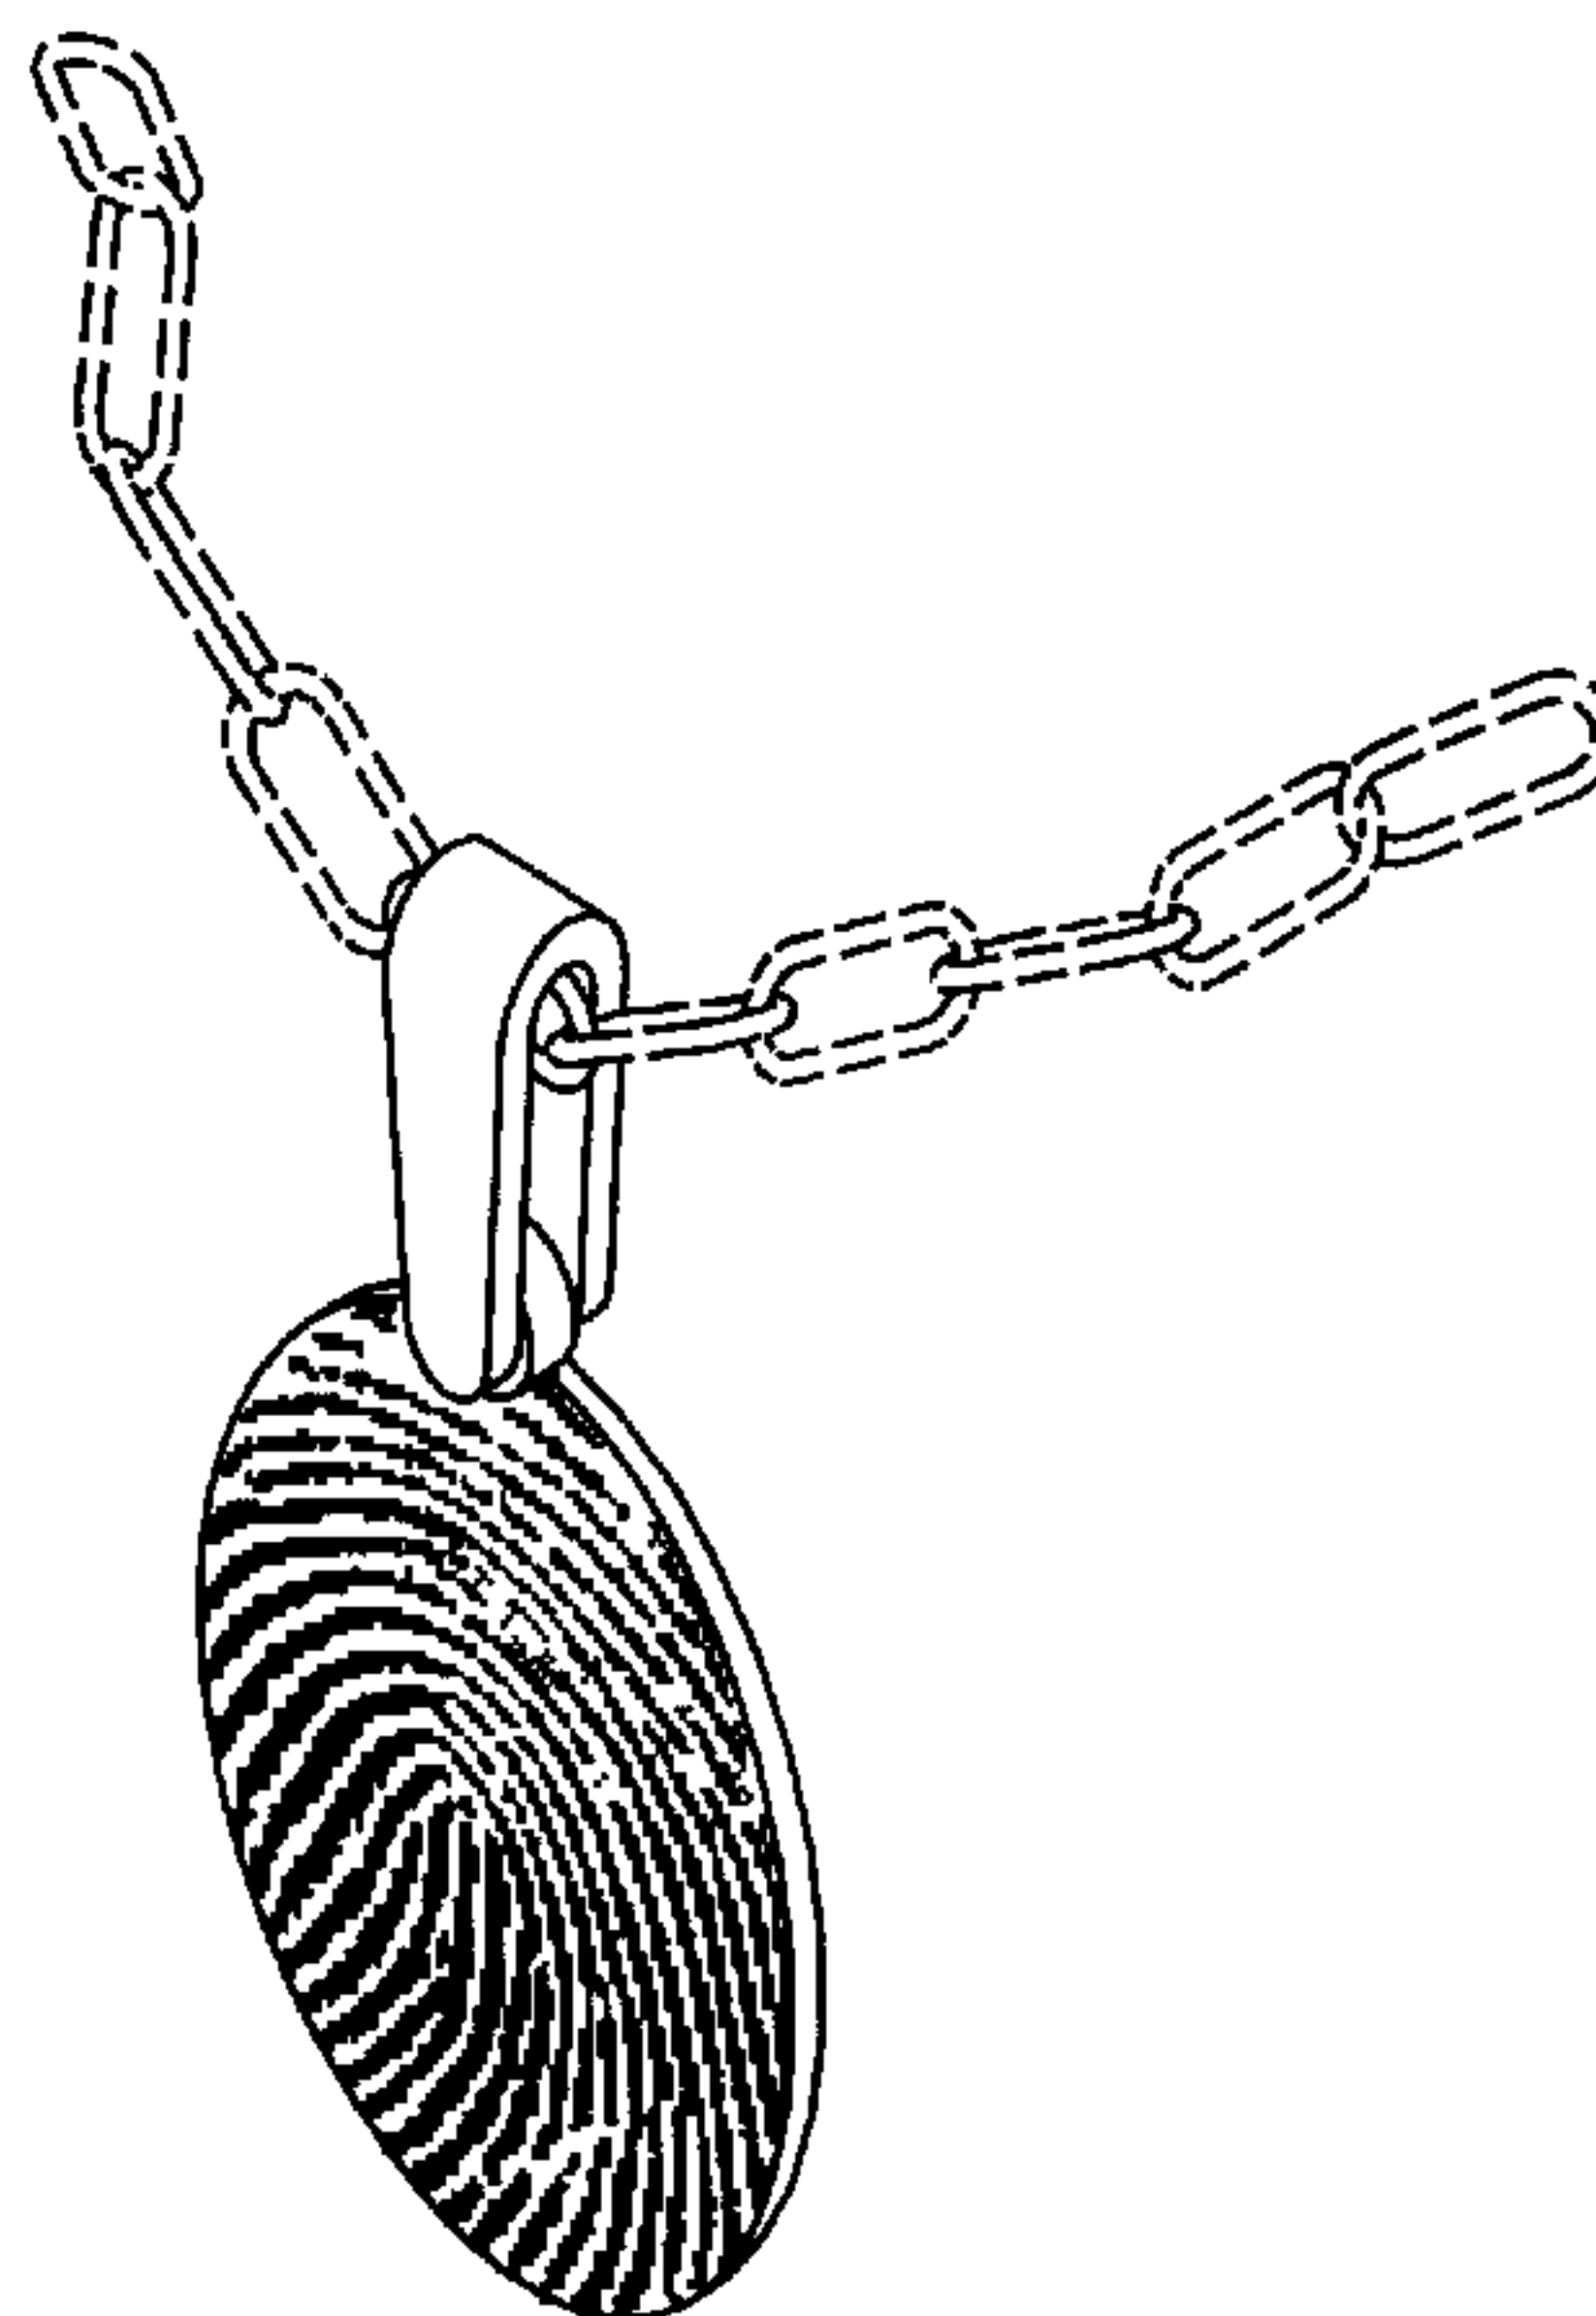

FIG. 3 is a right side elevational view;

FIG. 4 is a left side elevational view; and,

FIG. 5 is a rear plan view.

Any broken line illustration of environmental structure in the drawings is for illustrative purposes only and forms no part of the claimed design.
