(57) **CLAIM**

The ornamental design for a global navigation column for a browser-based user interface for an image processing office machine, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a global navigation column for a browser-based user interface for an image processing office machine of the present invention, the broken line drawing of a browser-based interface for an image processing office machine is for illustrative purposes only and forms no part of the claimed design; and,

FIG. 2 is a front view thereof, on an enlarged scale, the global navigation column is shown separately for clarity of illustration.
