(57) **CLAIM**

The ornamental design for a user interface for a portion of a display screen, as shown and described.

DESCRIPTION

The FIGURE is a front view of a user interface for a portion of a display screen showing our new design.

The broken line rectangular element is for illustrative purposes and forms no part of the claimed design. The broken line showing of the circular region and the unshaded area there within forms no part of the claimed design. The broken line right edge of the shaded area represents an unclaimed boundary of the design. The broken line showing of the display screen is for illustrative purposes only and forms no part of the claimed design.
