(57) **CLAIM**

The ornamental design for a coffee table base, as shown and described.

**DESCRIPTION**

The article in which the ornamental design of the invention is embodied is intended to function as a base for supporting a generally smooth flat, preferably transparent or translucent, slab to form a low table.

FIG. 1 is a perspective view from above and from a first end and first side of the coffee table base of the subject invention showing the coffee table base supporting a slab, shown in broken line, that is not part of the invention.

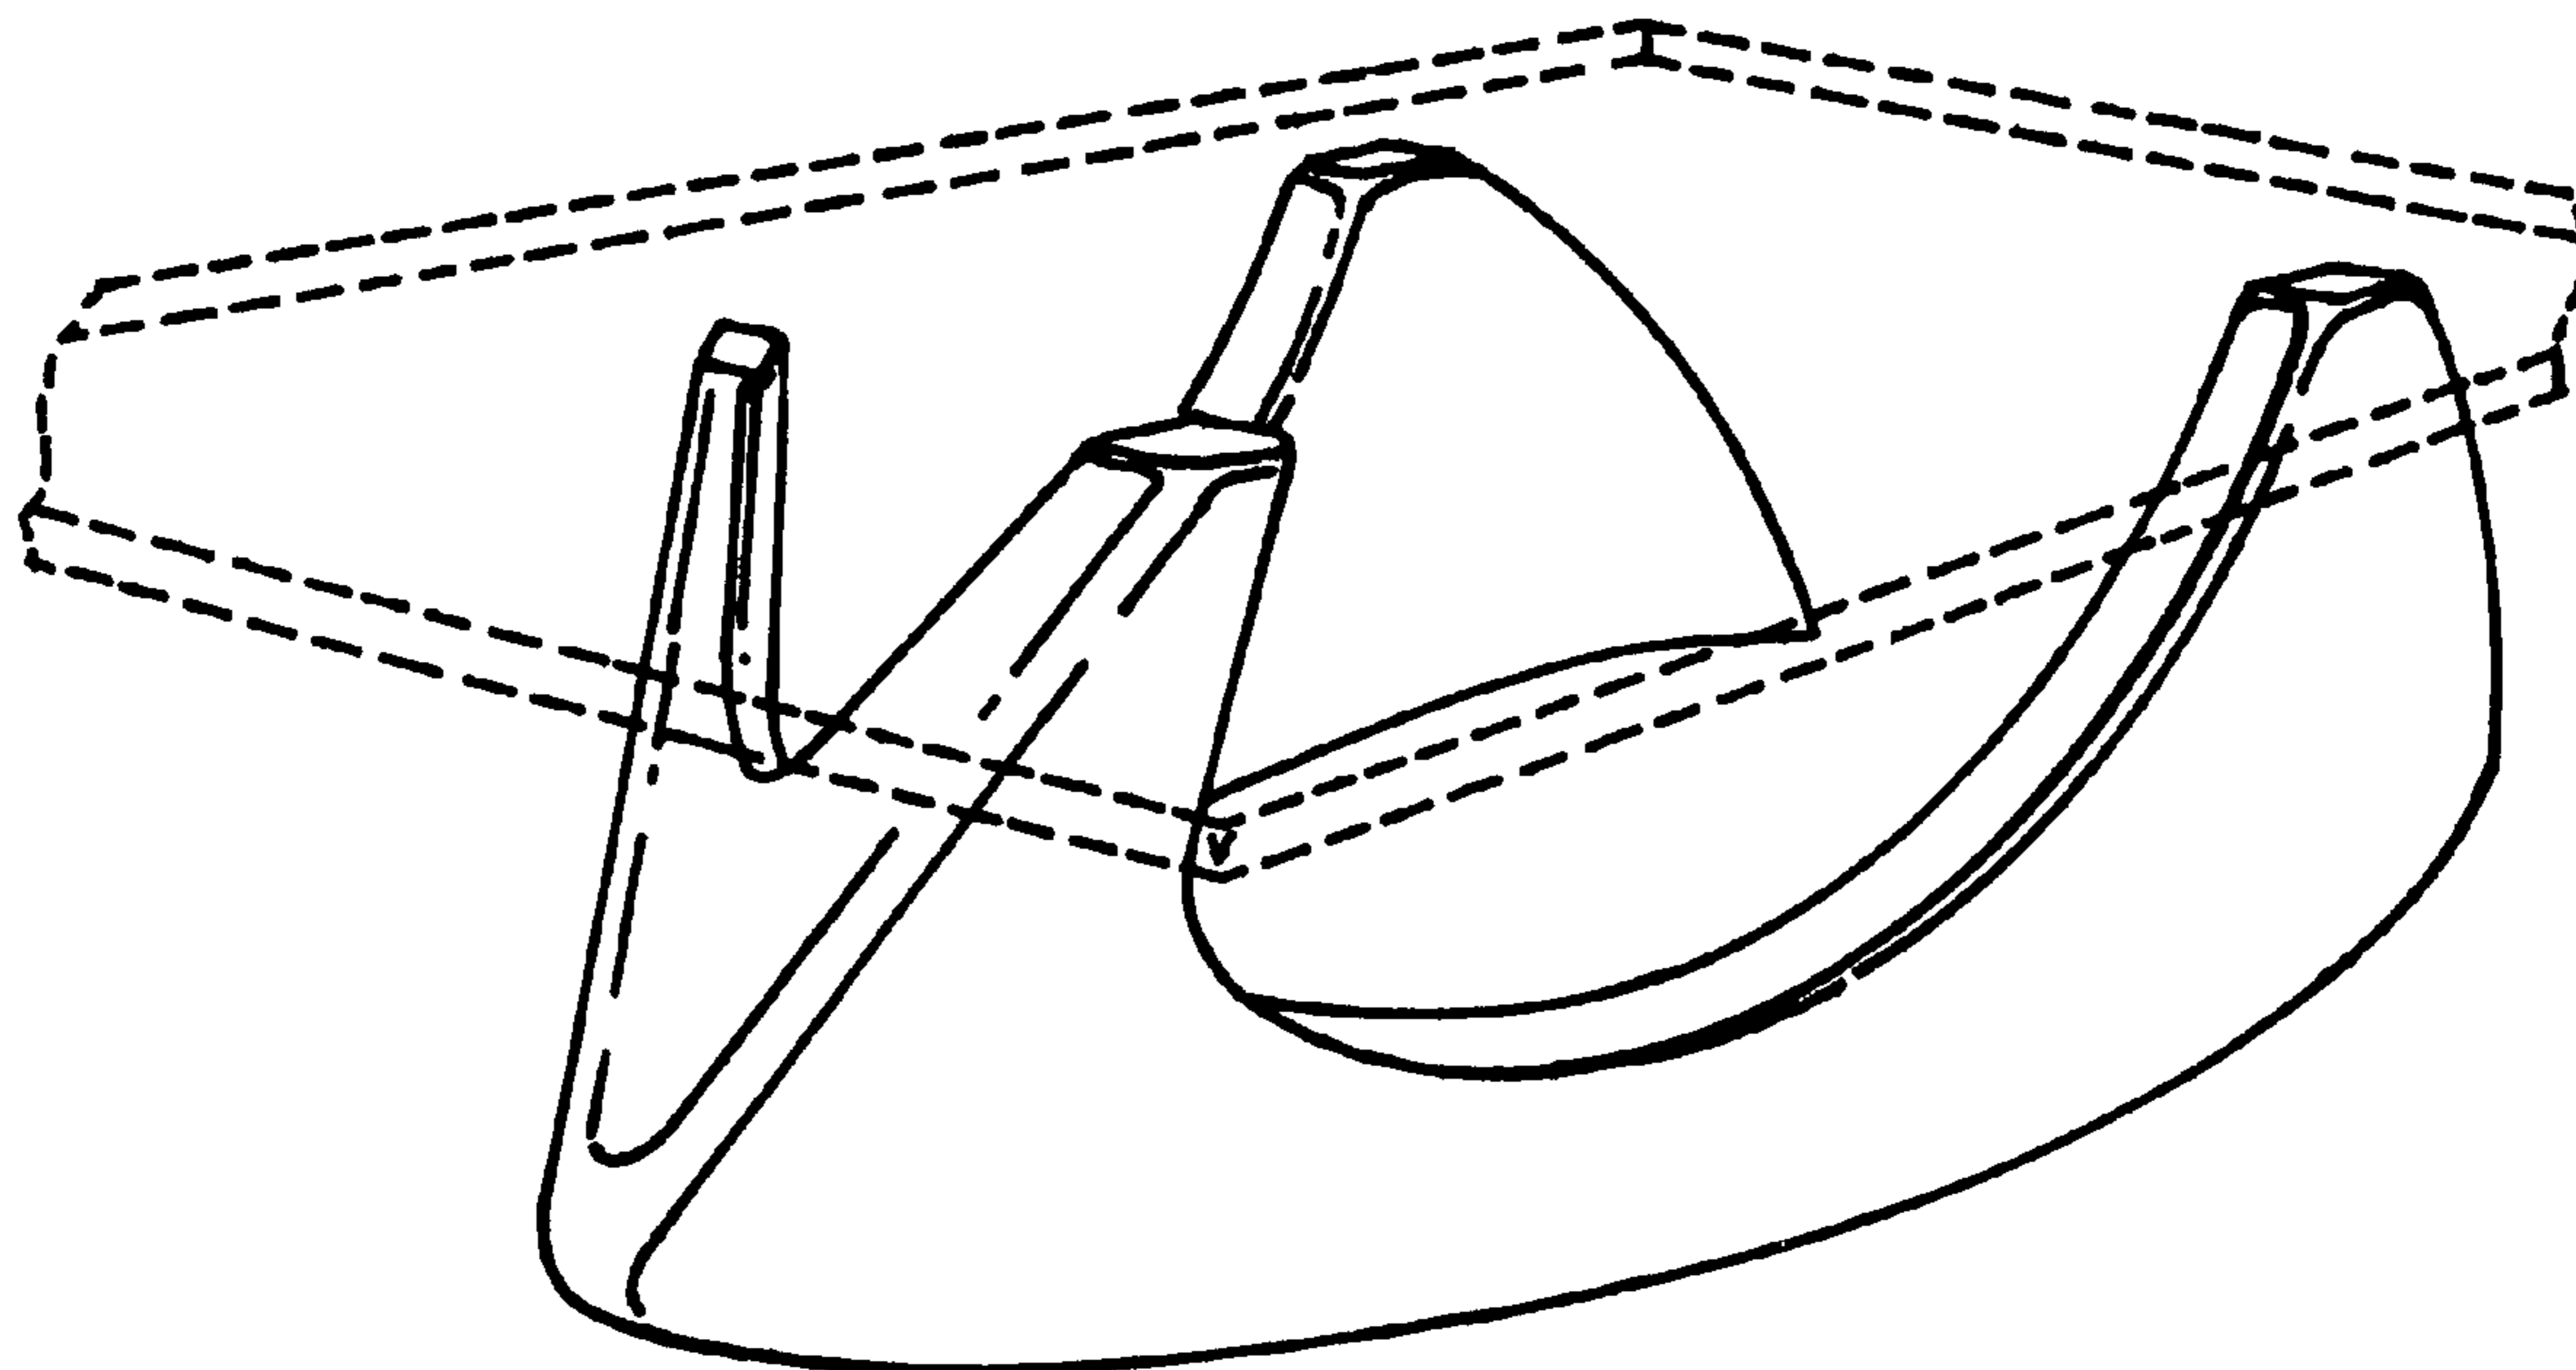

FIG. 2 is a perspective view from above and from a second end of the coffee table base of the subject invention.

FIG. 3 is a perspective view from above and from the second end and the first side of the coffee table base of the subject invention.

FIG. 4 is a top plan view of the coffee table base of the subject invention. The bottom of the coffee table base of the subject invention is flat, unornamental, and not shown in the drawings; and,

FIG. 5 is a side view of the first side of the coffee table base of the subject invention. The second side of the coffee table base of the subject invention is a mirror image of the first side of the coffee table base of the subject invention.
