(57) **CLAIM**

The ornamental design for a blood pressure cuff for toes and fingers, as shown and described.

**DESCRIPTION**

FIG. 1 is a bottom view of a blood pressure cuff for toes or fingers in accordance with the present invention; FIG. 2 is a top view of a blood pressure cuff for toes and fingers in accordance with the present invention; FIG. 3 is a side view of a blood pressure cuff for toes and fingers in accordance with the present invention; FIG. 4 is another side view of a blood pressure cuff for toes and fingers in accordance with the present invention; FIG. 5 is an end view of a blood pressure cuff for toes and fingers in accordance with the present invention; and, FIG. 6 is another end view of a blood pressure cuff for toes and fingers in accordance with the present invention.

The broken line showing of the tube in the drawings is for illustrative purposes only and forms no part of the claimed design.

The broken lines shown on the upper tab in FIG. 2 represent conventional stitching.

**1 Claim, 2 Drawing Sheets**

FIG. 1

FIG. 2
