(57) **CLAIM**

The ornamental design for a finger pad, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the finger pad of the present invention.

FIG. 2 is a right side elevational view of the finger pad of the present invention. The left side view is a mirror image of the right side view.

FIG. 3 is a front elevational view of the finger pad of the present invention.

FIG. 4 is a rear elevational view of the finger pad of the present invention.

FIG. 5 is a top plan view of the finger pad of the present invention.

FIG. 6 is a bottom plan view of the finger pad of the present invention; and,

FIG. 7 is a perspective view of the finger pad of FIG. 1 in place on one finger of a hand. The broken lines are directed to environment and form no part of the claimed design.

1 Claim, 2 Drawing Sheets
