(57) **CLAIM**

The ornamental design for a high flow filter box, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a high flow filter box of the present invention, illustrating a disposable filter in phantom outline, the broken lines showing the filter for illustrative purposes only and forming no part of the claimed design;

FIG. 2 is a front elevational view of the invention.

FIG. 3 is a rear elevational view of the invention, the left-side and right-side elevational views being a mirror image thereof;

FIG. 4 is a top plan view of the invention; and,

FIG. 5 is a bottom plan view of the invention.
