(57) **CLAIM**

The ornamental design for a cap, as shown and described.

**DESCRIPTION**

In a preferred embodiment the nature of this product is as a cap for a spray spritz bottle that can hold and dispense materials such as insect repellants, insecticides, cleaners, and fragrances.

FIG. 1 is a right, top, frontal perspective view of a cap embodying our new design;

FIG. 2 is a front elevational view thereof, the rear elevational view thereof being a mirror image of the front elevational view shown;

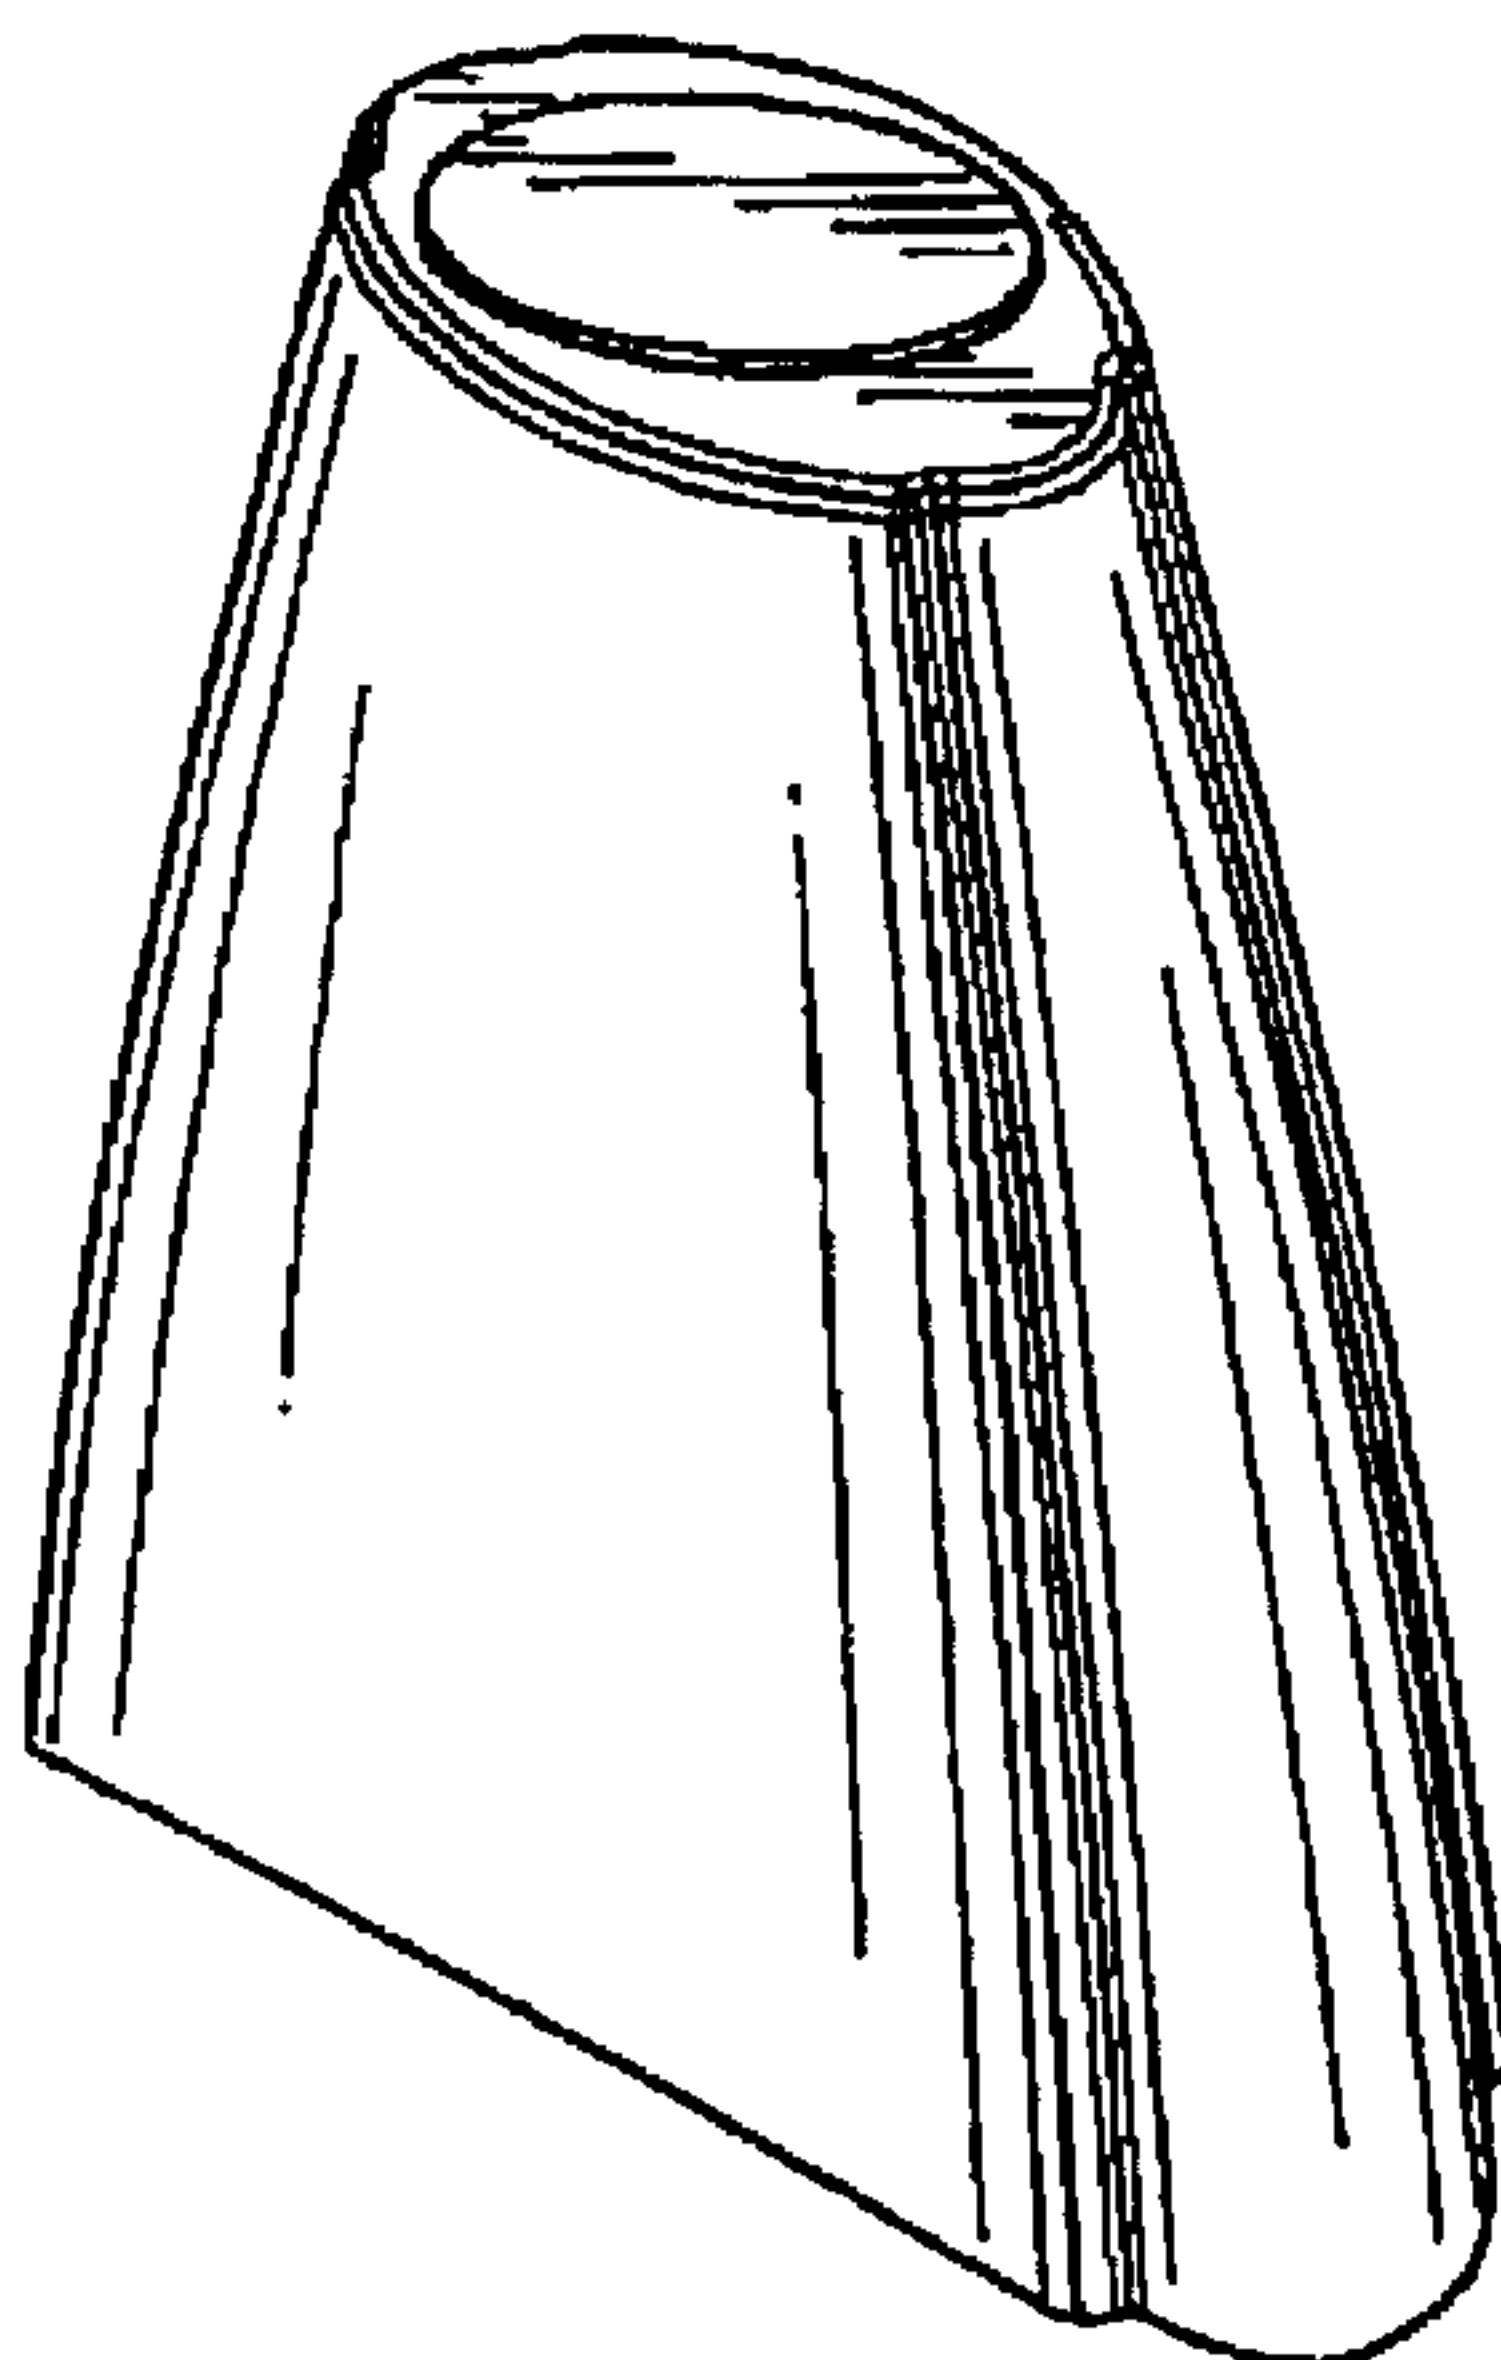

FIG. 3 is a right side elevational view thereof, the left side elevational view thereof being the mirror image thereof;

FIG. 4 is a top plan view thereof; and,

FIG. 5 is a bottom plan view thereof.

The broken line representation of internal structure in FIG. 5 is for purposes of illustration only, and forms no part of the claim.
