(57) **CLAIM**

The ornamental design for a universal projector mount, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a universal projector mount according to my invention with the attachment arms in a retracted position;

FIG. 2 is a perspective view of the universal projector mount with the attachment arms in an extended position;

FIG. 3 is a side elevational view of the universal projector mount; and,

FIG. 4 is an adjacent elevational side view of the universal projector mount of FIG. 3.

The structures depicted using dashed lines in the above referenced figures form no part of the claimed design.

The portions of the projection mount in broken lines are shown for illustrative purposes only and form no part of the claimed design.
