(57) **CLAIM**

The ornamental design for a multiple eyeglass holder, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a multiple eyeglass holder showing my new design;

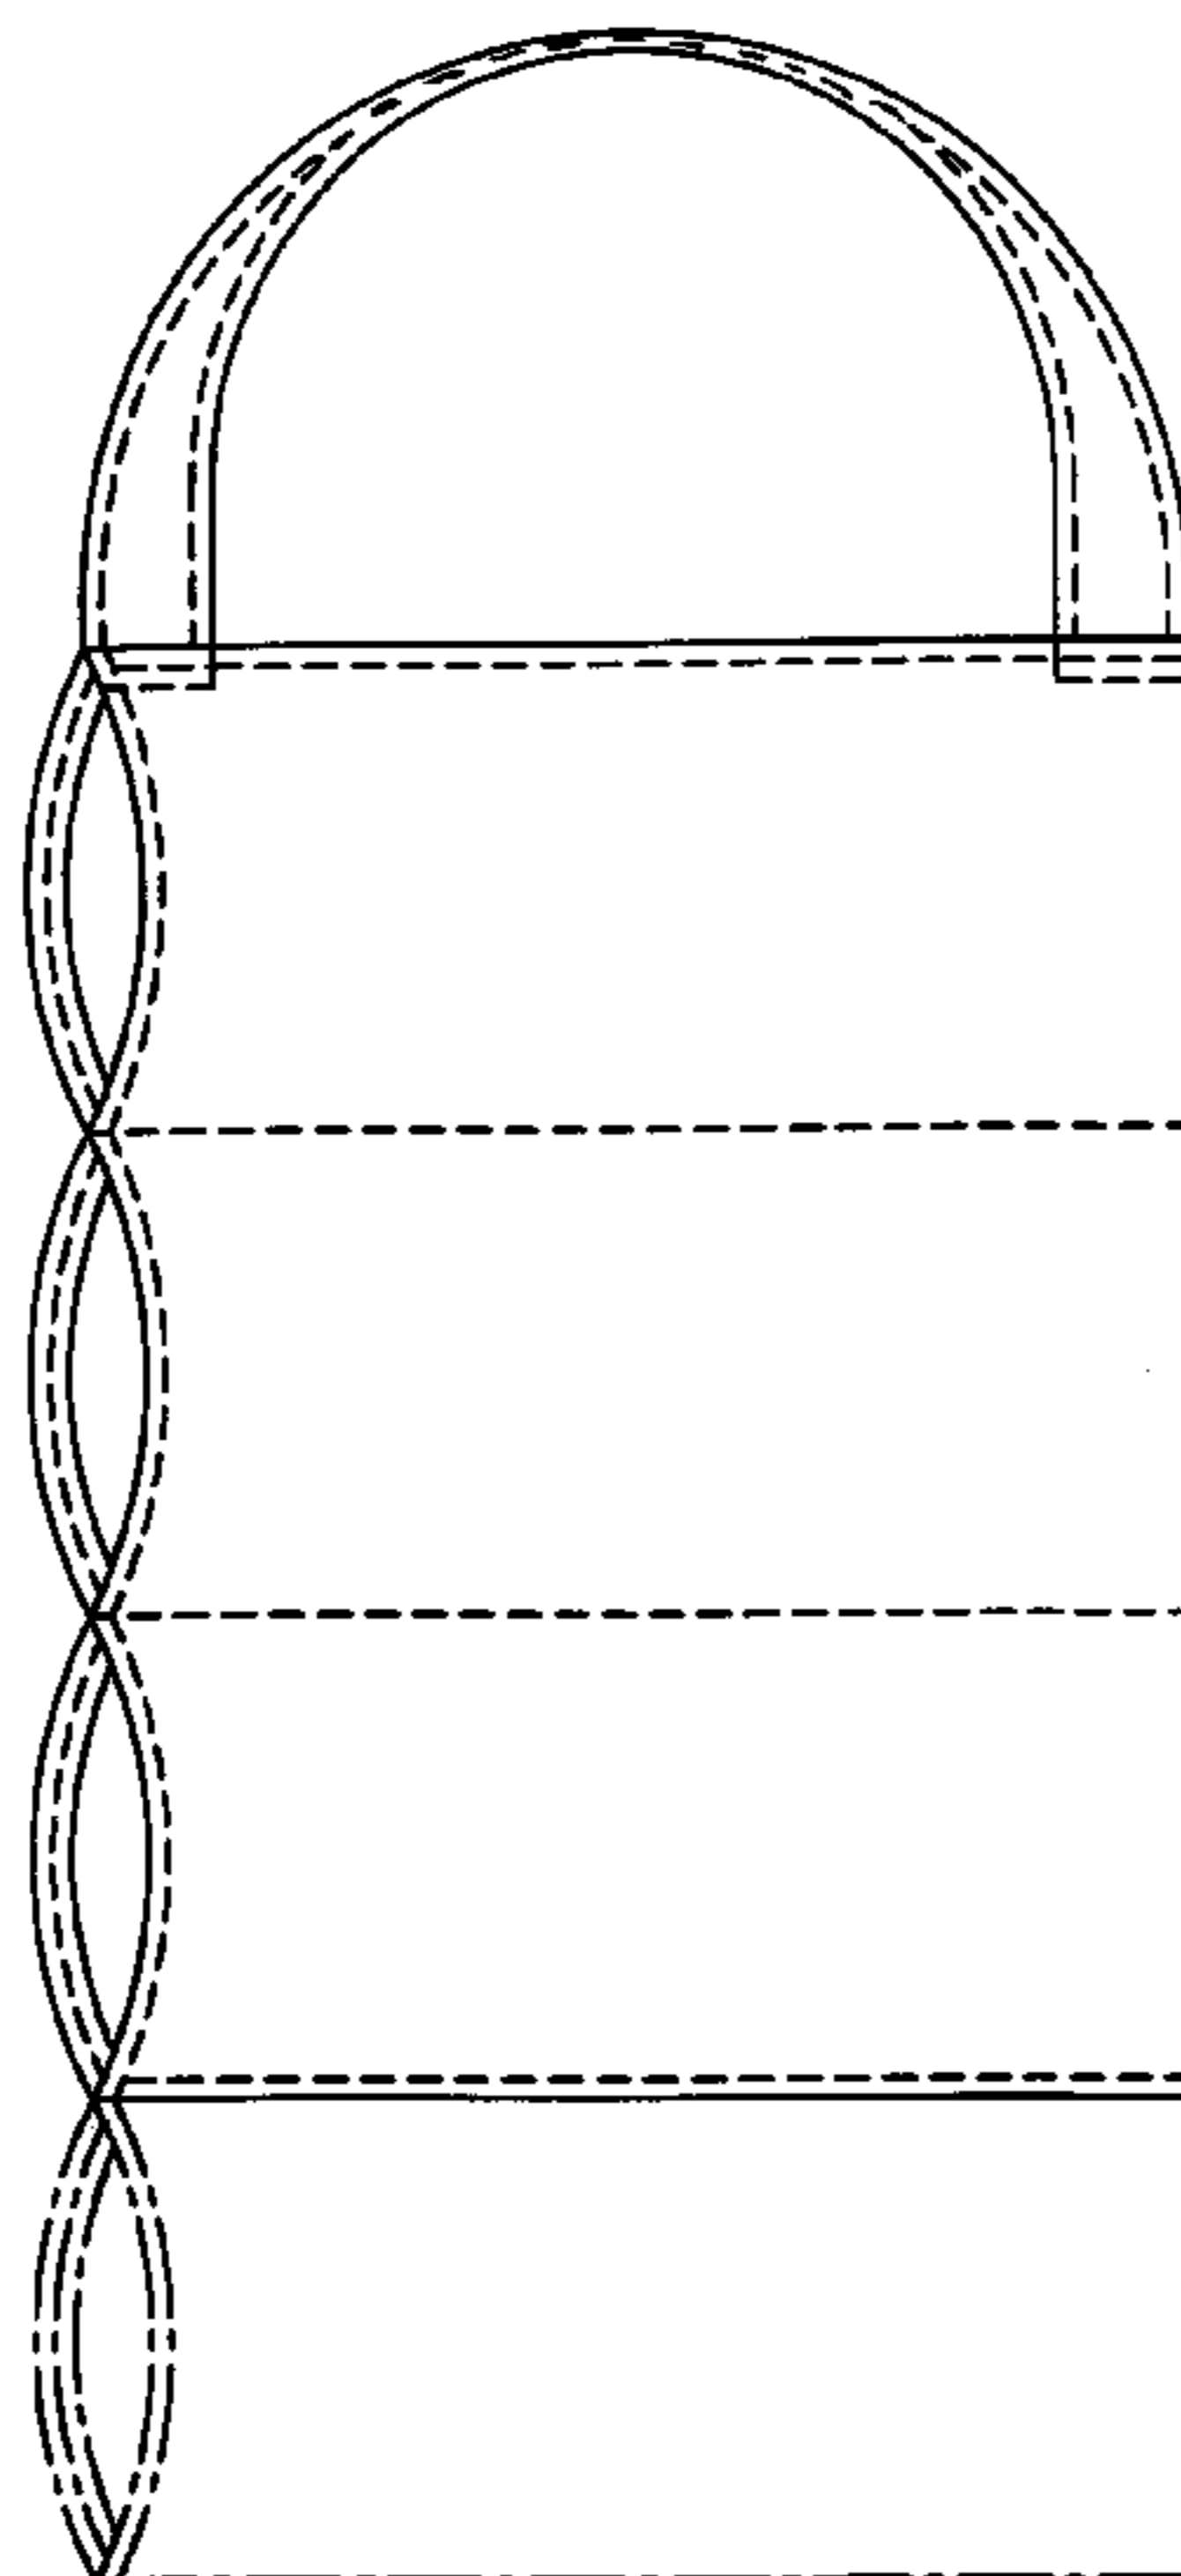

FIG. 2 is left side elevational view thereof showing the open end of the multiple compartments, the central vertical lines representing the closed end of the multiple compartments at the opposite side; and,

FIG. 3 is a perspective view thereof, showing the multiple eyeglass holder in a folded condition.

The dash-dash-dash broken lines shown in the drawings represent stitching lines.

The dot-dash-dot lines shown in the drawings are for environmental purposes only and form no part of the claimed design.
